A painting of two yellow flowers, possibly lilies, set against a dark, textured background. A horizontal white line bisects the image, with the flowers appearing to be reflected across it. The flowers are rendered in shades of yellow and orange, with some darker spots on the petals. The overall style is painterly and somewhat abstract.

Unsung Heroes

Many teachers are not just classroom fixtures. Their work hours extend beyond classroom activities. It is difficult to spotlight one teacher a year, so in this volume of the Pawprint we would like to applaud the 1976 version of our unsung teachers. These instructors are involved actively in teaching students during class hours and in many extra-curricular activities.

Seen at work are Kathy Veith, math instructor; Dorothy Beaubien, English D.C.; Pete Fisher, band; Linda Hayley and Ethel Kennedy, office staff.

The Fearless Leaders

Carrying on in the tradition on those before are Senior Class Officers (L to R) Top Row; Betty Alvarez, Secretary; Ann Dixon, Vice President; Mike Sullivan, President; Karen Laukka, Exec. Council; Christy Colvin, Treasurer. Bottom Row; Pete Stamos, Exec. Council; Laurie O'Hara, Sgt. at Arms; Ralph Goers, Exec. Council.

The Class of '76 has seen it all. As Freshmen we didn't know what to expect, such as the gas-pipe leakage, and falling into the trenches that covered the campus. Of course, this happened in winter, and we froze without heat or hot showers.

As Sophomores we were ready to face the energy crises. With Daylight Savings Time in January, we came in the dark and watched the sun rise second period.

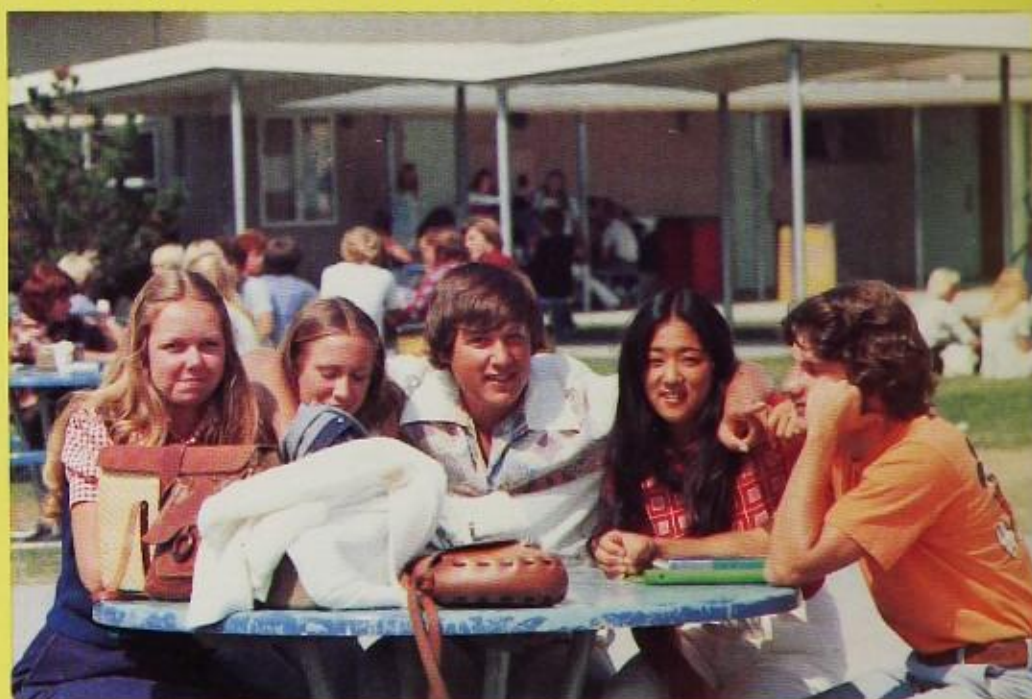

As Juniors, our over-crowded school needed a 10 period day. This meant Upper Classmen and Lower Classmen were separated for the first time. But, when the School Bond was finally passed, we were promised a bigger school. Then came open-campus and the daily trips to McDonalds.

Now, as Seniors we face the construction work of our growing school. We've gone through worse before, and we'll survive the construction noise somehow.

We can look back on all our good times: burning trashcans, firecrackers, streaking, ditching, skateboards, frisbees, and Friday night games and wild parties.

And we must never forget "our gangs" throughout these years: "Coolahans", "Fearsome Foursomes", "B.A. Brotherhood", "S-U-C-K-E-R-S", "The Scandalous Group", "On the Floor Gang", "THE FAMILY", "The (L.B.S.) Gang", and "The H-Key Club".

We've been through the good and the bad, but all in all, we're the best! We're the "Spirit of '76" and we'll always remember the times we've shared here.

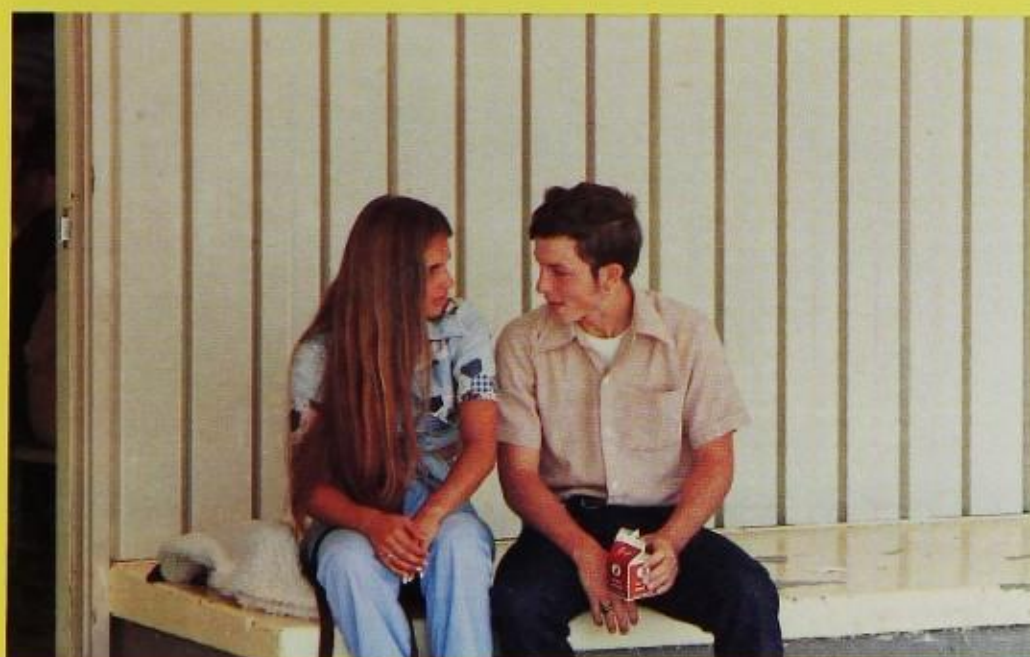

(L to R) Diane Ferguson, Genie Garber, Ron Goldberg, Robin Suzuki, and Phil Harris enjoying each other's company.

Kelly Milner watches some of the good looking football players on the quad.

Today- Mike Miller, Mike Voymovich, Bill Leonhardt, Jim Wood and Steve Butler. Tomorrow- Elton John?

Chris Ayala and Mike Breazeal share their thoughts for the day.

Seniors Being Themselves

NPHS Seniors gather together at Borchard Park to demonstrate their "Spirit of '76".

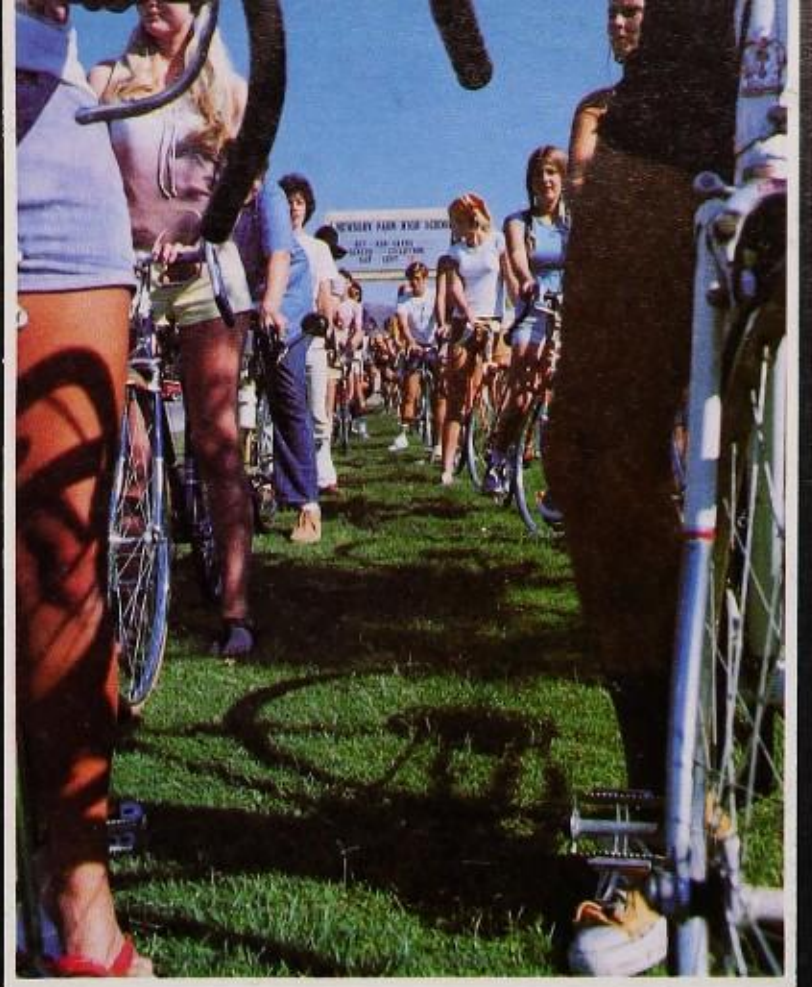

Tim Kelly wishes his friend Ralph was someone else (Raquel Welch, maybe?).

Seniors Yvonne Malone and Jeanne Sweeten couldn't afford to decorate their apartment, so...

Matt Broadway, Paul Courtright and Steve Ventura reflect on the past four years at NPHS while, in the background, stands the future.

Don Bernstein and Bret Welshymer pool their money to, reluctantly, buy the Cafeteria's food.

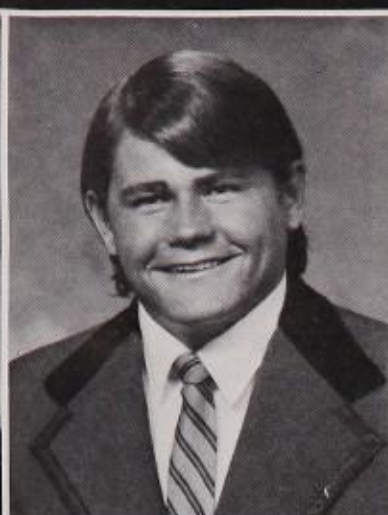

Doug Trotter, Randy Doner, Mike Nunno, and Bob Ames Cheerfully pose.

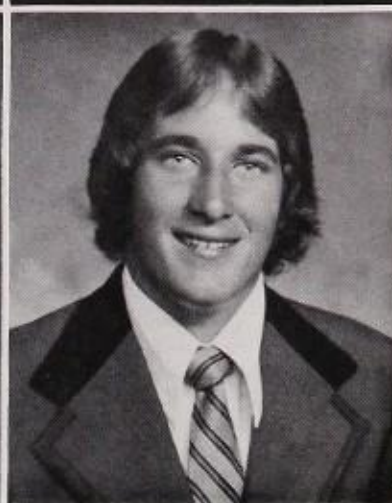

That's what I like about this school, there's always something constructive to do.

Newbury Park's finest

The Newbury Park students were involved in an election with the following results being Senior favorites. A group considered the Best of the Bunch. They have great eyes, sexy legs, and far-out personalities.

Most Popular: Donna Gunderson and Tom Lian look down upon their fans.

Best Personality: Ken Edwards and Pam Dood - It's the personality that counts.

Best Physique and Figure: Scott Young and Toni Manos are very shy, inhibited people, as you can see.

Most Gullible: Ellen Hazeltine is sitting in a mud puddle; "But they told me it was dry here."

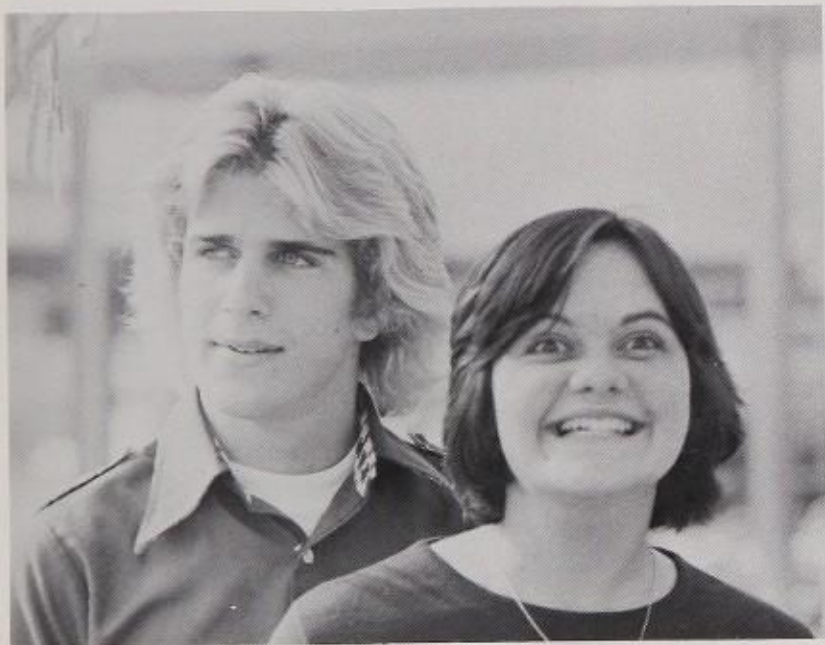

Most Friendly: Rich Drewes and Yvonne Malone will talk to anybody, even each other.

Class Clown: Denise Carbone and Jeff Brown think they're cool, playing on the office roof.

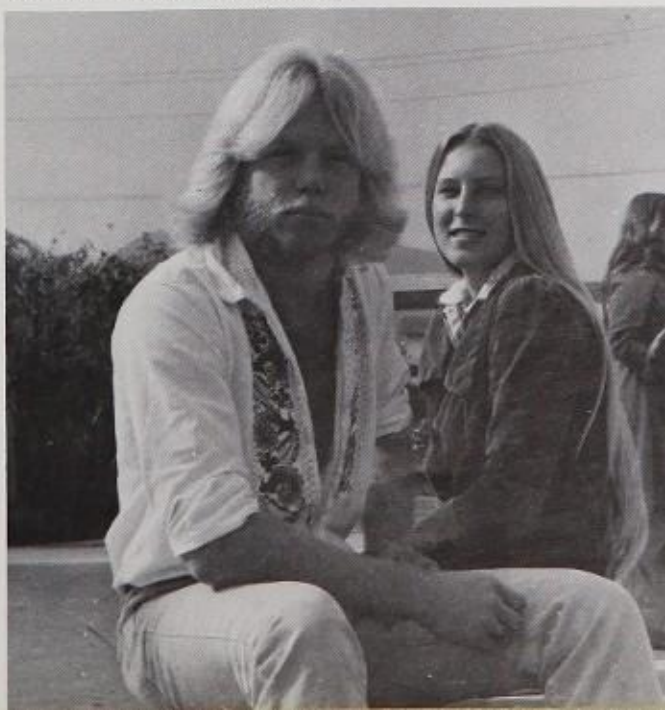

Best Eyes: Jodi Pachuto seems to be all smiles while Doug Trotters sticks to a more serious mood.

Most Likely to Succeed: Cindy Law and J.B. Holston ditching class again.

Most Gullible: Bob Ames *thought* he was posing for Playgirl.

Best Hair: Ken Shappet and Janice Devine - Is it true what they say about blondes?

Most Unique: Greg Turner and Teri Ryan - "Different strokes for different folks."

Best Dressed: Betty Alvarez and Paul Moore model their grubbies on the quad.

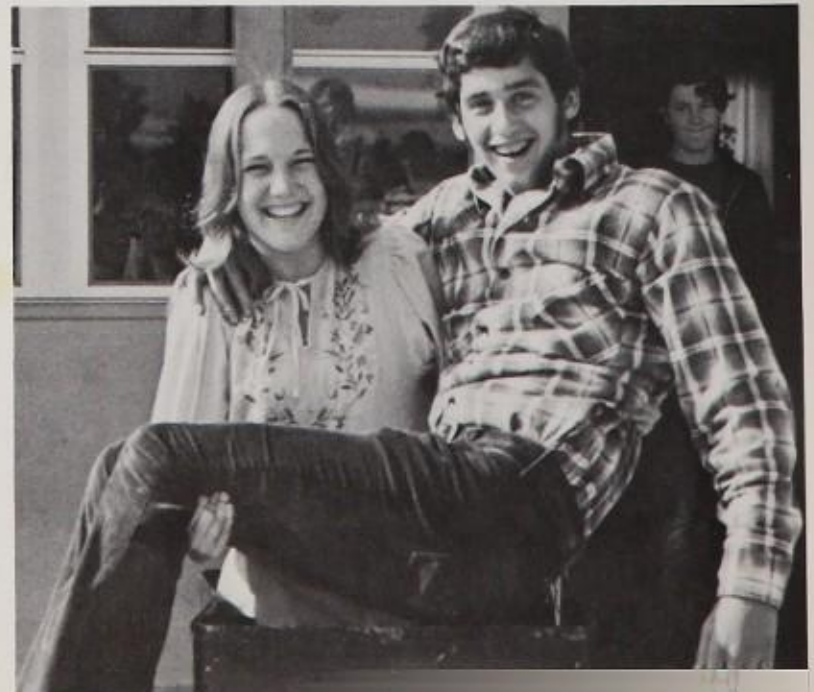

Most Athletic: Curt Ausmus and Judy Wilson would rather be playing football.

Regretably, not pictured are: Terry Cole and Linda DePalma - Most Talented; and Matt Broadway and Nina Asnes - Best Legs.

Best Smile: Janet Croswhite and Scott Stearns just got their braces off today.

Most Humorous: Sue Mulligan and Neal Oren will do anything for a laugh.

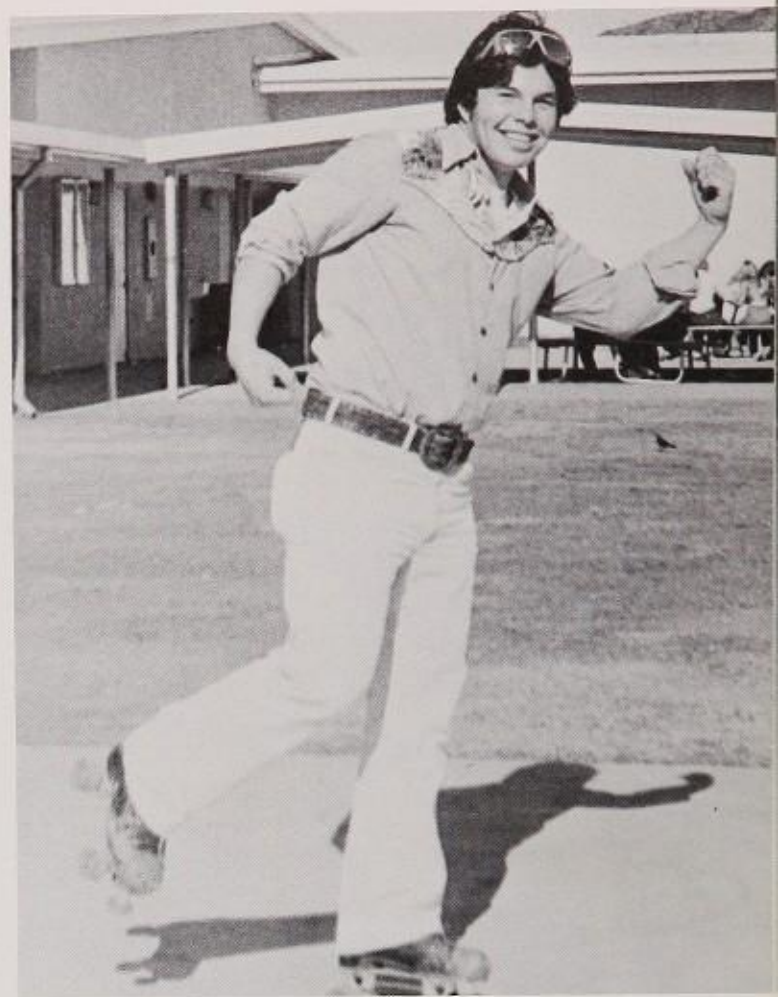

N.P.H.S. Has the Best

Most Spirited: Randy Horne and Michelle Lewis were caught off-guard by our photographer.

Most Flirtatious: Elwood Rodriguez and Nancy Cannon attacking each other on the quad.

Most Unpredictable: Greg Ayala shows his idea of transportation; what's yours?

Mr. and Miss N.P.H.S.: Brian Elsea and Debbie McCabe commit a campus "no-no".

Best Looking: Leslie Darough and Jeff Blum, both looking foxy, as usual.

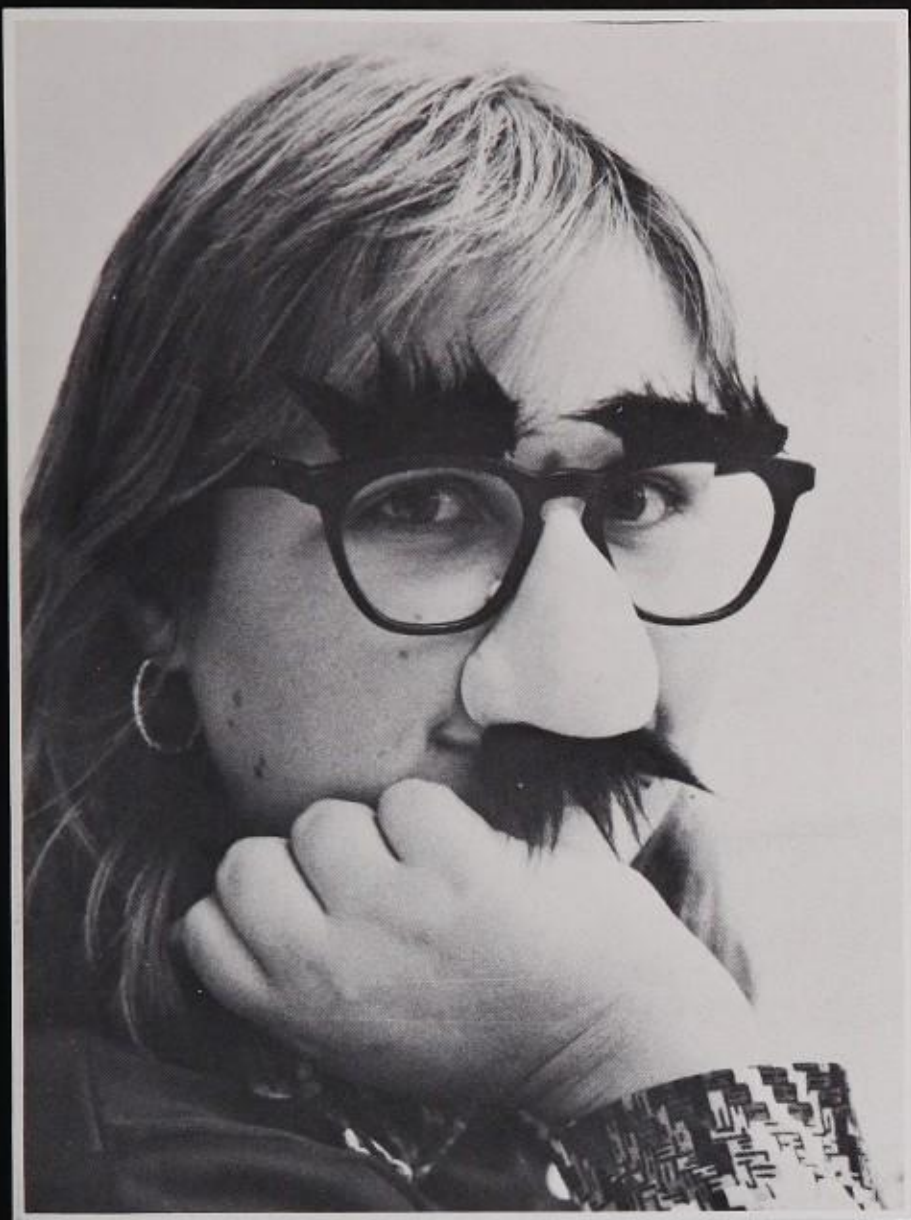

Best All Around: Bob Miller and Janet Mason represent all special qualities of Seniors.

Juniors

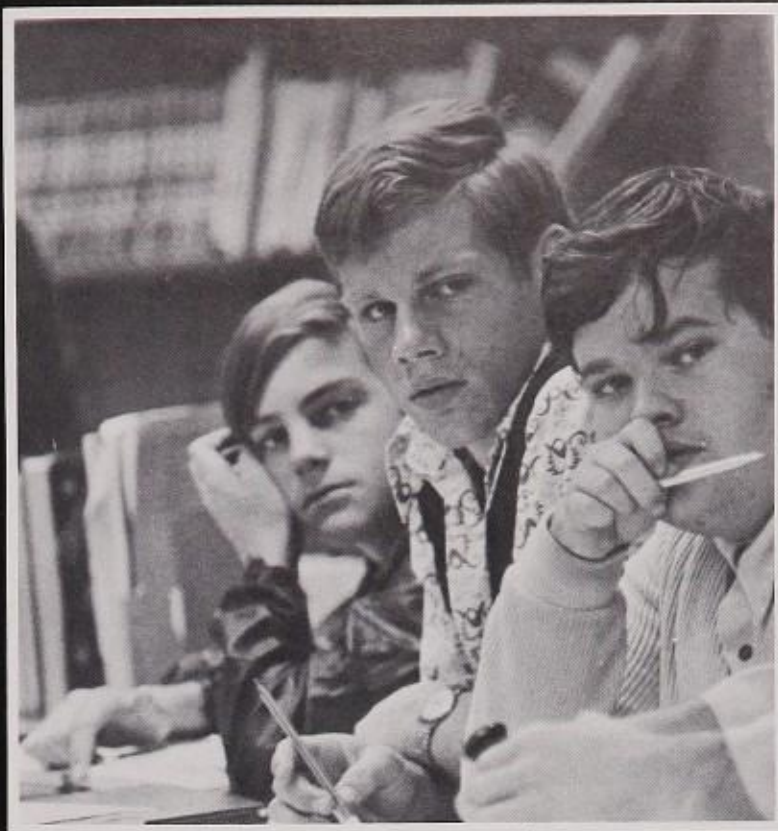

A class which has class

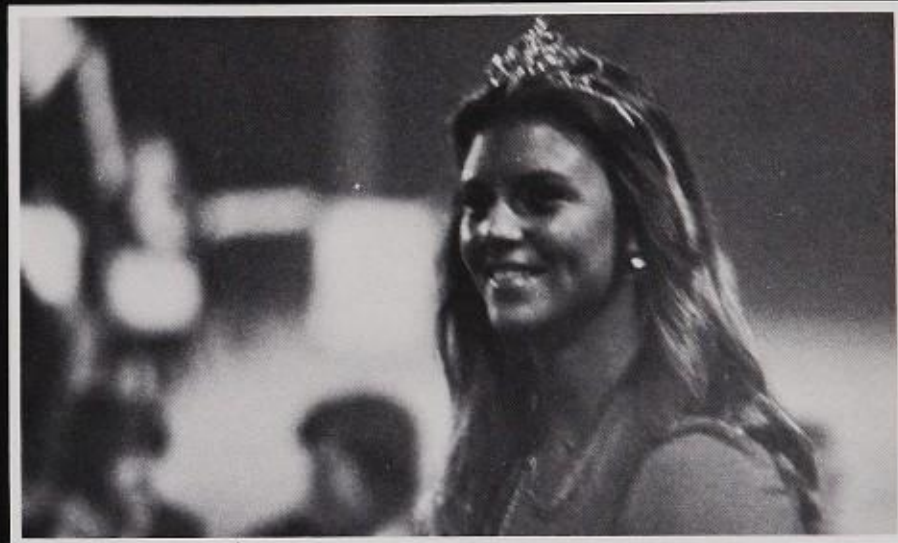

Gretchen Lund and Sara Wilson do have class.

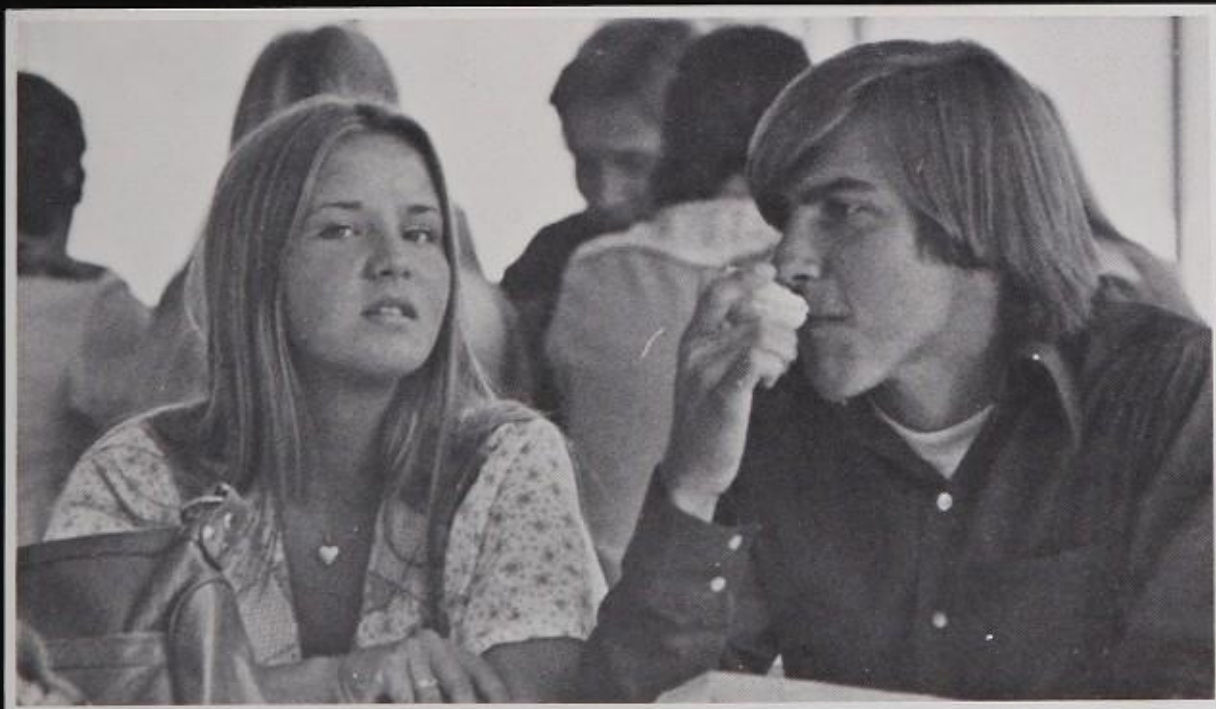

Alison Schaub-Just one of those everyday people?

"Veeerrry Interesting female specimen!" thinks David Smalley, Jim Hyatt, and Henry Appar.

The 1975 Junior Class Homecoming Princess, Mary Lockert, looks on while her friends cheer for her.

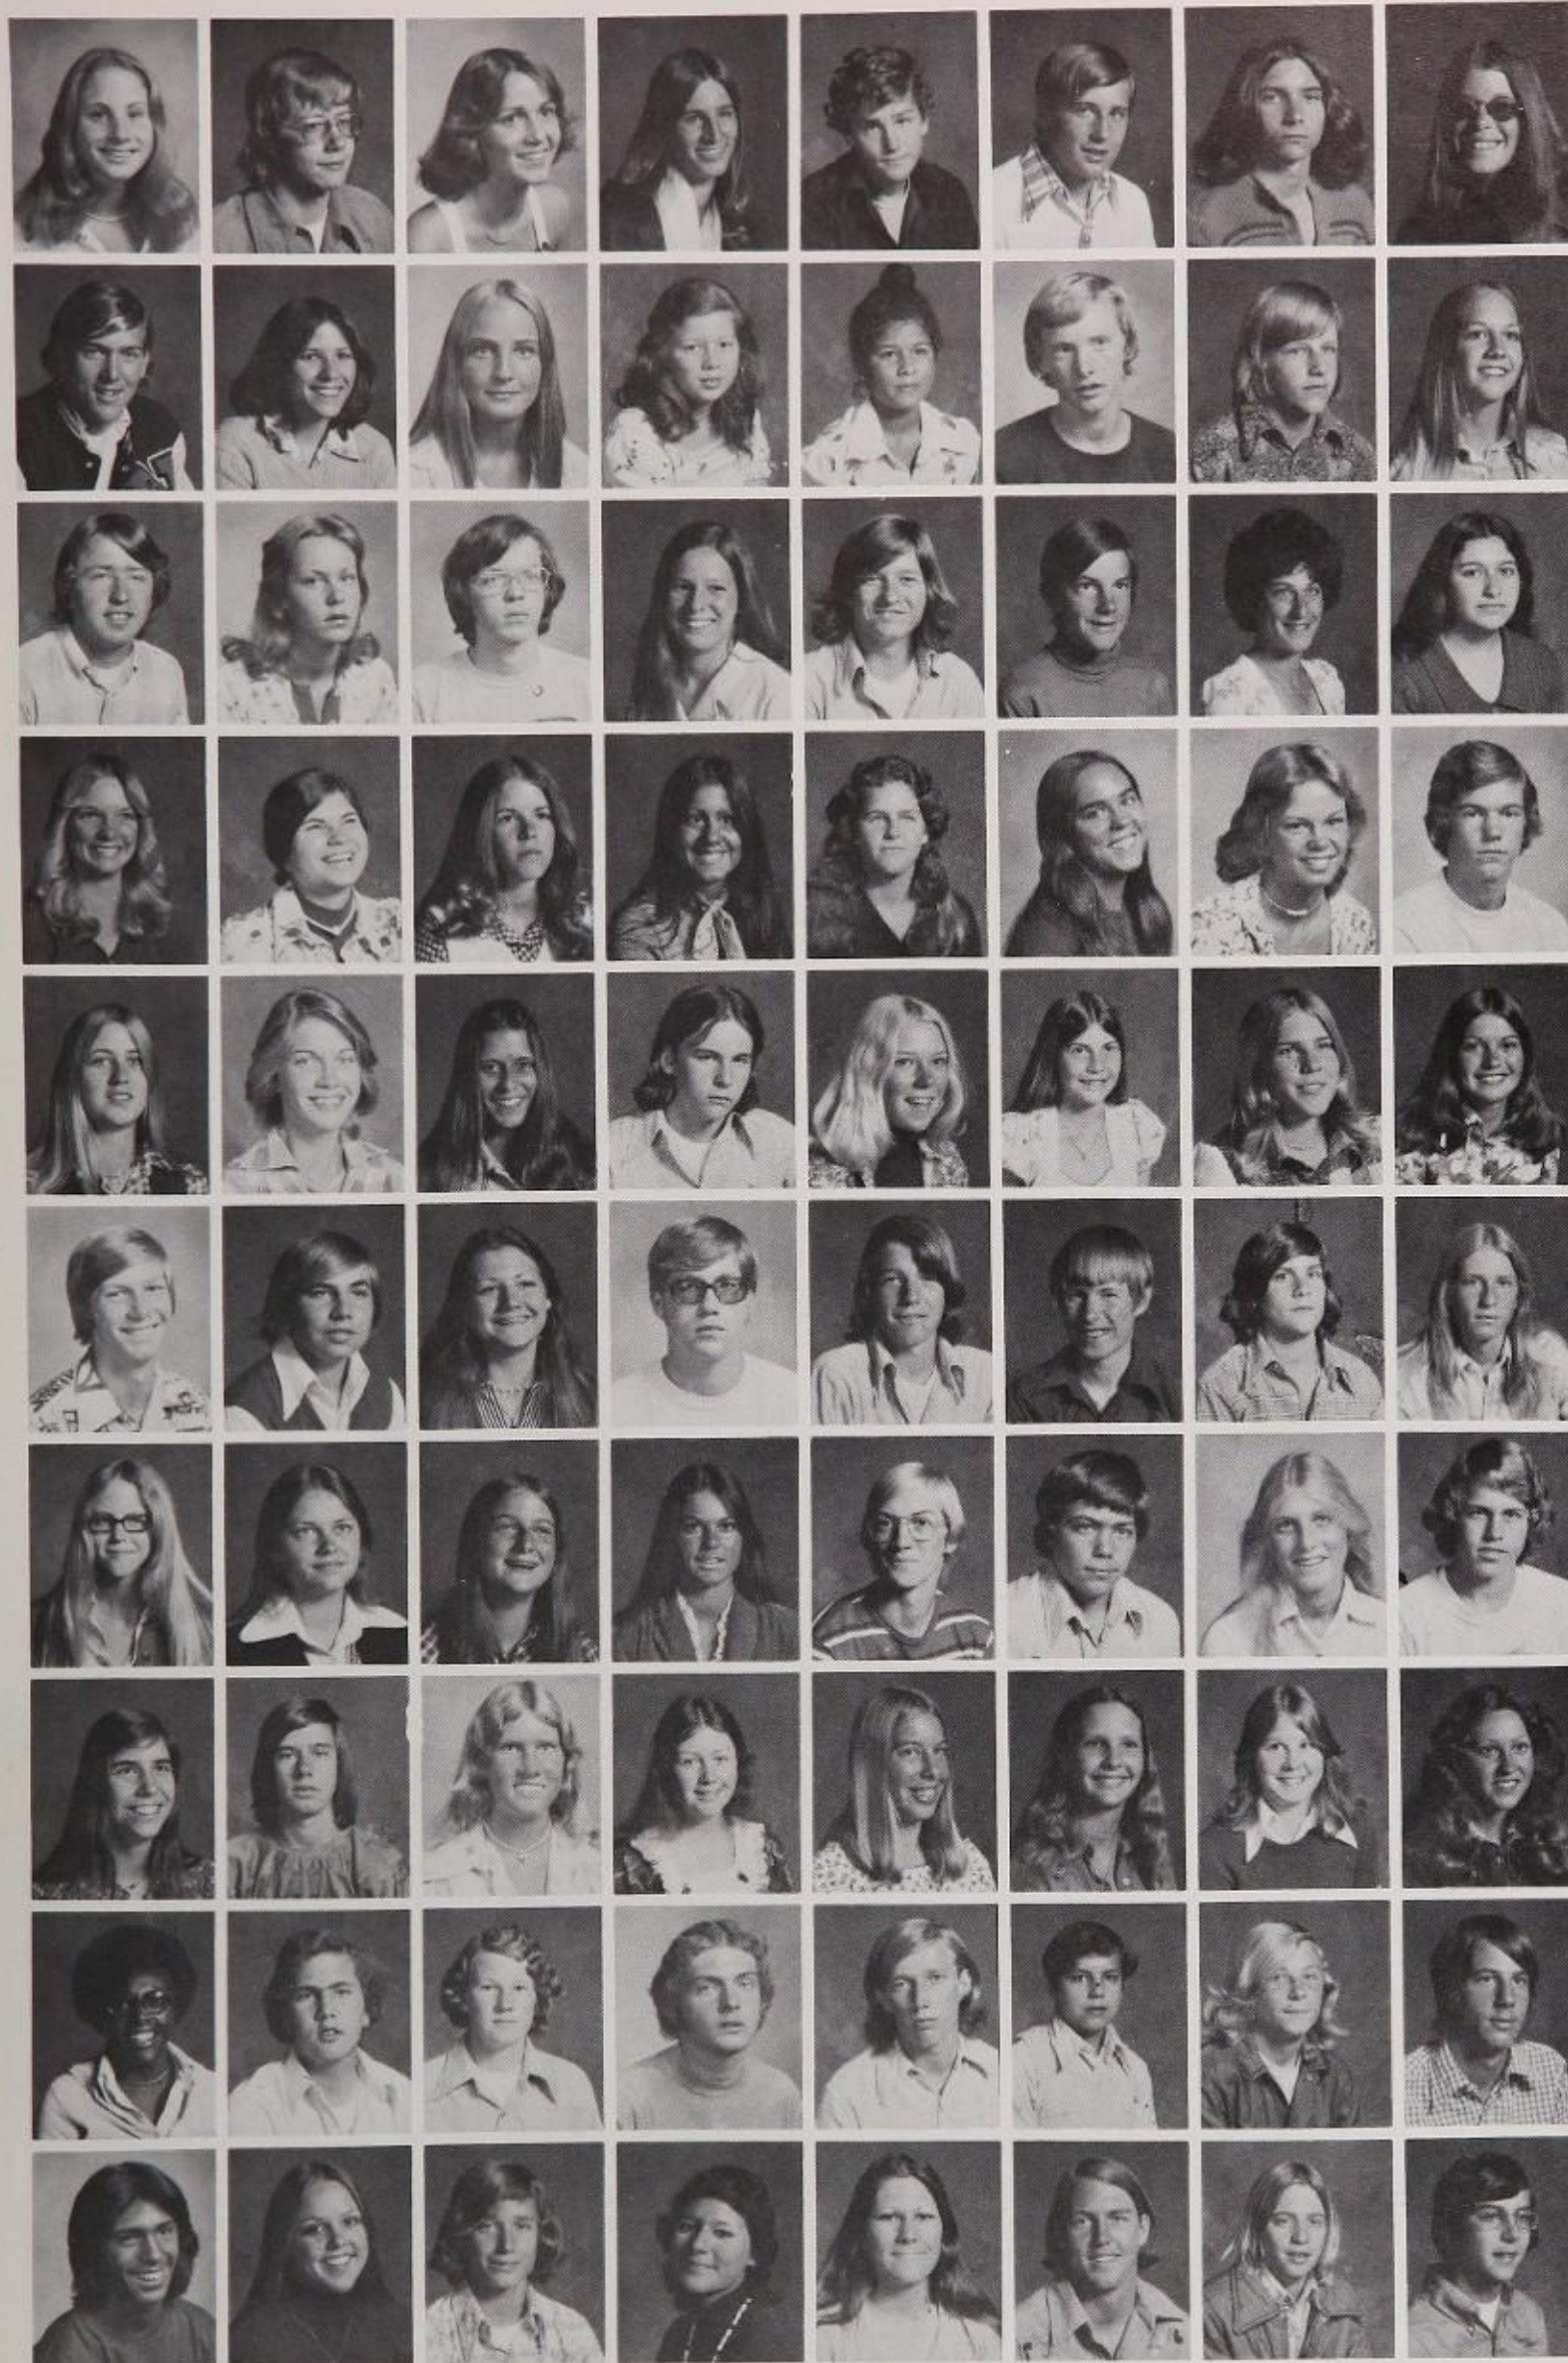

"Hands off world, he's all mine!" says Becky Schwartz about Dave Dalton.

Juniors

Junior class officers: Cindy VanOver; Secretary, LeAnn Uskali; Treasurer, Mary Podorsek; President, Sheila Tarbox; Vice-President.

Throughout the year the Junior class was involved in many exciting activities. They started the year off with the traditional building of their class float and selling football concessions. A walk-a-thon and car wash was also held to help raise money to contribute to other class projects. The students of N.P.H.S. were given a special treat when Santa's Junior class elves delivered their gifts at Christmas time. Later in the year they attended the Jr.-Sr. Prom, ran basketball concessions and sponsored many candy sales. The Juniors ended the year with a memorable beach party.

Take a Break Today

An assembly is a great time to take a break. Many sophomores can be found but only one can be seen in this picture. Can you find him?

Nancy,
 It's been really
 nice knowing it though
 out 7th, 8th, 9th, and 10th, and
 I hope it continues being
 great as well as much, but
 it's been fun. Good-bye
 always. Have a super
 summer. See-ya next
 friends
 always
 Love
 Liz

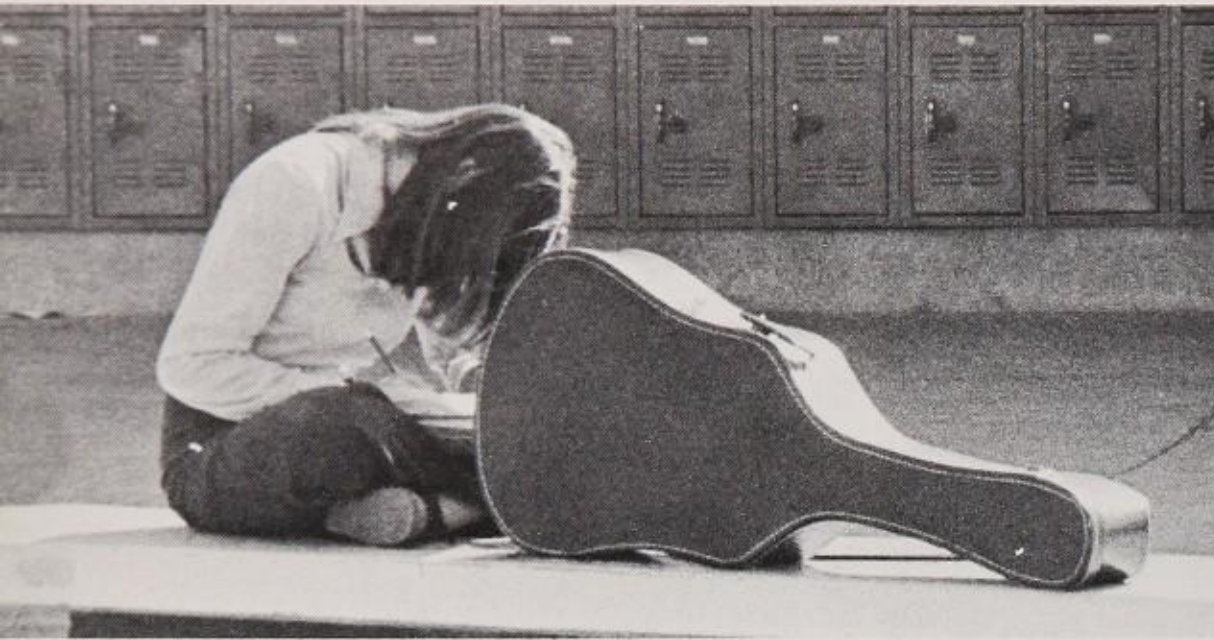

"Yes I said you, you need a break," admits Theresa Klee to all who pass in her way.

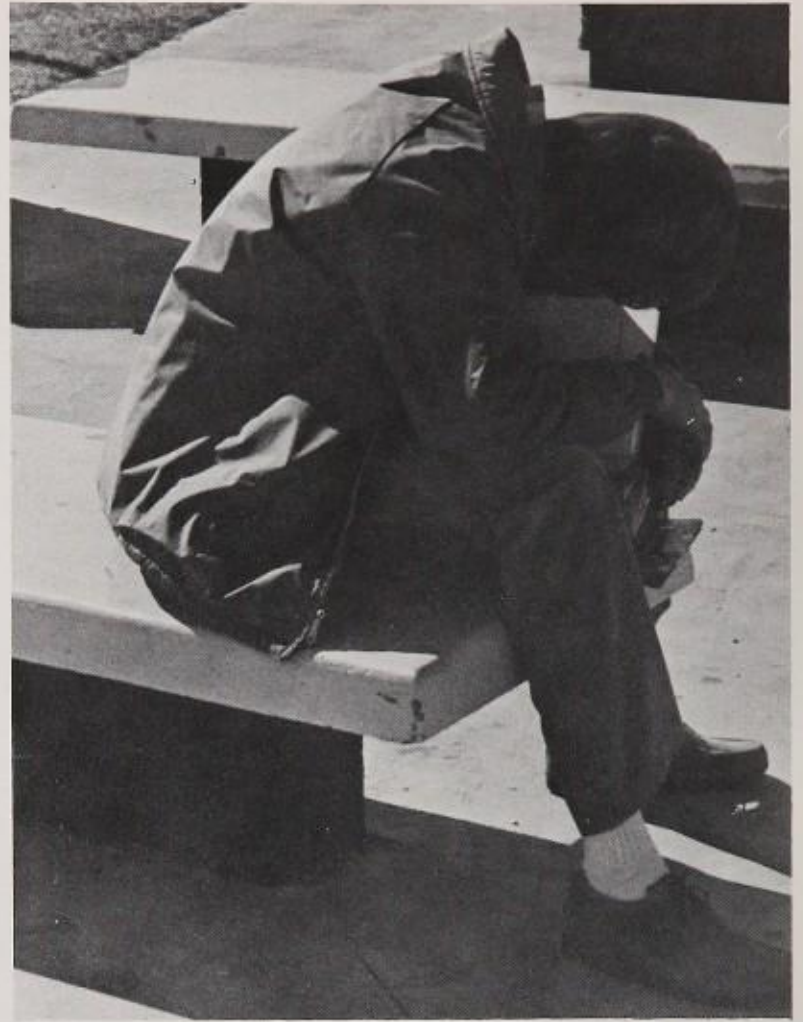

A lot of sophomores take it easy. Some read or even write poetry. Some just dream about all of the good times ahead.

Nancy,
 To a very
 nice girl. I
 was great being
 with you in English
 class. It was fun.
 Love,
 John

Classes and Study

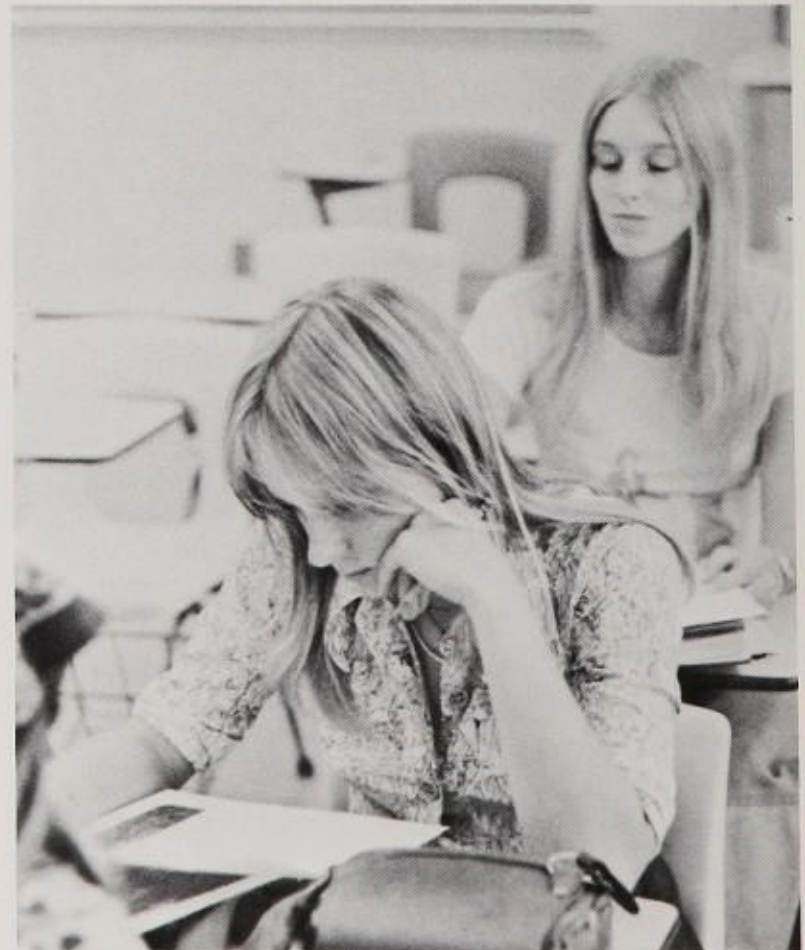

Some sophomores find it easier to do their homework in between classes on the quad.

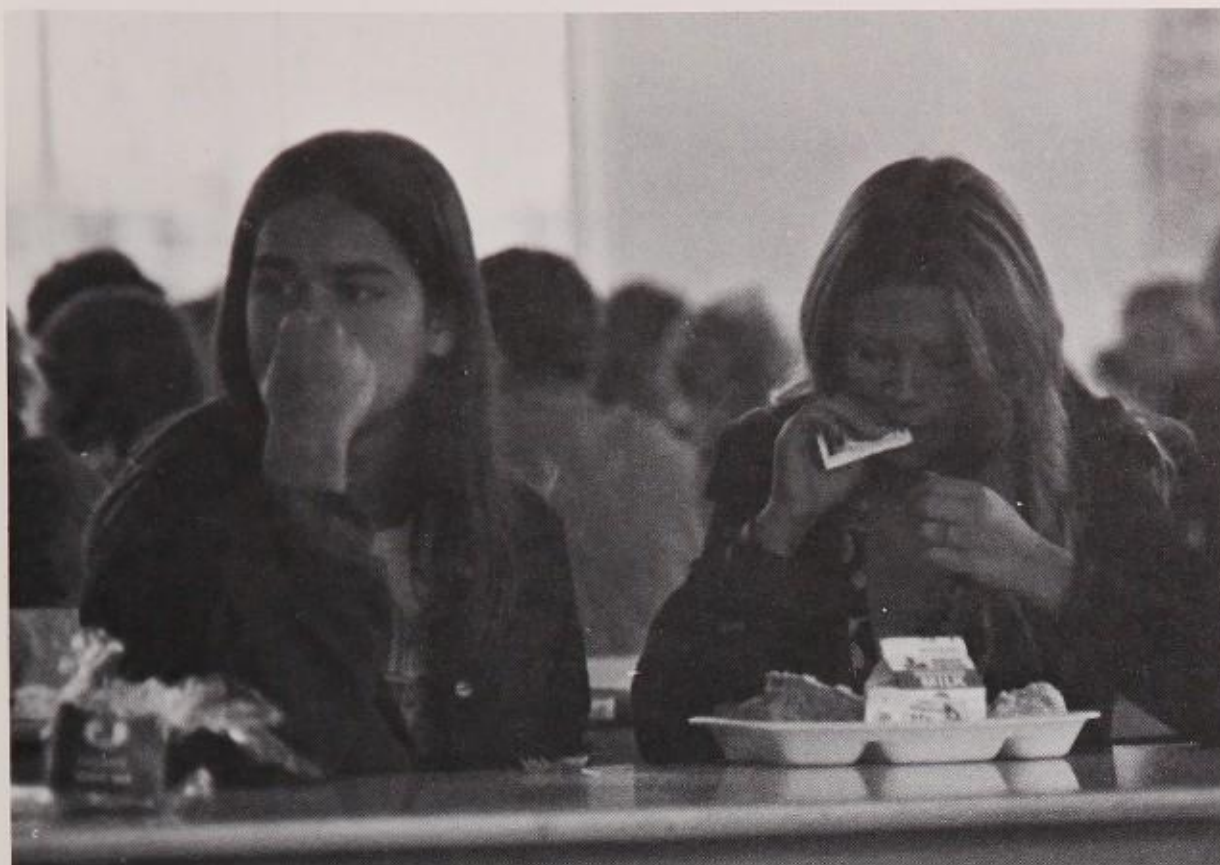

Late for class, but there is a good chance he will finish his homework.

Susan Howes, with friend, fix their hair after P.E. Now they can go on to more classes and study.

Gigi works hard in her Spanish class. It seems that sophomores work never ends.

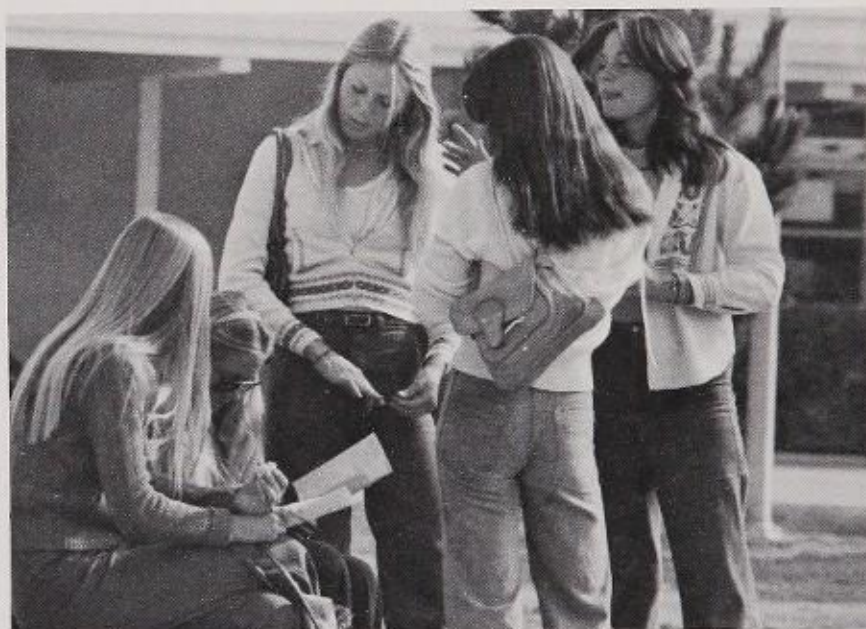

Lunch and Relaxation

Two sophomores find relaxation at lunch. Even the plastic tastes good when sixth period finally rolls around.

To relieve the tensions of the day a good toss of a frisbee works wonders. The frisbee can be seen three lunch periods a day and five days a week.

Lunch is a good time to discuss all the social happenings, such as who's going with who and other important facts.

Three sophomore guys enjoy rating the girls as they walk by during lunch.

Let's be Inconspicuous, the Teachers Are Coming

Laura McCabe takes a moment to give us a smile for just one more make up picture.

Sophomores usually discuss the important issues of today. Today's topic seems to be motorcycles, girls and the school's cookies.

A break during the day is a nice way to get some good rays. A few minutes of relaxation and maybe even some privacy on the quad.

Freshmen

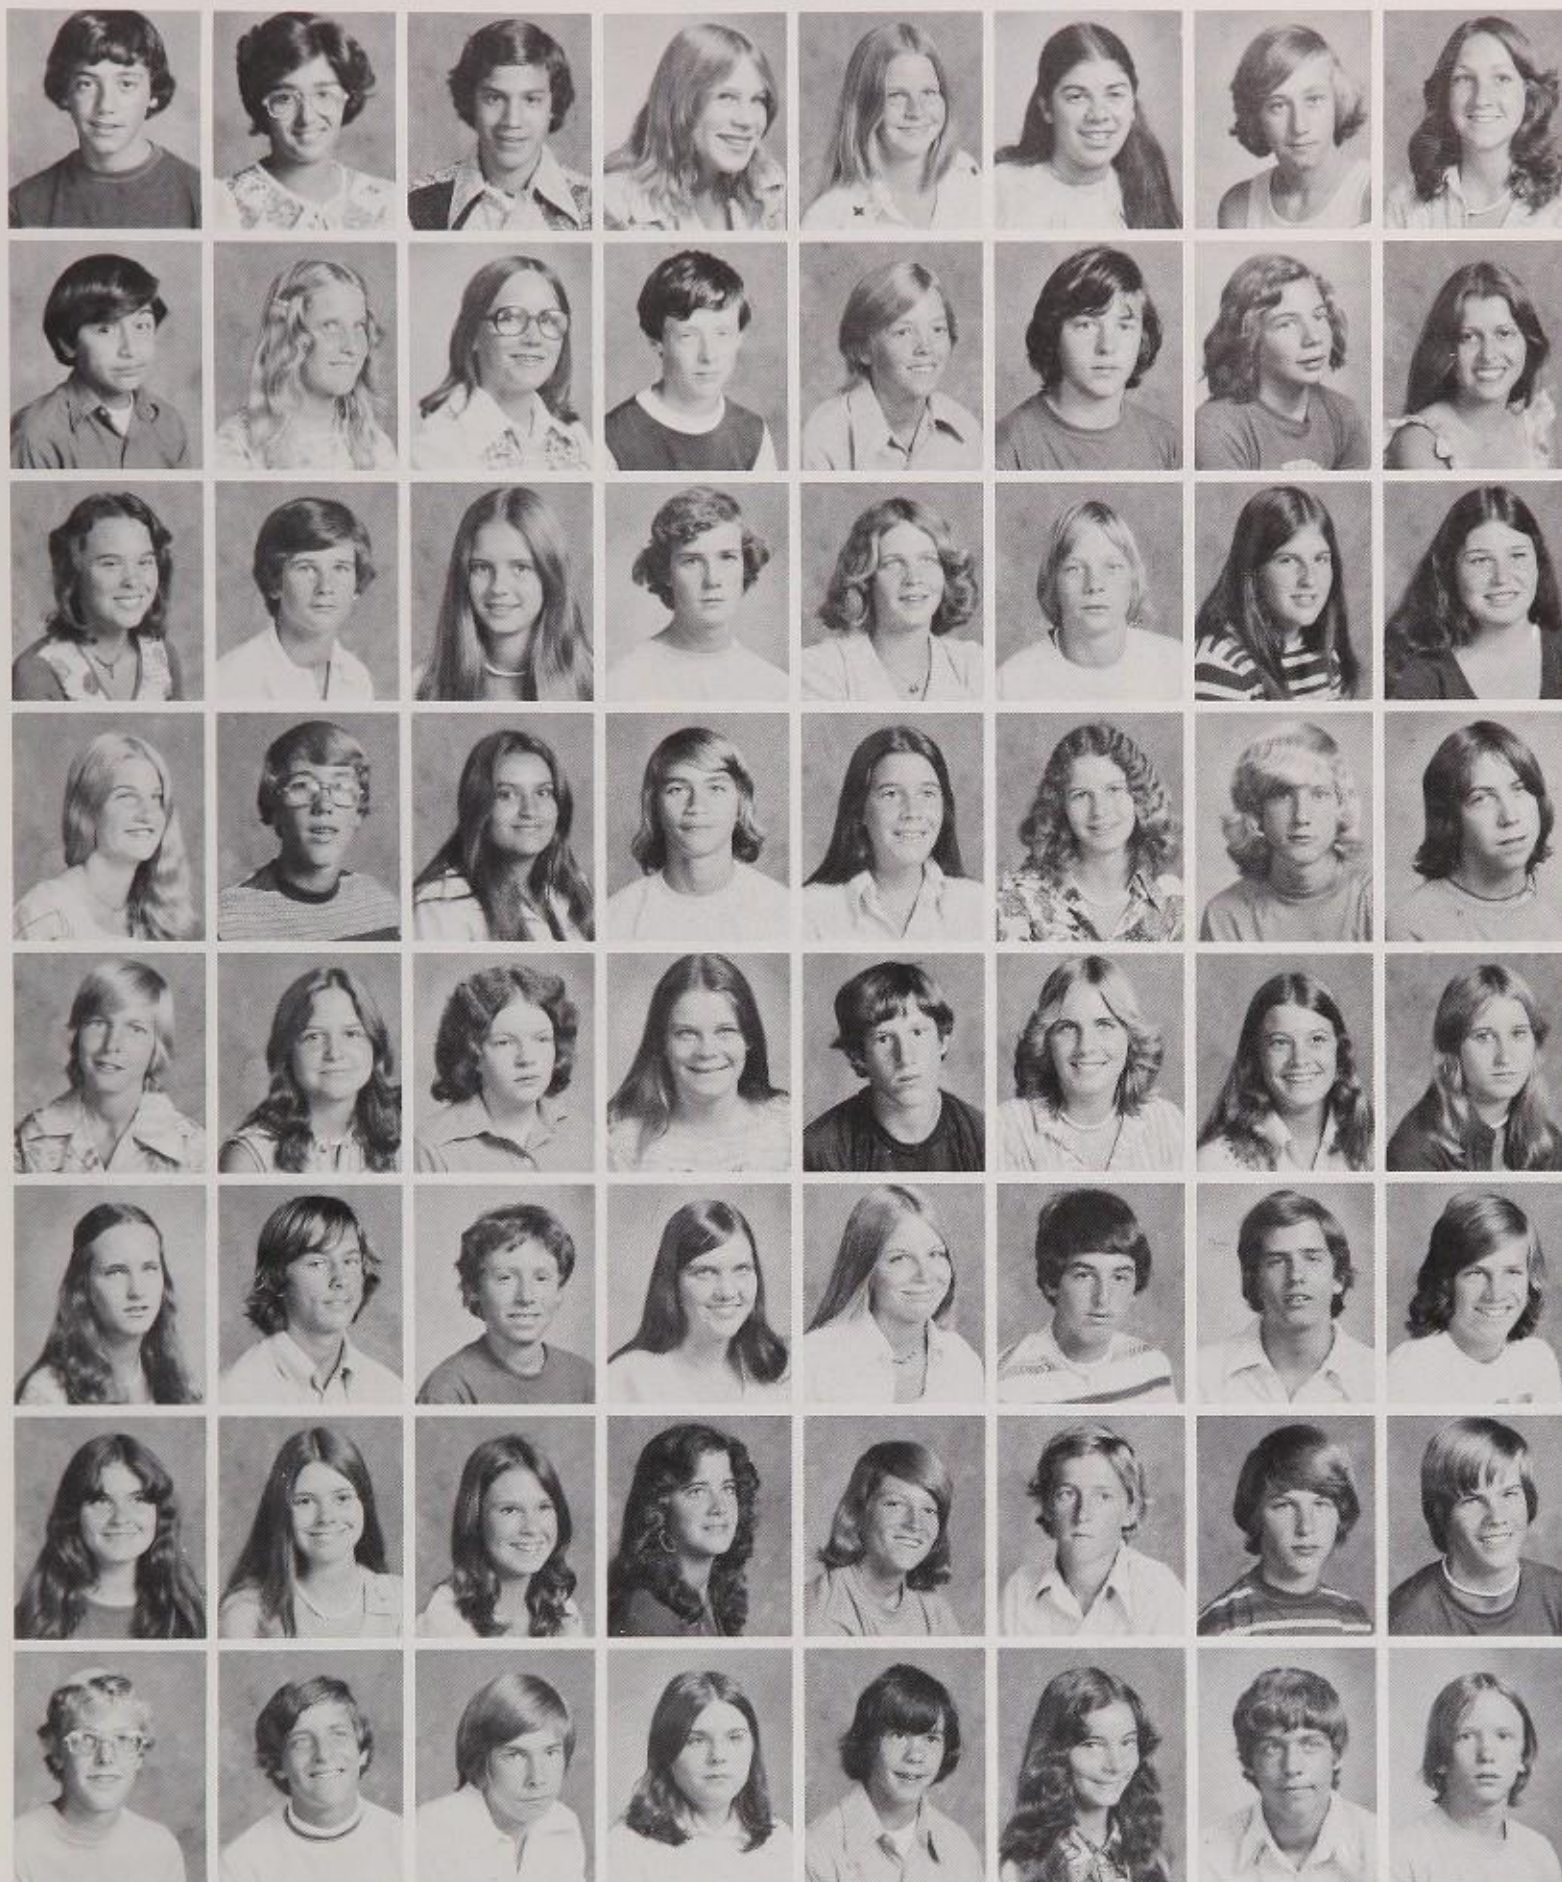

Freshmen officers: Michelle Burger, President; Barbara Thomas, Treasurer; Jennifer Hahn, Vice President; and Lisa Knoll, Secretary.

This year the Freshmen class spent much of their time raising money for future activities like the Senior Prom. They did this by having candle sales, car washes, bake sales, selling concessions at basketball games, putting on special movies for the elementary children and selling "surprise" packages on the quad.

They were a very industrious class and put their talent to good use when they built their Homecoming Float, which placed third in competition. Tremendous spirit has been shown by this class who has won several competitions at the rallies against the upper-classmen.

A dance was planned for the end of the year which was celebrated in their hard work and efforts.

Tribute to the Man

Mr. Gene Smith our principal of Newbury Park High School will retire at the conclusion of this school year. Mr. Smith has been responsible for many school and academic advancements. Under his leadership semester classes were initiated. The campus is now larger. We have a swimming pool, new classrooms, a commemorative bell tower. Many academic and competitive honors have come to NPHS because of his executive resourcefulness and understanding. Expansion, awards and achievements have been earned by the development of speech, drama, art, industrial arts and math programs. It is with fond memories that the student body and staff wish him happiness and prosperity in his future.

The military and family man.

Fern, Paula and Gene Smith in college regalia.

Gene Smith the Principal of Newbury Park High 1970-1976

Gene Smith, man involved with community activities.

The Chosen Ones

Assistant Principal-Ken Huston, who is constantly busy helping maintain situations that arise on campus.

The administration worked hard and long to make the year of 1976 a successful one. Many hours were spent to make sure the students classes and activities were planned well. Along with all the planning came piles of paper work. The final result was a great year for everyone.

Boy's Vice Principal-Joel Kirschenstein, who helps to uphold the peace here at Newbury Park High School.

Girl's Vice Principal-Carmen Armstrong, who has put in much time and hard work for the students. Her care and concern is never ending.

The Work of the Counselors

Head Counselor-James McElmorry, a busy man and busy counselor, constantly helping student and student-oriented matters.

Paul Stalnaker-a counselor who has been with us for quite some time now, working with students to help solve their problems.

JoAnne Gastner-who this year worked with the career center in helping seniors with college information and scholarship aid.

John Baden-another busy individual, whose cheerful smile and easy manner make him an enjoyable person as well as counselor.

Bob Fisher-a relatively new counselor, but certainly not new to N.P.H.S. He, like all of our counselors, work closely and intimately with all students.

Sylvia Michael-who returned from a year's sabbatical to us to work as a team with Mrs. Gastner in scholarship counseling and financial aid help.

I Get By With a Little Help From My Friends

Secretaries-The ladies in the office at Newbury Park High School put in many and long hours each day. They help the students and faculty very much.

Faculty Secretary Ethel Kennedy, who served the teachers this year helping them run off their tests that the students either passed, just passed, or blew.

Attendance Officer-Bill Loretta.

Psychologist-Dr. Kerr, who listens to all the deepest secrets and problems and wouldn't tell them to anyone without your permission.

Nurse-Frances McDermott, school nurse on duty at all times.

This year, like last year, the school had their very own psychologist, Dr. Kerr. Dr. Kerr counseled and worked with students in the EH program. With a MS in counseling and guidance and a PHd in psychology, she was well prepared to meet students and their needs. She enjoys working with the 13-19 age group and had someone dropping by all the time to talk about problems. Aside from her work with the students here at N.P.H.S. she was the psychologist at other schools as well. She is currently on the faculty at CLC where she lectures. She also has a private practice in marriage counseling. She worked here on campus coming twice a week, and enjoyed her year working with our students.

With the Passing of the Bond

The lush, beautiful, newly-enlarged library, where there is usually peace and quiet was finally completed for the students use.

With the passing of the bond, layouts and plans for a new, expanded library were readily accepted. At the end of the school year, last year, the enlarging process began by moving all library books and magazines to portable shelves in rooms 7 and 8. During the summer months, the dust flew and the inside walls crumbled. Finally, when the dust cleared, the phoenix arose from the ashes in the form of the beautiful, carpeted, much-more-spacious library. With the new library came a new librarian Mrs. Barbara Warkentien. Under Barbara's management, with moral and physical support from Bonny Patton, textbook clerk, and Carol Walters, library clerk, the library ran fairly smoothly throughout the year.

Librarian - Barbara Warkentien, who maintains control and peace in spite of all her other duties as librarian.

A New Library Was Spawned

Textbook clerk- Bonny Patton, who runs a tight textbook ship throughout the year in spite of all problems.

Library clerk- Carol Walters, who is always extremely busy doing this or that and getting the new books purchased out on the shelves.

Dana Clemons, Tania Lang, and David Campbell search the card catalog in the new library. Many new books can now be sought.

Audio-Visual- Pete Magallanes, who keeps records of incoming and outgoing films and projectors in spite of the mass chaos of film ordering.

Cafeteria Staff- Top Row: Violet Edwards, Stella Brodski, Bonnie Bandy, Neva Lewis, Maria Martell, Sara Allen, Ethel Clois. Bottom Row; head-Sue Shaw, Geneva Evans, Mary Anne Johnson, Velma Ainsworth, Mary Fulle.

Girl's P.E. locker room attendant- Betty Ehat

Boy's P.E. locker room attendaht- Jerry Naaktgeboren

This year, the career center has many plans on the drawing board. Mrs. Lillingreen has hopes to expand and relocate to a larger facility elsewhere on campus sometime during the second semester. This will give more room to have guest speakers and larger audiences. The career center has had 35 to 40 guest speakers already, and more are anticipated.

With Mr. Reed heading up the work experience program, it leaves more time for Mrs. Lillingreen to organize orientations. A special thanks goes to counselors Sylvia Michaels and Jo Anne Gastner for their extended help in scholarship counseling and for the time they spent helping college bound seniors prepare in every aspect of financial aid. On November 18, a college night has scheduled at T.O. with 110 representatives from colleges and vocational schools on hand to help both parents and students plan for the future college students' needs.

Career Center coordinators- Mr. Gary Reed and Mrs. Jessie Lillingreen

The Illustrious Faculty

This year, like last year, we on the Pawprint staff asked the faculty members to respond to one of a few questions pertaining to some aspect of the bi-centennial. We asked them to share their:

1. Favorite period in American history that they would have liked to have lived in or may have influenced them.
2. Favorite individual in American history that made an impression upon them, to wit, influenced them.
3. Favorite quote by a figure in American history.

The enthusiasm of the faculty this year was very impressive and our efforts were a success. Contrary to most students opinions, faculty members are beautiful and very illustrious with the Pawprint staff.

Fine Arts

Dennis Reed, D.C. - Nothing can come from out of the artist that is not in the man. Proverb

The music department has a new choir director John Ledwon. The excellence of Black Orpheus is being continued. The band under Pete Fisher is a state award winning group this year.

Kristi A. Colell - If I had my choice, I would have lived at the end of the 19th century and been a member of the Sara Bernharts theatre troupe in addition to studying painting with Winslow Homer and sculpture with Frederich Remington. I must add to have lived with these great people I would need 20th century plumbing.

Carolyn (C.) Pinkston - "One must not be afraid. One must know how to float as words do, without roots and without watering cans. One must know how to navigate without latitudes and longitudes and without motor. Without drugs and without burdens. One must learn to breathe like a wind-measuring instrument. The cord must be made of sand, the anchor of aurora borealis." The Diary of Anais Nin, 1934-1939

Jan Branham - Choosing one American who has influenced me the most is impossible, but rather I admire all of those who had the courage, pride, and wisdom to question.

Chris Sawyer - The era of westward expansion during the 1800's is the most facinating period of U.S. History for me. The courage and dedication of these early settlers to first survive and then succeed should serve as an inspiration to us all. Few of us ever have to face the hardships that were part of their daily lives.

Bob Valentine - "The only rational way of educating is to be an example- if one can't help it, a warning example." Albert Einstein

Mrs. Lorie Brown - I would have loved to have lived in 20's and 30's Hollywood; to have met some of the great pioneers in motion pictures such as Charlie Caplin, Frank Capra, Cecil B. DeMille, Walt Disney. Ah, the Golden Age of Hollywood!

Pete Fisher - My favorite period of American History would be the two score years beginning around 1875. These were years of relative peace and domestic tranquility, tremendous strides in agrarian and reunification and individual importance, exploration and expansion of our boundries and the beginning of our country's dominance in domestic, artistic, and international affairs.

John Ledwon - 1920's - a vibrant, active period in American History.

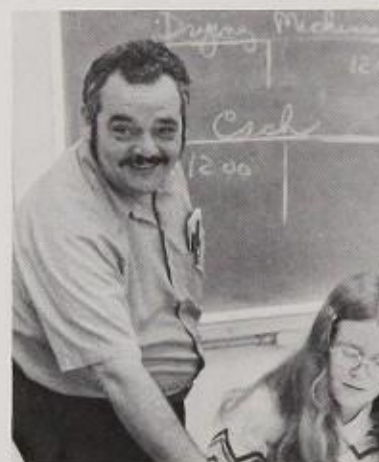

Business Department

Business Department - Teen-age America, the question is not what your employer can do for you, the question is what you can do for your employer? Can you type, do you know shorthand, can you operate office machines, do you know how to keep a set of books, can you sell goods and ideas, or are you going to join the 30% of unemployed high school graduates who have no skills? Get Some skills so you have something to offer a perspective employer. Offer him some skills he can't refuse.

Home Economics Department - Home economics courses emphasize learning about personal relationships and management of resources as time money and energy. They believe that skills in communication, parenting, problem solving, and meal planning and preparation are much needed by todays young people. This past year they had a baby bath demonstration by a father and his twelve week old daughter, freshmen punching out some frustrations on a batch of bread dough with the odor of freshly baked rolls drifting upstairs to torture business classes, boys sewing themselves knit shirts, girls watching a make-up demonstration, a public health nurse doing a baby exam to teach about health care and seniors learning how to buy a used car.

Larry Johnson - Of course, for myself. I live intensely and am fed by life and my value, whatever it be, is in my own expression of that. By Henry James, 1915.

Amy DeWolf - Given the choice, think and would choose to live in no other time than the present, because we have the opportunity to witness more change in a life time than any previous generation.

Doris B. Weber - D.C. - Thanks to my father, to Ralph Black, my high school principal, who was my first principal as a teacher, and to Jewel Vaughn, Hendricks Co. Supt. of schools for starting and guiding me down right path in my teaching career. I feel I am where I am today because of these influences.

Janis Mathis - No comment.

Industrial Arts

Industrial Arts Dept. - This year we expanded our metal and wood programs to accomodate more advanced students.

Norman T. Barker - "I will Study and get ready, and perhaps my chance will come." By Lincoln.

Industrial arts class constructing a model home.

Jim Ganser - Opening of the west, it was an exciting time in American history.

Bill Beaubien - Quote "Men with Beards can be Trusted." John Wilkes Booth.

Bill Brandt - No Comment.

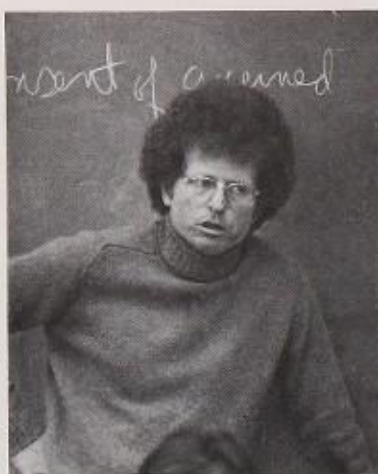

Lin Thomas - I have always been very fond of the automobile, airplane and other machinery being developed at the beginning of this century - I would like to have lived, been aware of, and participated in the inventions, development, racing & testing of this equipment from it's inception. To have known and worked with great men such as Henry Ford & Henry Leland, the chevrolet brothers, the Duryea Bros, the Wright Bros, and others would have been very fascination. Even more thrilling however to be alive in our own day because of the anticipation of the eminent return of my Lord Jesus Christ.

Herb Henderson - No comment.

Jim Crowdis - No comment.

Ken Barone - No Comment

Paul Coffman - No Comment

Worth Crouch - No Comment

Mel Dick - My favorite individual in American History is Teddy Roosevelt. I admire him because he was a unique blend of the rugged, aggressive, and proud individualist while at the same time a sensitive, caring, perceptive environmentalist. He is famous for the phrase, "Speak softly, but carry a big schtick," which is what a teacher should remember when teaching freshmen all day. Too bad he was a republican!

Pam Dennis - If there is no struggle, there is no progress. Those who profess to favor freedom and yet deprecate agitation, are men who want crops without plowing up the ground. This struggle may be a moral one, or it may be a physical one, but it must be a struggle. Power concedes nothing without a demand.
Frederick Douglas

Robert David - I own I am not a friend to a very energetic government. It is always oppressive. Thomas Jefferson.

Kathy Dwire - "He looked upon us as sophisticated children-smart, but not wise. He knew many things, and much that is false. He knew nature, which is always true." -Saxon T. Pope

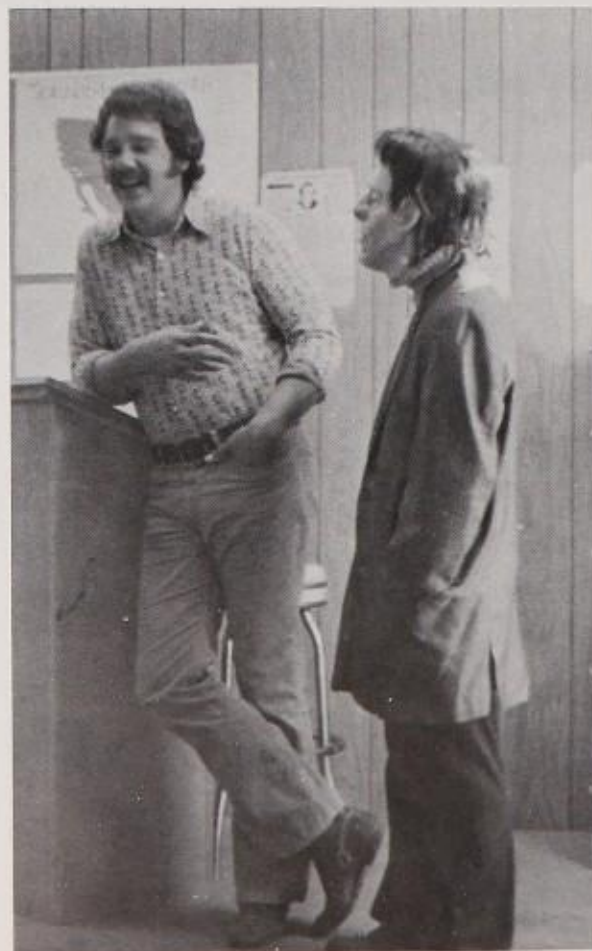

Roy Gilmore - No Comment

Worth Crouch points out to his class, a typical everyday student at N.P.H.S.

"Ahh! shucks, can I help it if I have such an appealing body?"

Social Science

Thomas Lee-No Comment

Arno Kanitz takes time out to enjoy a Cycle-thon that was sponsored by the Senior Class.

Diane Heiken-It is never too late to give up our prejudices. No way of thinking or doing, however ancient, can be trusted without proof. What everybody echoes or in silence passes by as true today may turn out to be falsehood tomorrow, mere smokes of opinion, which some had trusted for a cloud that would sprinkle fertilizing rain on their fields. Henry David Thoreau

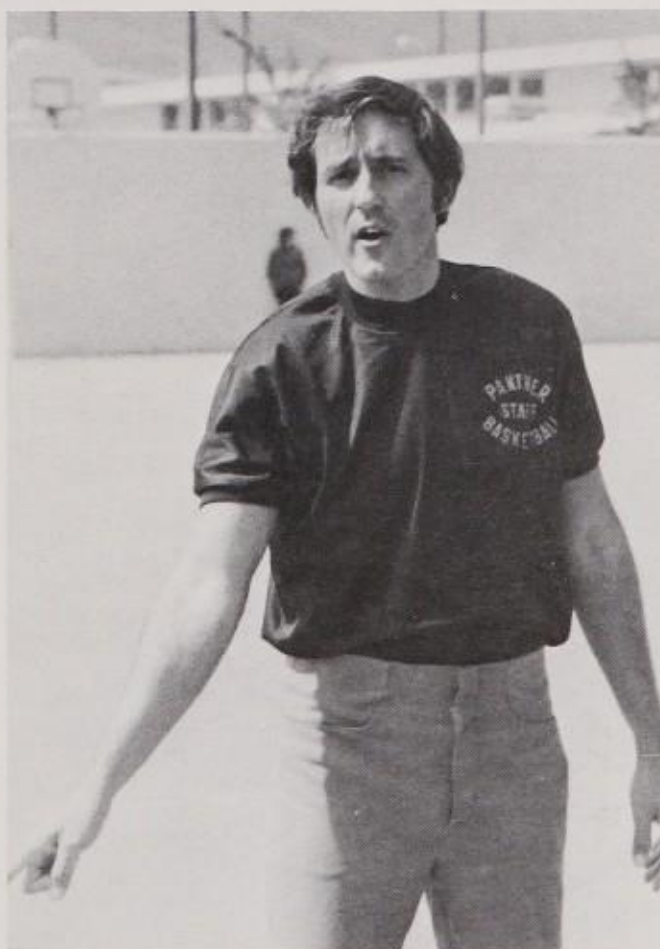

Cheryl Meyers-My favorite period in American History was the Migration into the West (1840's). I liked this period because families were close and had to work together in order to survive. The challenge and potential for growth was unlimited. Women were becoming more independent and more influential because they shared equally in all the labors and dangers of pioneering.

Rick Scott-No Comment

Clark Hunter-I would have liked to live in the latter 19th century in the American West. I love the glorious western scenery and find it fascinating to re-live the lives of the miners, cattlemen and frontier farmers.

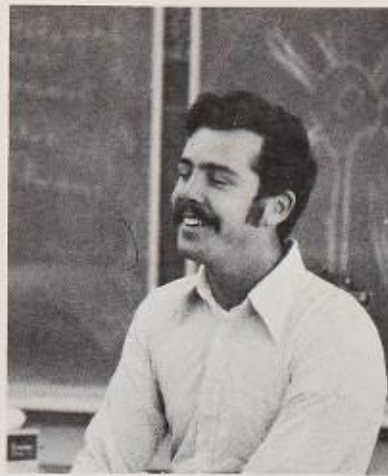

Dan Pry-For my students, who sometimes have trouble comprehending the importance of certain subjects, I like this quote from Marie-Ebner Oschenbach. "In youth we learn; in age we understand." For my athletes, I have two. Henry Ward Beecher stated of winning: "Victories that are cheap are cheap. Those are only worth having which come as a result of hard fighting." My favorite quote came from a source unknown by me: "Once you've made your mark in the world, look out for guys with an eraser."

John Uelmen-John F. Kennedy, address at Amherst College, October 26, 1963. "I look forward to a great future for America, a future in which our country will match its military strength with our moral restraint, its wealth with our wisdom, its power with our purpose. I look forward to an America which will not be afraid of grace and beauty, which will protect the beauty of our natural environment - an America which will reward achievement in business or statecraft. I look forward to an America which commands respect throughout the world, not only for its strength, but for its civilization as well. And I look forward to a world which will be safe not only for democracy and diversity but also for personal distinction."

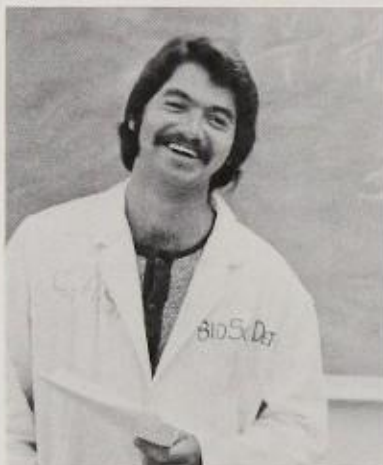

Coach Barone spends long hours helping with basketball techniques.

Science Looks for the Future

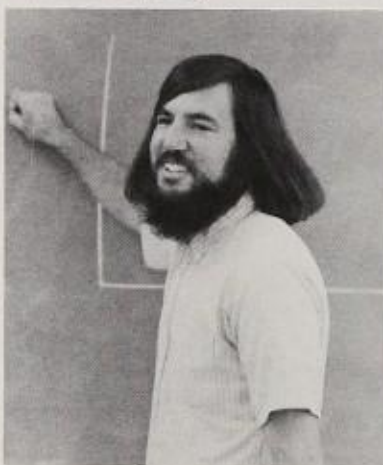

Terry Pardee - Behold the majesty of Nature's wondrous creations—Her snow-capped peaks and lush meadows; Her sparkling streams and cascading waterfalls; The delicate wings of her fluttering insects: a brilliant mantis or a vividly-colored butterfly; The arias of Her song birds: the meadowlark or robin sonorous display; The solitude of a quiescent lake or the tranquility of the setting sun; The exuberance of Her spring wildflowers or the playful bark of a spring pup; Or the stars that beckon the nocturnal spirit. For from her we receive a continual renewal of life's golden meaning, the magic of existence, the vitality of youth, and forever shall we dwell in the midst of Her majesty, bathed eternally in her sacred womb.
MELOPHOLN

The Members of the science department are eagerly awaiting completion of the new building, which will provide the classroom and laboratory space needed to carry out the science program properly.

Hugh Nelson - "Climb the mountains and get their tiding. Nature peace will flow into you as sunshine flows into trees. The winds will blow their own freshness into you, and the storms their energy while care will drag off like autumn leave."

Lou Burger - James Smithson, whose legace was used to found the Smithsonian Instituion in Washington D.C. Linus Pauling, on the anniversary of the Watson - Crick paper on DNA 21 years earlier remembering his erroneous conception of a three - chain helix structure for DNA in 1952. "I am now astonished that I bregon work on the triple helix structure rather than on the double helix. There is no doubt that even rather simple ideas sometimes are very elusive." Quoted in Nature, April 26, 1974.

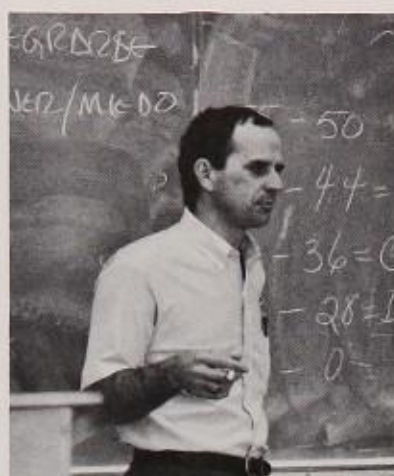

David Moore, D.C. - "Anything that can go wrong will." Murphy's First Law.
Ben Buttner - Listen, my favorite people are my parents, and favorite time is now.
Richard Freed - No comment.

Leonard Ruben - No comment.
Ronald Surratt - No comment.

Charlotte Hester - Ben Franklin, "Human felicity is produced not so much by great pieces of good fortune that seldom happen, as by little advantages that occur every day."
 Mary Jane Stevens - No comment.
 Art Maldonado - "The educated man is a greater nuisance than the uneducated one." George Bernard Shaw.

Chuck Carroll - I suppose that my favorite period of history is the Civil War era.
 Lynne Hartzell - No comment.
 Amy L. Reed - My favorite quote by an American author is from Mark Twain in *The Mysterious Stranger*. "The Human race, in its poverty, has one really effective weapon, laughter. Power, money, persuasion, supplication, persecution; there can life on a colossal humbug, but only laughter can blow it to rags and atoms at a blast. Against the assault of laughter nothing can stand."

Foreign Language Dept. - Russian class went to Los Angeles on a fieldtrip. German club went to Alpine Valley for the October fest. Spanish, French and German classes studied the Christmas customs for each of there countries, while they make the foods that there countries would be making during Christmas.

Darleen Feller, D.C. - The present, It is interesting to watch the social and political course of the Western world in controlled social and economic life in the "Communist Block" countries. Susan B. Anthony, because of her work for women's rights and other needed reforms. No quote is necessary for Susan B. Anthony, in my opinion. Her actions Speak louder than words.

Nancy, I've truly enjoyed the two years you have been a student of mine! What a lovely, intelligent person you are! Your smile, your intelligence, your personality will insure your future success. Keep in touch, please - Enjoy your summer! Affectionately, Amy L. Reed

Girls Physical Education

Girls Physical Education, is currently involved in a growing Co-Existence with Boys Physical Education. Many Co-Educational classes are being offered along with a variety of activities; from jogging and bicycling to volleyball and tennis.

Marti Dibble A.D. - "I have asked some of the Great White Chiefs where they get their authority to say to the Indian that he shall stay in one place, while he sees white men going where they please. They cannot tell me." Chief Joseph - At the Surrender of the Nez Perce - 1889

Diana Doyle - Betsy Ross - Cause I like flags.

Nori Parvin D.C. - Henry David Thoreau - "If a man does not keep pace with his companions perhaps it is because he hears a different drummer. Let him step to the music he hears however measured or far away."

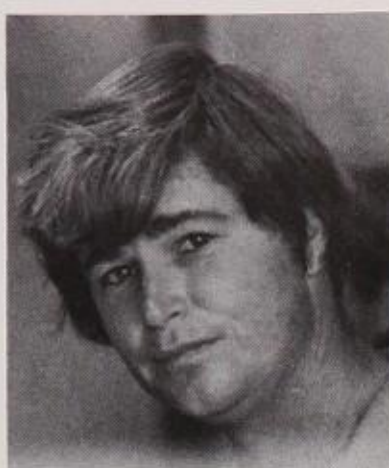

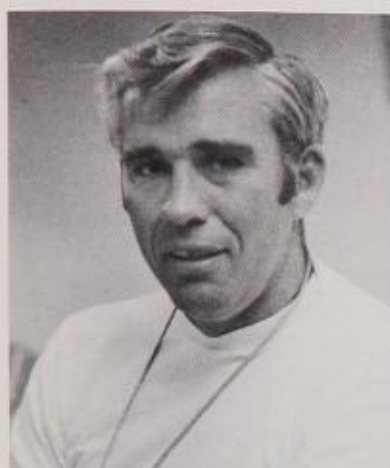

Donna R. Wilson - Betsy Ross - Living tribute to all the seamstresses of America.

Joan Lambert - One of my favorite individuals in American history is Theodore Roosevelt. He was his own person!

Sande Washburn - John F. Kennedy - "Ask not what your country can do for you, but what you can do for your country."

Connie Jo Winsky - Liberty is the only thing you cannot have unless you are willing to give it to others. - William Allen White

George Hurley - That is an unfair question, nobody ever told me how to answer. Besides its a dumb question any how.

Jay Merrill D.C. - My favorite quote in American History was General Custers famous last words, "Look at all those bleep Indians." My favorite person was Abner Doubleday who is credited with inventing the game of baseball. Without him I would have nothing to do in the spring.

Robert Hendricks - No comment.

Phil B. Lloyd - "Being young is the best time of a persons life. It's too bad its wasted on kids."

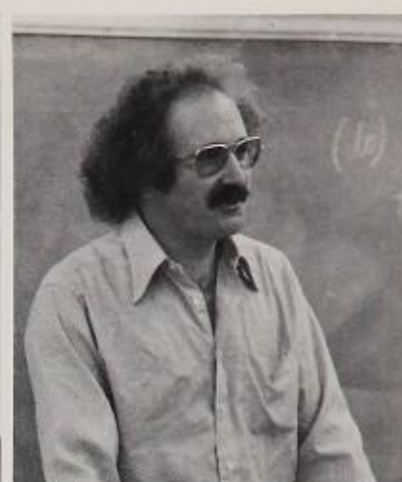

Mike Robles - No comment.

Lorin Maygren - I would've lived in the 20's to see coach Merrill in his prime, they say his girlfriends were like baseball he'd strike-out almost every time.

Math Department

Math Department introduced a new course this year, Introduction to Hand Held Calculation Math. Had a theft - lost all of our computers for our honors program, about \$5,000 worth on the C.E.E.B. exam, which has had an alarming decline nomatically, our college bound seniors have done quite well on the mathematical section and have not shown a decline. Reports from our past graduates that have taken 4 years of math at N.P.H.S., indicate that they are well prepared and have a relatively easy time in their first course of college mathematics. More and more students are taking difficult math courses as electives, which indicates a stronger desire for knowledge then for a G.P.A.

Dennis McKeown - No Comment.
Frank Simonin - Nostalgically the period the American revolution, but the present is much more challenging.

Bev Aggen - Thomas Jefferson - I admire him for his contributions to our country, for his philosophies of life & politics.
J.A. Mutolo - The secret of Teaching is to appear to have known all your life what you learned this afternoon.
Kathy Vieth - There is nothing so powerful as truth and often nothing so strange. By Daniel Webster (1830).

Allen Epstein - No comment.
Brad Nelson - No comment.
Jim Wilkes - Benjamin Franklin - A very versatile man, who made contributions to many areas.

Gary McGinnis - No comment.
Norm Sanford, When I was a boy I was told that anybody could become President; I'm Beginning to believe it.
By Clarence Darrow
Thomas Wrigley - No comment.

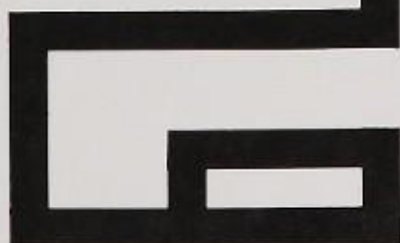

*Nancy
You have certainly
been right up front as
far as my class was concerned.
Stay as nice as you are now.
God speed & good luck

Goodbye to a Fine Teacher and Sensitive Gentleman

On January 25, 1976, Mr. James McIlwain, a long-time employee of the Oxnard Union High School District and the Conejo Valley Unified School District, passed away due to illness.

Mr. McIlwain was employed by Oxnard High School in 1958. He transferred to Hueneme High School upon its opening in 1959, working as Head Basketball Coach and Social Science teacher. He taught at Thousand Oaks High School upon its opening in 1962 until his transfer to Newbury Park High School upon its opening in 1966. Mr. McIlwain was teaching there when he took his medical retirement in 1975. He was very popular among both students and faculty at Newbury Park High School.

Those who knew him well had nothing but respect, love, and admiration for him.

In Dedication to Lorie

Lorie Ponzuric Brown died November 29, 1975 in a fatal motorcycle accident. She was a spontaneous, enthusiastic, hard working, well liked teacher on our campus. The entire school mourned the loss of the young woman who sincerely cared about her students and her craft.

How's this for bionic strength? , says Scott Gove. He works on his running long jump everyday and leaps further every-time.

During the hard practices, Curt Ausmus improves his form and speed. He makes the hurdles with ease which helps build up points.

Jeff Shoop is always ready to lend a helping-hand to Jeff Mathews. The relay team they made proved to be a great success.

Track

Panther Tracksters on the Run

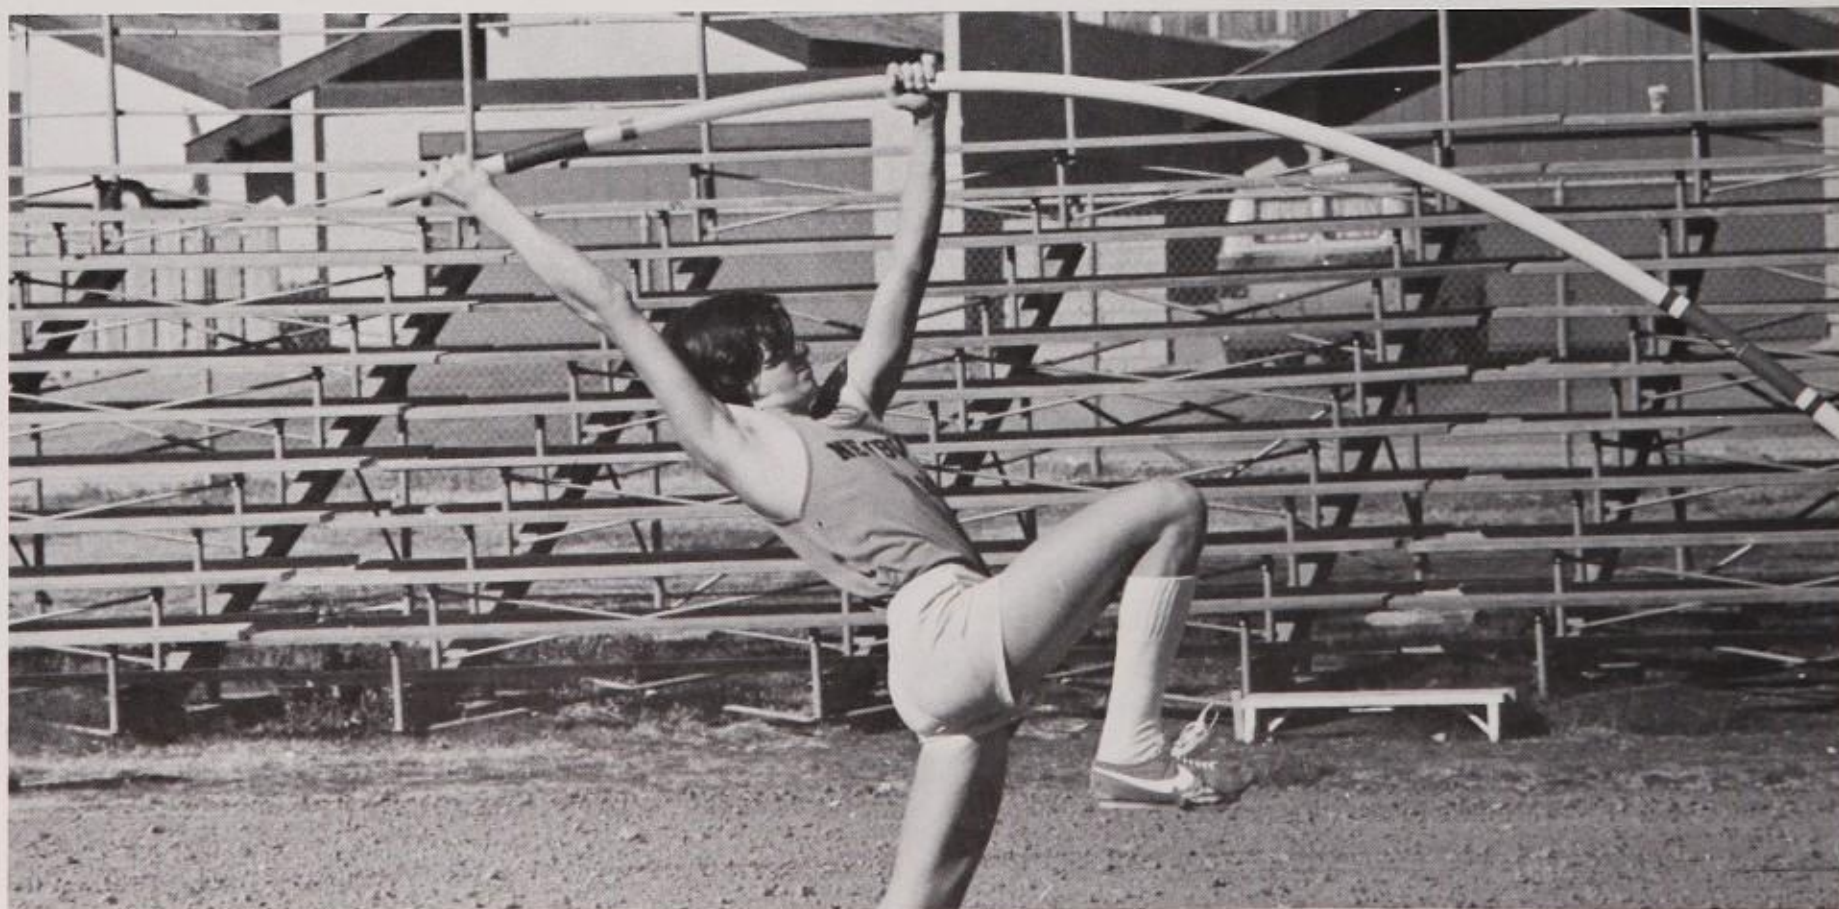

Danny Esparza is so light-footed he hardly touches the ground. He's all set to go, and be the first one across the finish line.

"Whew!" "Only ten more laps to go," says Steve Smith. They work this hard every practice and improvement really shows.

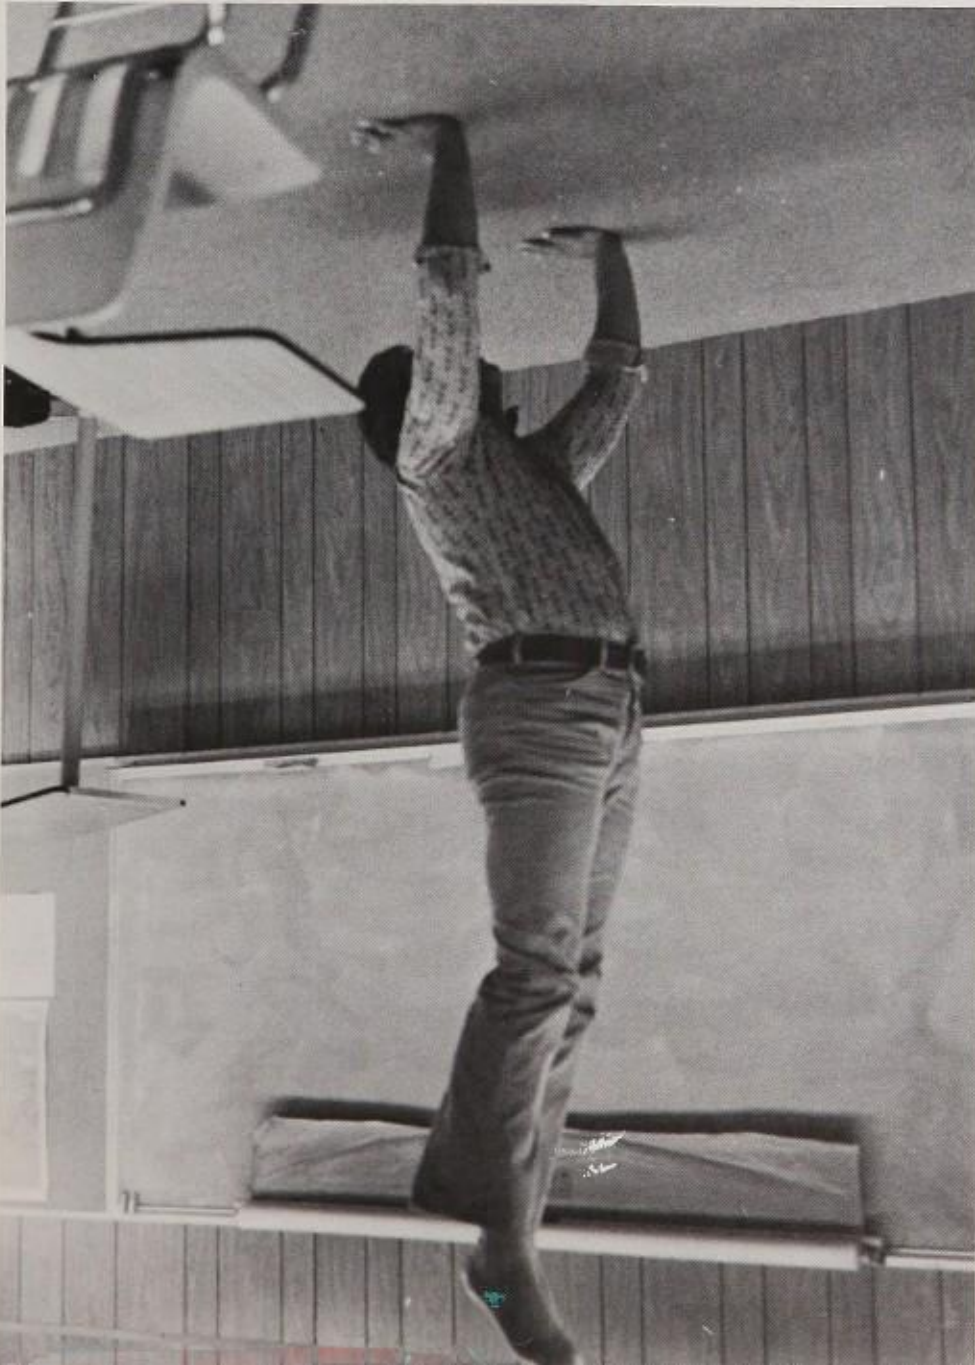

In 1975, the Varsity Track Team ended up with a 5-2 record for the season, while the Frosh-Soph team went undefeated to capture the Mar-monte League Championship.

Only a few top performers were lost from the '75' team. Coach Stewart said he expected all of the teams to do extremely well. Although he stated, "our league is very well balanced this year, so it will be an extremely close race for first place". Keith Broccoli, Curt Ausmus, Mark Bradley, and Jeff Mathews were our top performers this year.

"I sure hope this thing holds up," says Mike Davis, but he's really worried about going over the top. If the bar doesn't fall he'll win the event and help out the team.

An odd variety of campus sports.

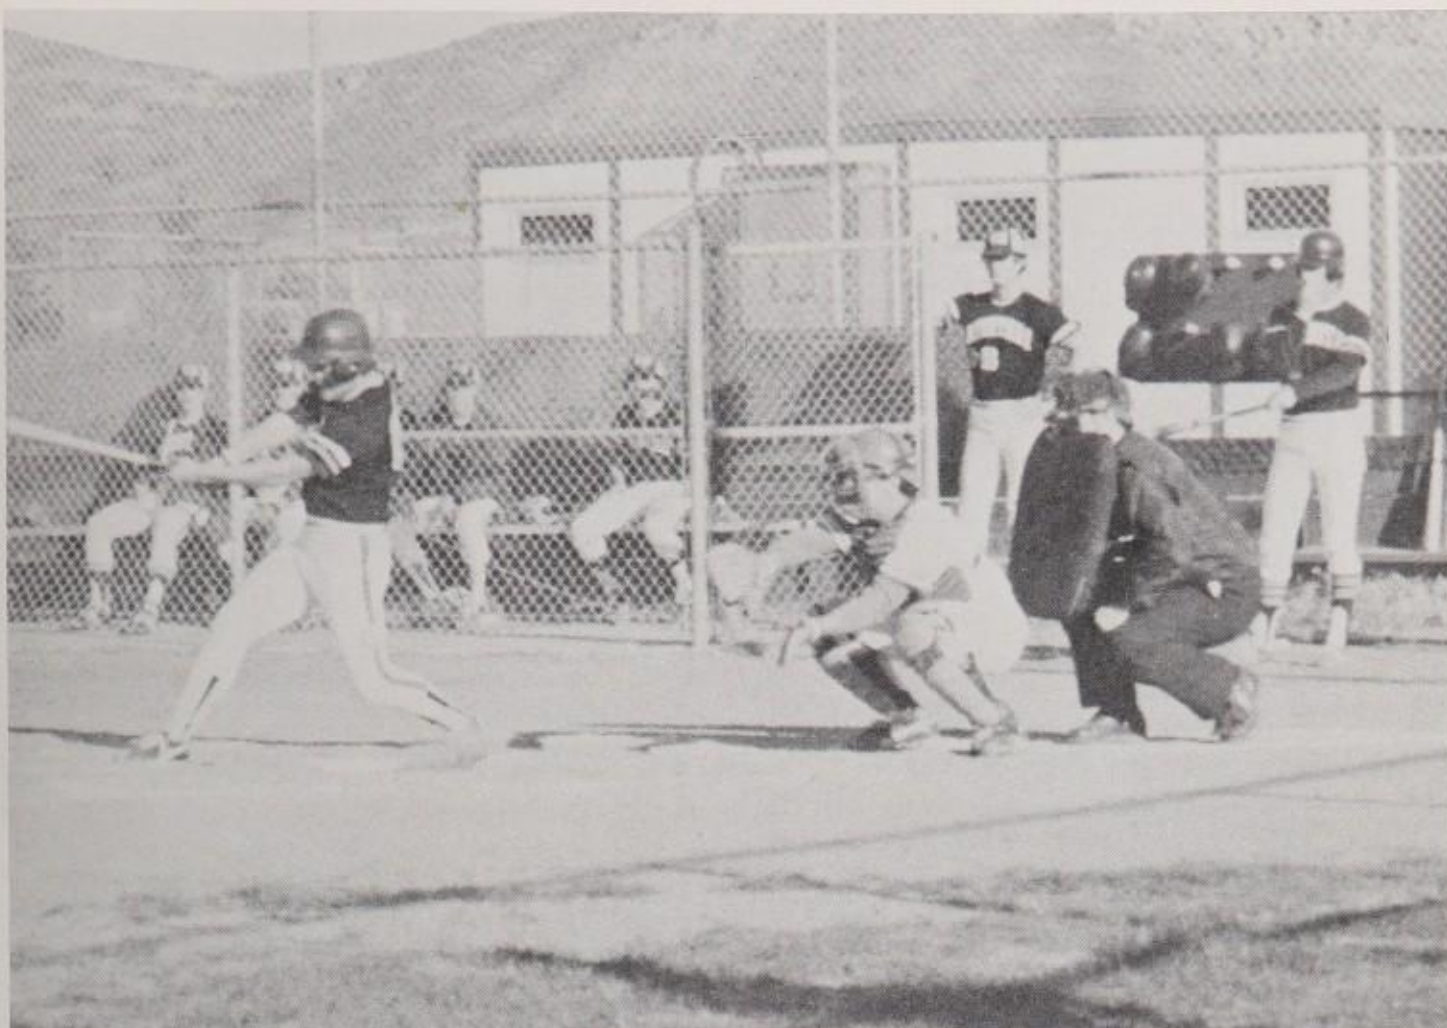

A collective group of Juniors doing their favorite passtime reclying and relaxing.

Newbury Park sports have grown in the last couple of years. New buildings, equipment, and more and more students have become more involved in sports bringing in new talent. Students aren't just involved in school sports such as Basketball and Football.

Students and teachers show their own individual personalities and favorite passtime outside and in school. For instance, Worth Crouch shows his class how well he can do a handstand and sing God Bless America simultaneously.

A variety of campus activities included gossip, music, wheels, and strutting on hands & feet.

Jeff Kunisaki is up to bat while his fellow teammates watch on.

Paul Stone takes a flying leap for first base.

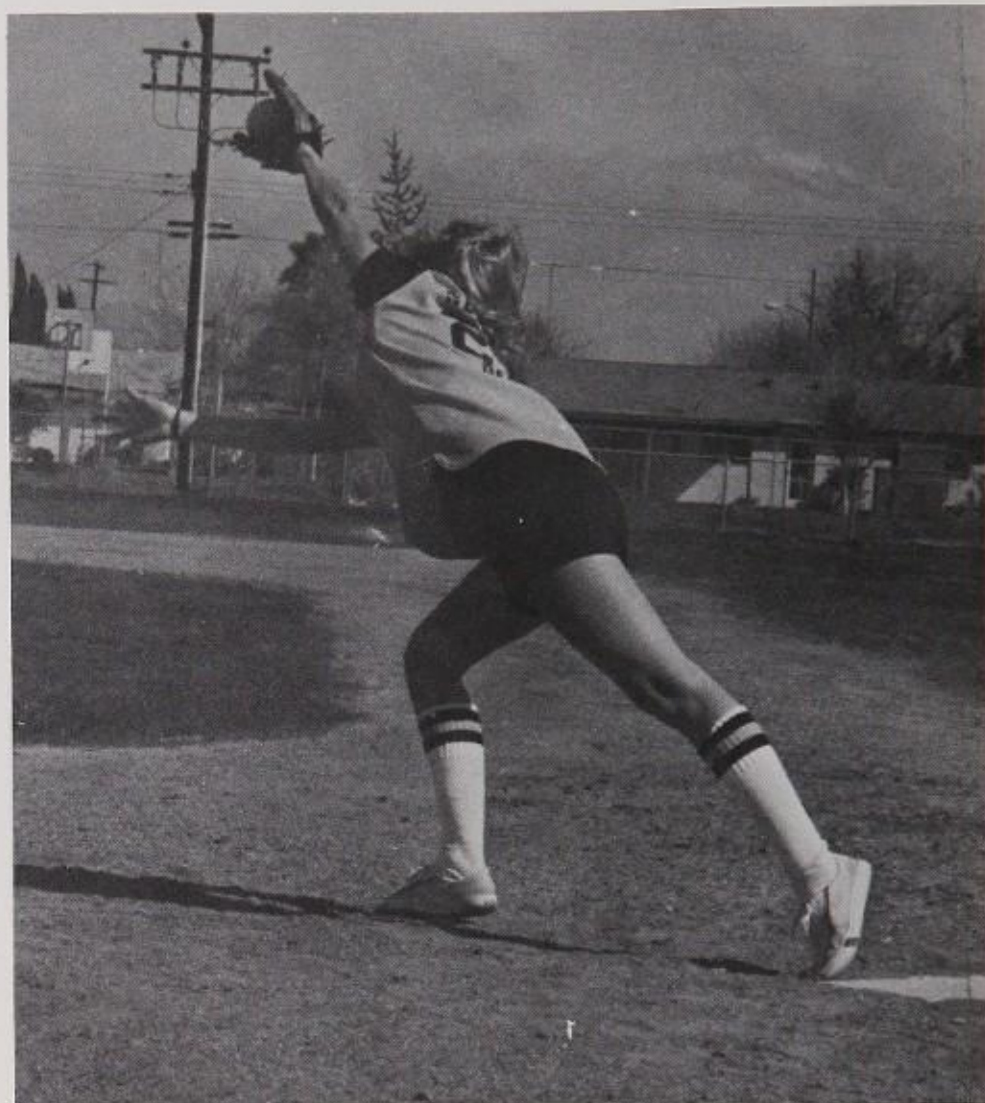

Both boys and girls work hard at this game

Both the girls softball and boys baseball came out of the season doing pretty well.

The boys baseball team had many juniors returning from last year and had new players from the J.V. team.

The girls also had many experienced players on their team this year. "Many of the girls have been in bobby sox before and are very good players. I was pleased with the way they performed this season."
— Miss Winsky.

Golf

Panther Golfers choose the right course for their '76 season

Varsity Golf: Front Row; Brian Vanderpool, Carl Johnson. Back Row; Dean Simpson, Jody Mack, Coach Thomas, Rich Drewes, Scott Martin.

This year the golfers had a pre-season record of eight wins and four losses. N.P.H.S. finished second in the league and went to the C.I.F. sectional playoffs where the team finished tenth out of the thirty best teams in the area.

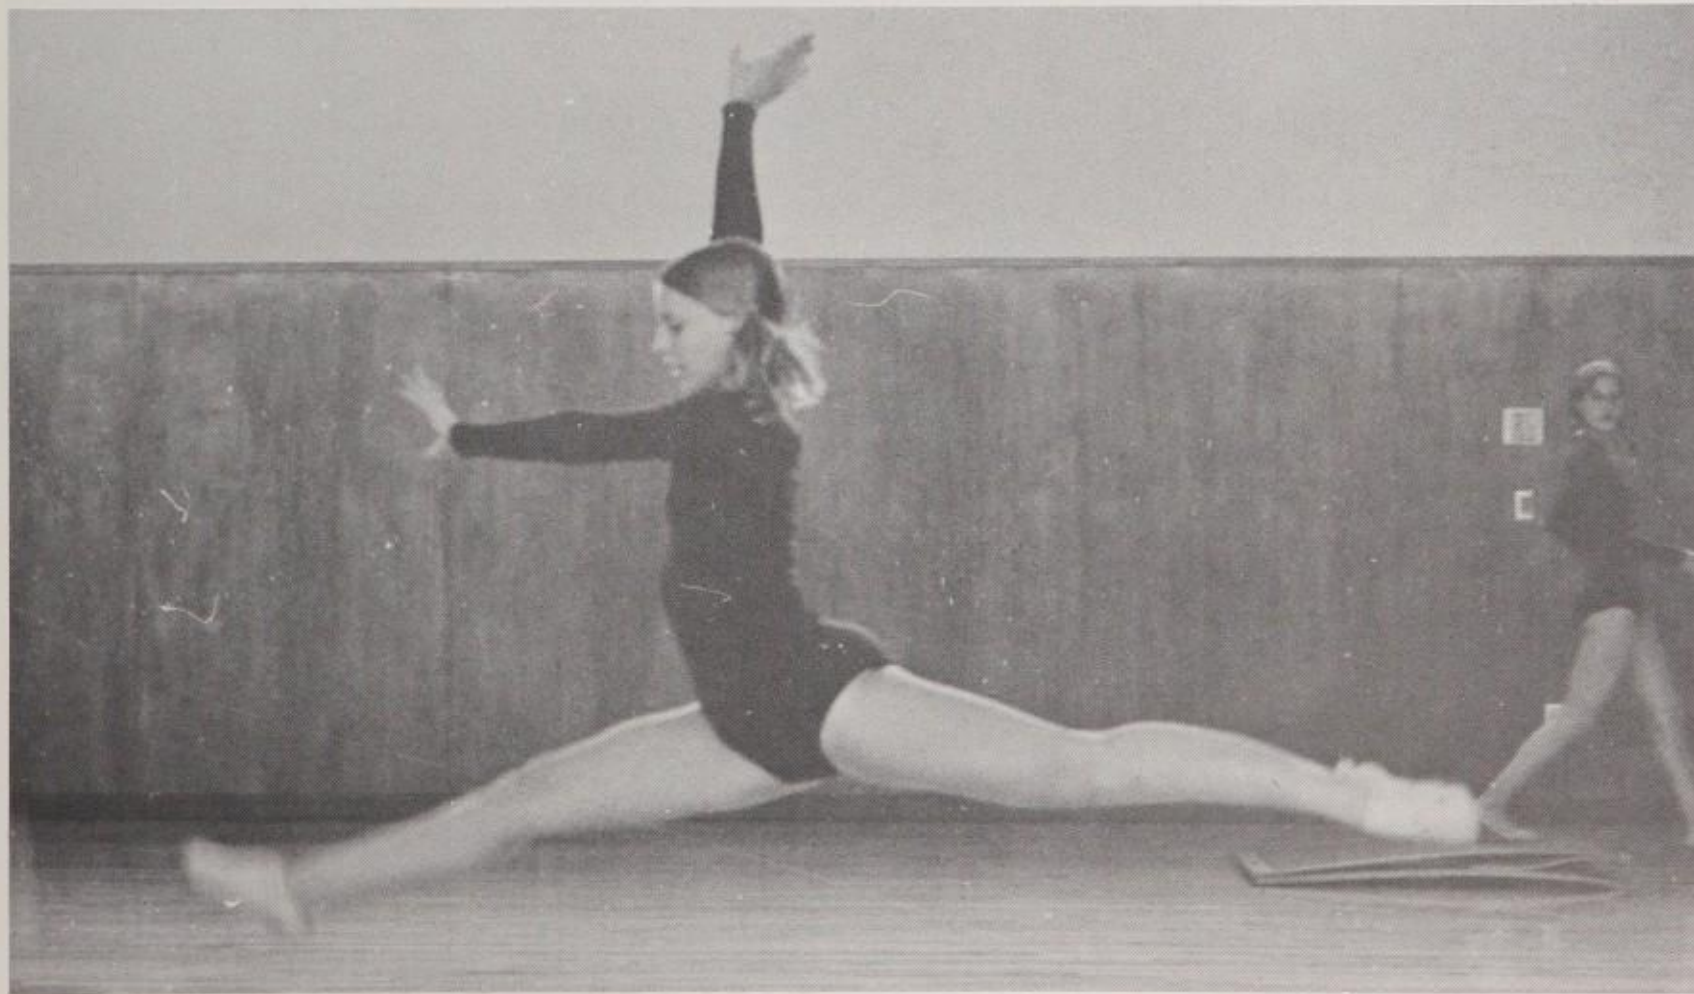

The team had three returning lettermen, Rich Drewes, Dean Simpson, and Brian Vanderpool. Also returning to make up the Varsity Team were Scott Martin, Jody Mack and Carl Johnson.

For the first time in three years, Freshmen and Sophomores were able to try out for both Varsity and Junior Varsity matches.

Great Gentle Gymnast

During the match against Royal, Julie Ausmus performs her routine on the balance beam.

Crystal Holts practices her leaps across the room with perfect stride, before a match.

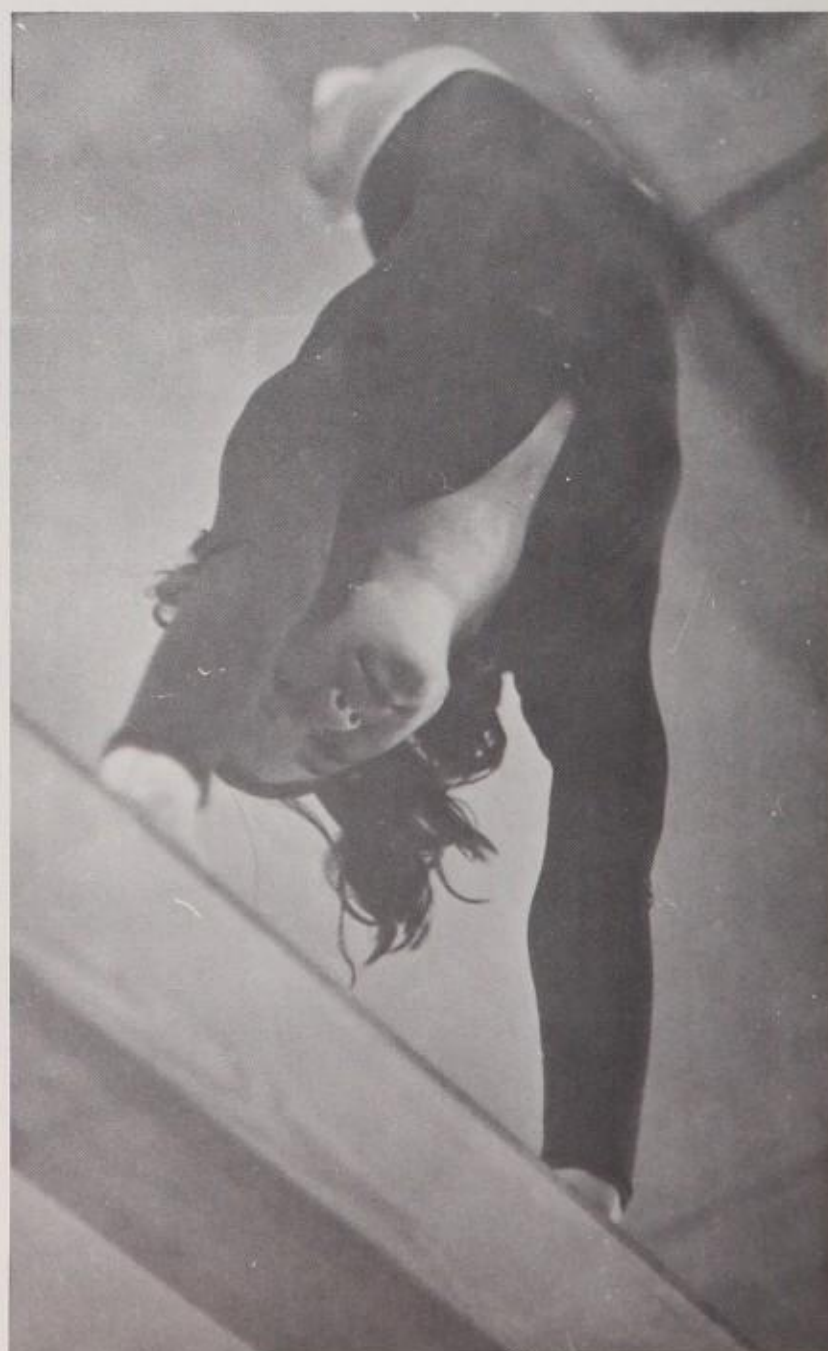

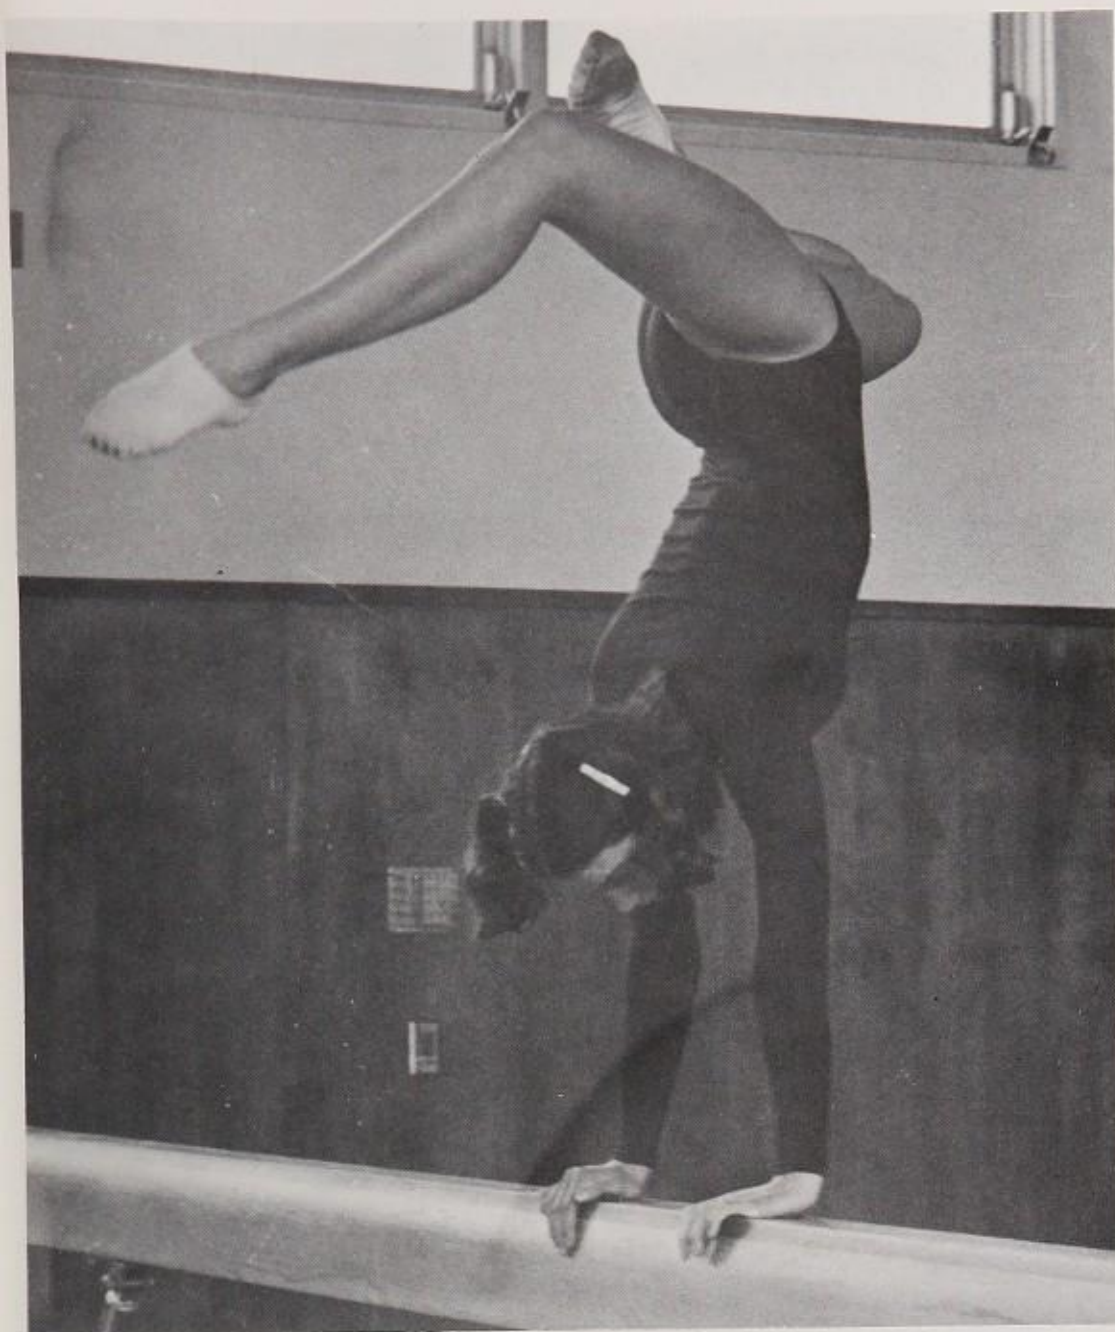

Glynis Chaffin works on the uneven parallel bars, with style and grace.

Christy Decker finishes her routine with graceful balance.

Molly Hartman practices a handstand, on the balance beam!

Jeanine Mogan gives a big smile after finishing her routine on the balance beam.

Miss Wilson takes time out from practice to joke around.

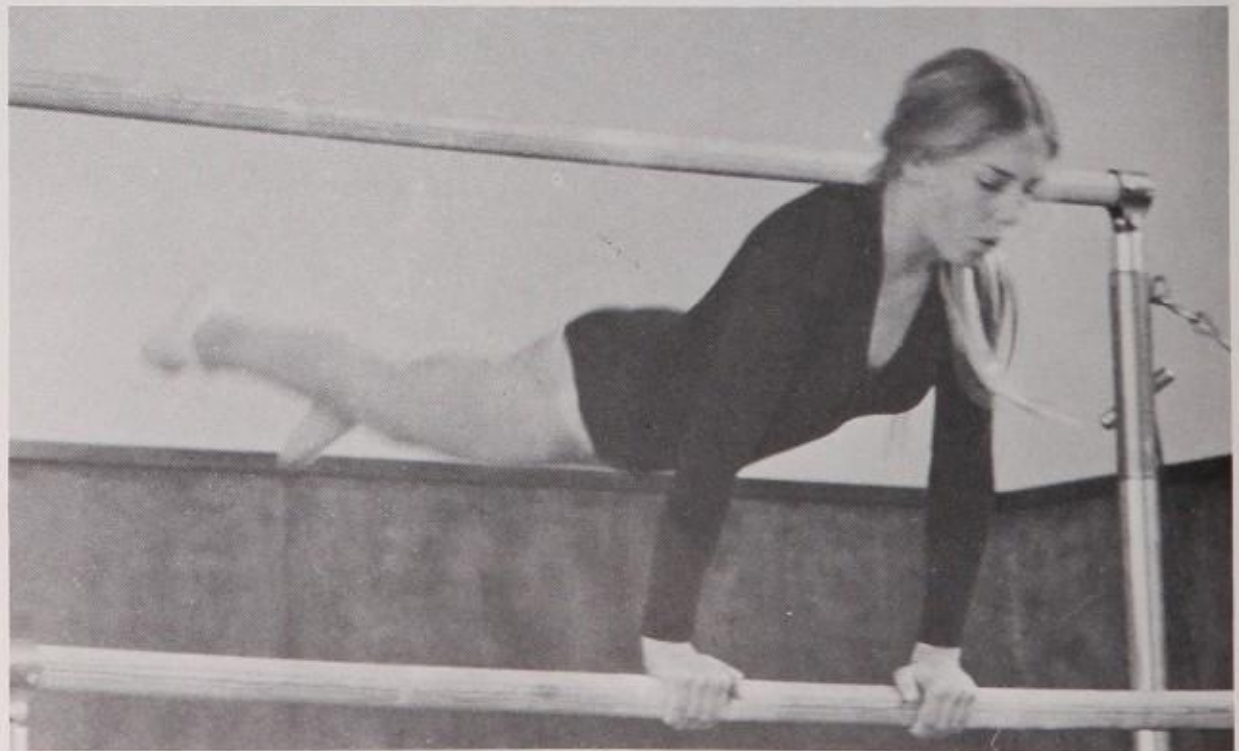

"The Newbury Park Gymnastic Team competed in the Marmonte League for the first time this year. As a gymnastic group, we organized a carwheel-a-thon raising money for team leotards. The girls then held a Christmas raffle to help with athletic team expenses. The girls have worked very hard on their routines and their efforts have been rewarded with a prosperous year. Considering the team consists of underclassmen, next year should be an exciting time for competition."

Different Strokes for Different Folks

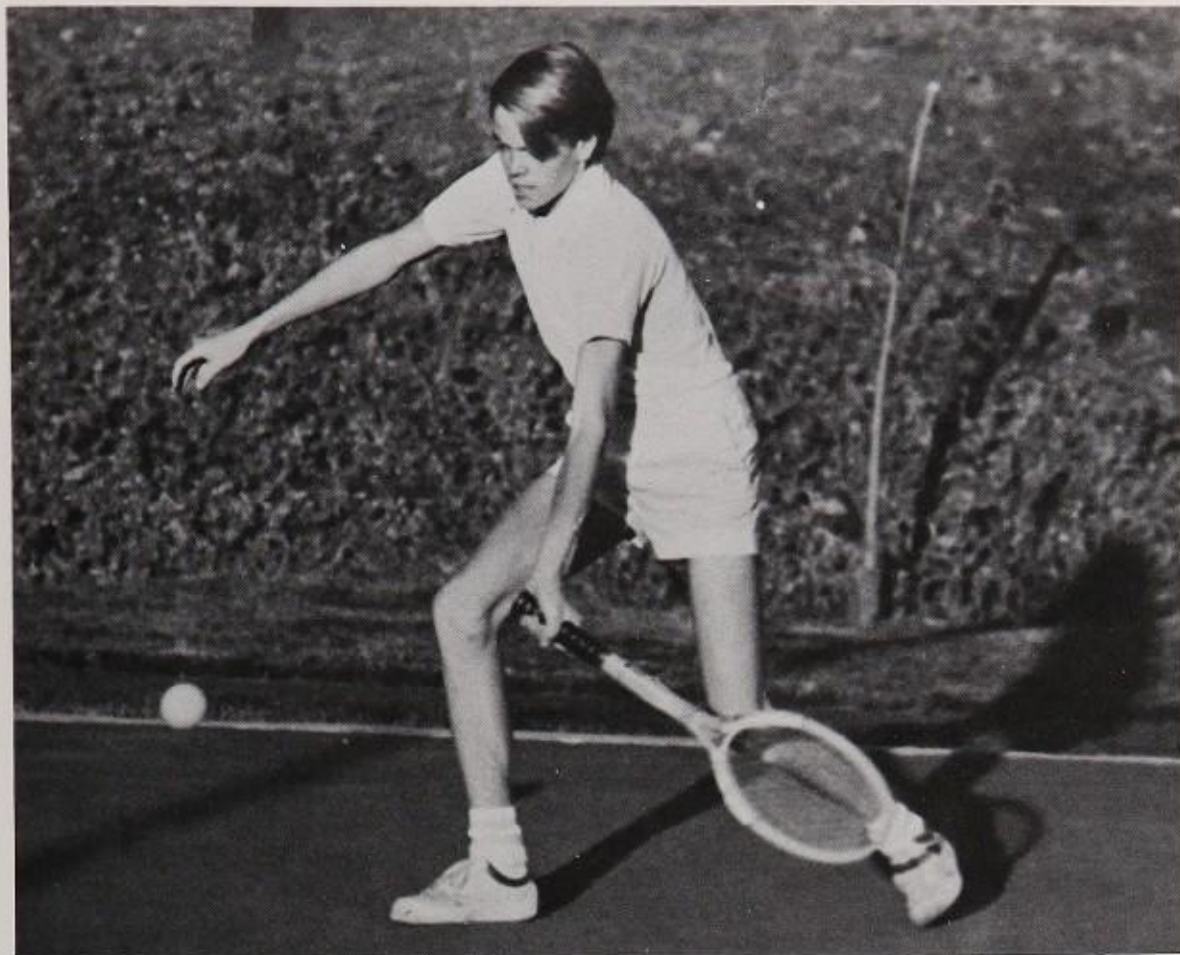

The ball goes straight up and Jeff Richards racquet goes back and straight thru. Jeff's serve demonstrates good form.

The number one player, Sean Brawley during a match shows how he earned the title.

Russ Laningham puts one down the line.

Paul Anderson shows us his forehand swing. He never takes his eye off the ball his concentration pays off.

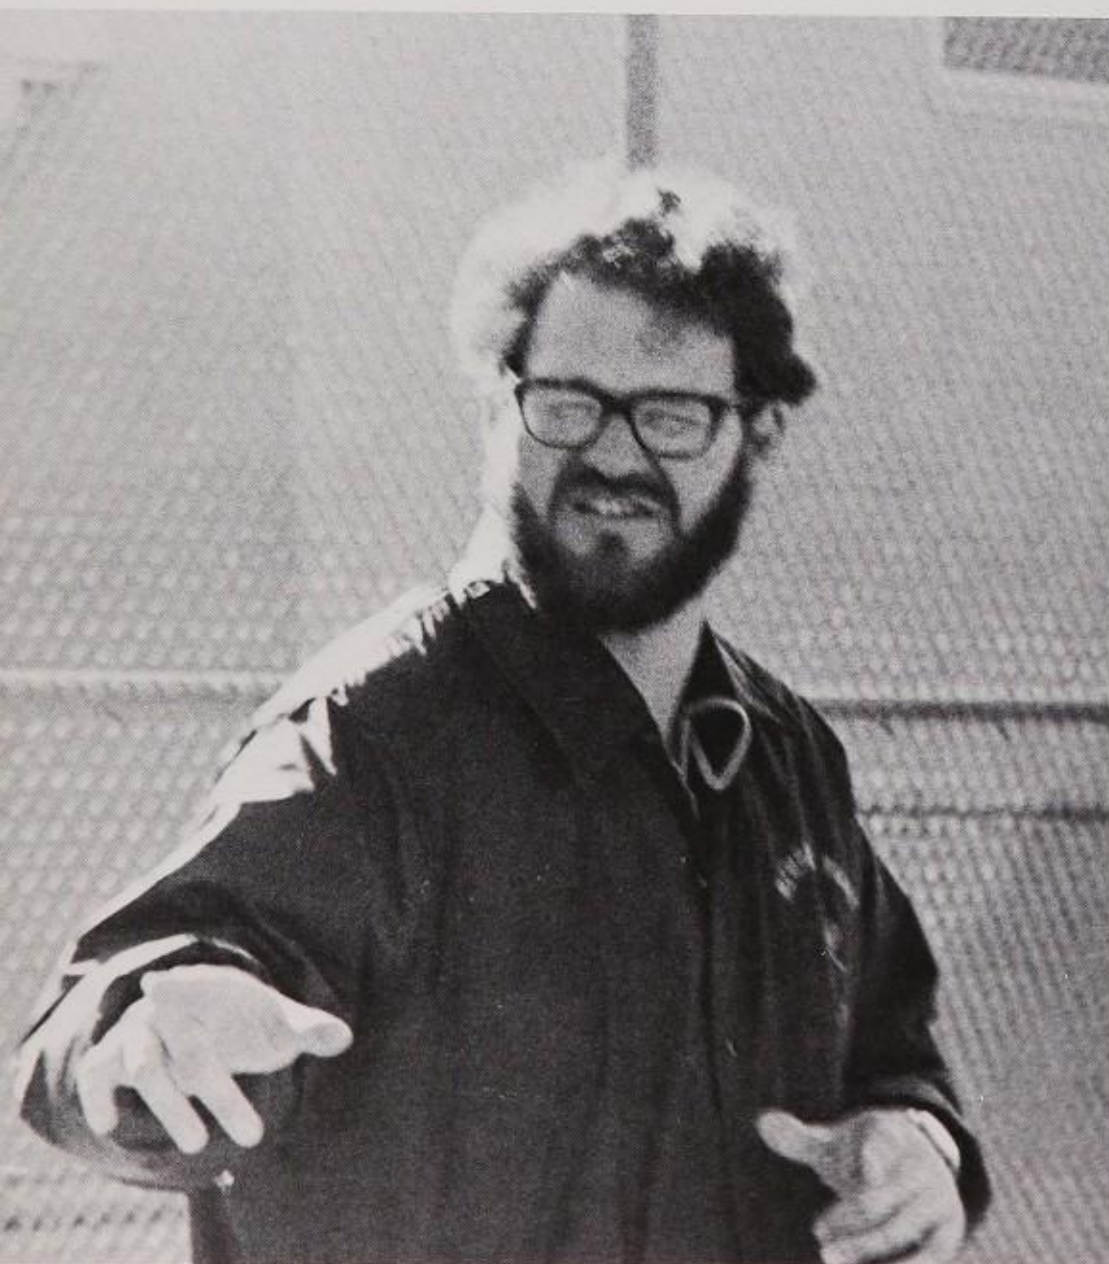

Paul Moore takes it slooow and smoooth. He knows he better take it easy and put a good spin on it.

Dale Hovious- His hands move quicker than the eye, as his backhand smashes the ball over the net to ace his opponent.

Tennis

The Number One Racquet

Coach Dick giving the team a few pointers before a match. The players pay close attention and the advice pays off.

Come on baby, all the way! thinks Jeff Richards, with a quick forehand to make it 30-Love.

This year's 1976 Newbury Park Tennis Team began the season with stiff preleague competition. Led on by their number one man, sophomore Sean Brawley, the team faced tough matches against Dos Pueblos, Bishop Diego, and Agoura. League competition once again keyed on the perennial cross town rivalry between Newbury Park and Thousand Oaks, with the league champion emerging from those matches.

Throughout the year Coach Dick was quite pleased with the improvements of Paul Moore, Paul Anderson, Tim Hackett, Jeff Richards, Jackie Ballinger and Dale Hovious. Several bright J.V. prospects looking forward to breaking into Varsity level are Russ Laningham and Brett Korf, last year's "Most Valuable J.V. player". (Team picture will be in the Summer Supplement)

First - Time JV's

"This years junior varsity team finished the season, tied for second in league with a 6-4 record. This was the first J.V. tennis team N.P. had and they ended a fun filled, fantastic season quite successfully. Patti Hosaki, playing number two singles, gave T.O. the only loss they received in the season. The Most Improved Player Award was given to Kelly Milner. Nina Dillon received the Most Valuable Player Award".—Coach C. Winsky

"We will call this year a building one. We won 10 games this year as compared to 2 games last year. For the second straight season we have competed in CIF Volleyball and we're looking forward to next year's season.

Our six graduating seniors will be missed, but I feel strongly that our juniors will be able to step in and give us a strong team.

The Marmonte League All Star Teams were graced by Judy Wilson on 2nd team and Becky Baker on 1st team.

The Most Improved Player Award was given to Vicki Lacasella and Becky Baker was the Most Valuable Player." Coach M. Dibble

75-76 JV Volleyball

"The junior varsity volleyball team finished the season third behind T.O. and Oxnard. Our season record was an even 5-5, not bad for the very first J.V. volleyball team at Newbury Park. Our Most Improved Player was Mary Marshall, and our Most Valuable Player was Rosie Duran. The Junior varsity all league selection was also Rosie Duran for first team." Coach N. Parvin

Coach Nori Parvin gets caught-candid.

The 75-76 Wrestling Team, as usual, has had another promising year. Since they had placed high in most or all matches, the team had hoped for a Marmonte League victory. Adding to their chances of success was their new activity building while a group of girls, Mat Warmers, helped the team out in many fund-raising activities.

Pictured to the Left are the Senior Wrestlers who have acquired much success throughout their years of wrestling. They have also succeeded in acquiring the following unusual nicknames. Far Left, Craig Scholfield, John Clouse (Jaulser)!, Rick Heinz (the vine!) Panthers wrap-up a successful season

Soph-Frosh team, looks on while Steve Johnson shoots a free throw!

Matt Broadway and Russ Zabel, in an attempt to block the opponents shot, display the fine Panther defense.

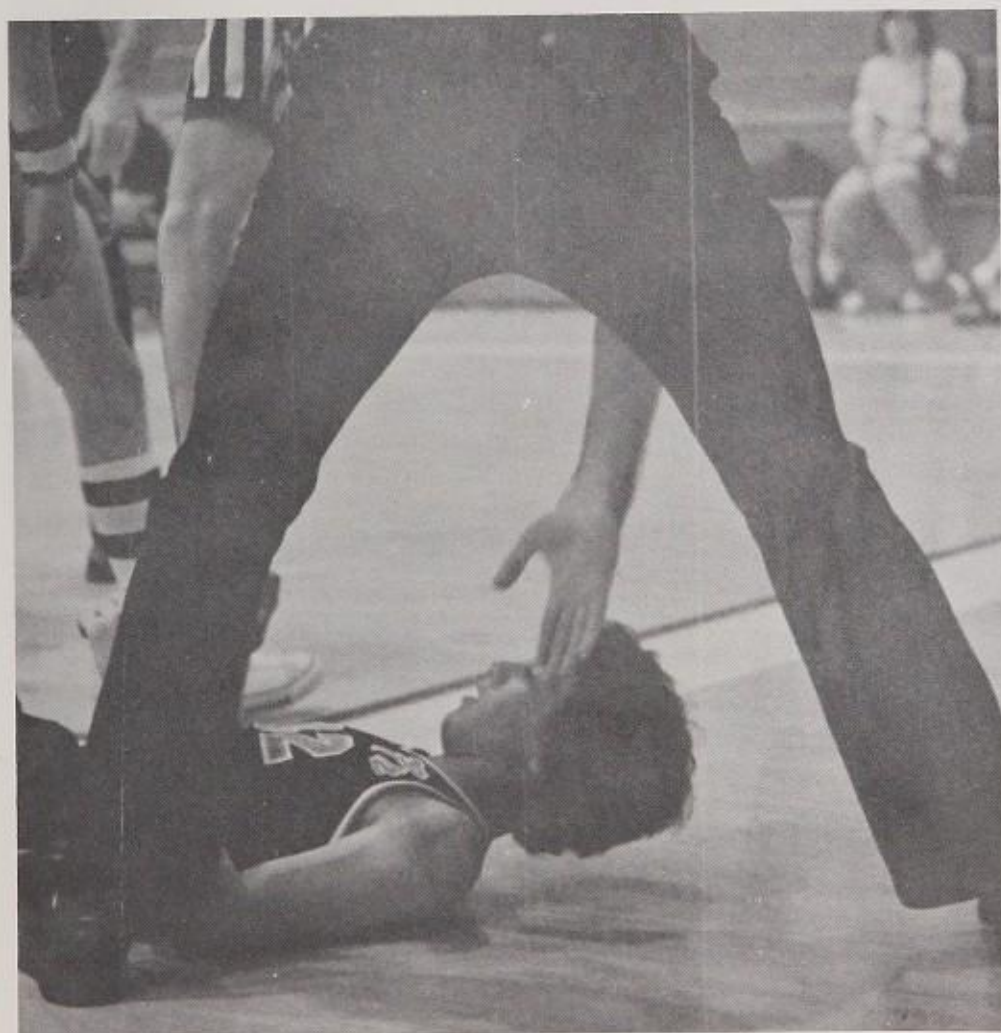

The Panthers go into a huddle. It's a close game against Royal but plans for the flip-flop play and other thought-out plays will pull the team through.

Frosh Basketball: Front Row; Garth Magnuson, Tom Steele, Bob Dudley, Richard Janics, Don Gellenbeck, Greg Intlekofer, Steve Mikouits, Marc Brody. Back Row; Dave Landrith, Steve Burg, Eddie Milano, Chris Riggs,

Gary Abraham in a very unusual position, or is he?

This years freshman basketball team was coached by Dennis McKeown and supported by many fans. The freshman team being the youngest of the four teams at Newbury Park had a successful year.

Freshman Stalk the Court for Victories

Marc Brody, Greg Intlekofer and Richard Janics guard their man carefully.

Gary Abraham, Marc Brody and Don Gellenbeck reach high and wide to gain possession of the ball.

Coach McKeown, during a time out, gives Greg Intlekofer and Marc Brody some inspirational advice.

Steve Carr, in the clear, shoots for two points.

Bart Lennihan jumps for the tip.

Panther Soph-Frosh gave Newbury Park an Impressive season this year. With coach Maygren as the cagers fearless leader the Panthers took the league championship with a 9-1 record and an overall 17-6 for the champs season.

Richard Eklove shoots a jumpshot as Steve Carr looks on.

Frosh-Soph has an exciting season

Ed McKillop at the free throw line concentrates carefully as Tim Bell stands in the back ground. His basket will make the score 53-44, Newbury Park.

Dave Styka awaits anxiously for the rebound.

Coach Gilmore and his J.V. cagers had a good season. They ended the league with a 5-5 record. The team showed team work, and gave their fans a good game. Many of the J.V. players will be featured next year in the Varsity line-up.

J.V.'s keep the baskets coming

See the panther fans and team fascinated, see the fans and players fascinated by the super-shooters on the court.

When the team came out on the floor the crowd cheered, and with the leap of the Center the stands shook with excitement. As the Panther team moved down the court the crowd cheered them on — "shoot for 2, shoot for 2!!" The game started with a roar, the first basket was made by the Panther Super-Shooters!!! Basket after basket, the Panthers put points on the scoreboard every minute. The crowd will never forget that game and all the excitement, for the Panther Super-Shooters really put on a good show!!!

Not only did he coach the team right through the playoffs, he coached them to the semi-finals. Coach Barone is with us again this year and if last year is any indication of his ability to coach Basketball our team has a good future.

Since the beginning of Basketball in Springfield, Mass. in 1891, it has become a major high school, college, and professional sport. Basketball is also a sport that competes in the Olympics. Teams all over the world have been formed and the rules of the game have been translated into more than thirty languages.

In the United States, Basketball is played and watched by more people than any other sport. Over 20,000,000 people play basketball in all parts of the world and more than 100,000,000 spectators watch it during one season. Of course, Newbury Park High School is far from having millions of basketball players along with millions of spectators, but basketball is one of Newbury Park's major sports and draws a great crowd of fans eager to cheer the panthers on to victory, as was done this year.

J.V. Boisterous Basketball

"Junior varsity basketball members consisted of an enthusiastic group of individuals who merged their talents to make a successful team.

There were three returning players out of the fifteen girl team-Susana Howes, Tonya Johnson and Cathy Stansell-who together pooled their efforts with various other teammates to make a super season.

The team was young and inexperienced but through the development of many skills such as the flip flop play, and our pre-season games behind us-Total overall improvement was displayed. The girls made it known through their practice sessions that first place in league was the Team's goal. "Together" became our chant and unity was seen through encouragement from the bench as well as from the players on the court-thus giving that little extra to win league play."

"This year with five returning players and outstanding Freshmen and Sophomores, the Newbury Park Girl's Varsity Basketball Team gave their best shot at taking the Marmonte League Championship this year.

Strong shooting forwards, Judy Wilson and Patty Harpel, together with the strengths of center, Holly Eggebrecht, and guards, Toni Steele and Becky Baker showed great potential with quickness and the ability to create plays when needed. The strong support of the bench added to the outstanding potential of this year's team."

1976 was suppose to be a rebuilding year for the Panther Swimming Team — but no one told them. From the very start the Panthers showed that this was going to be the finest year ever. J.B. Seniors Have a Lot to Give

The graduating football players had the Spirit of '76. For the graduates it meant the last season they would play on the NPHS team. For many of the players, it signified the last time they would set foot on a football field in tackle uniforms ready to play with a team. Hopefully they will remember these years with exciting memories.

Pride, Spirit and Power Pull the Panthers Through

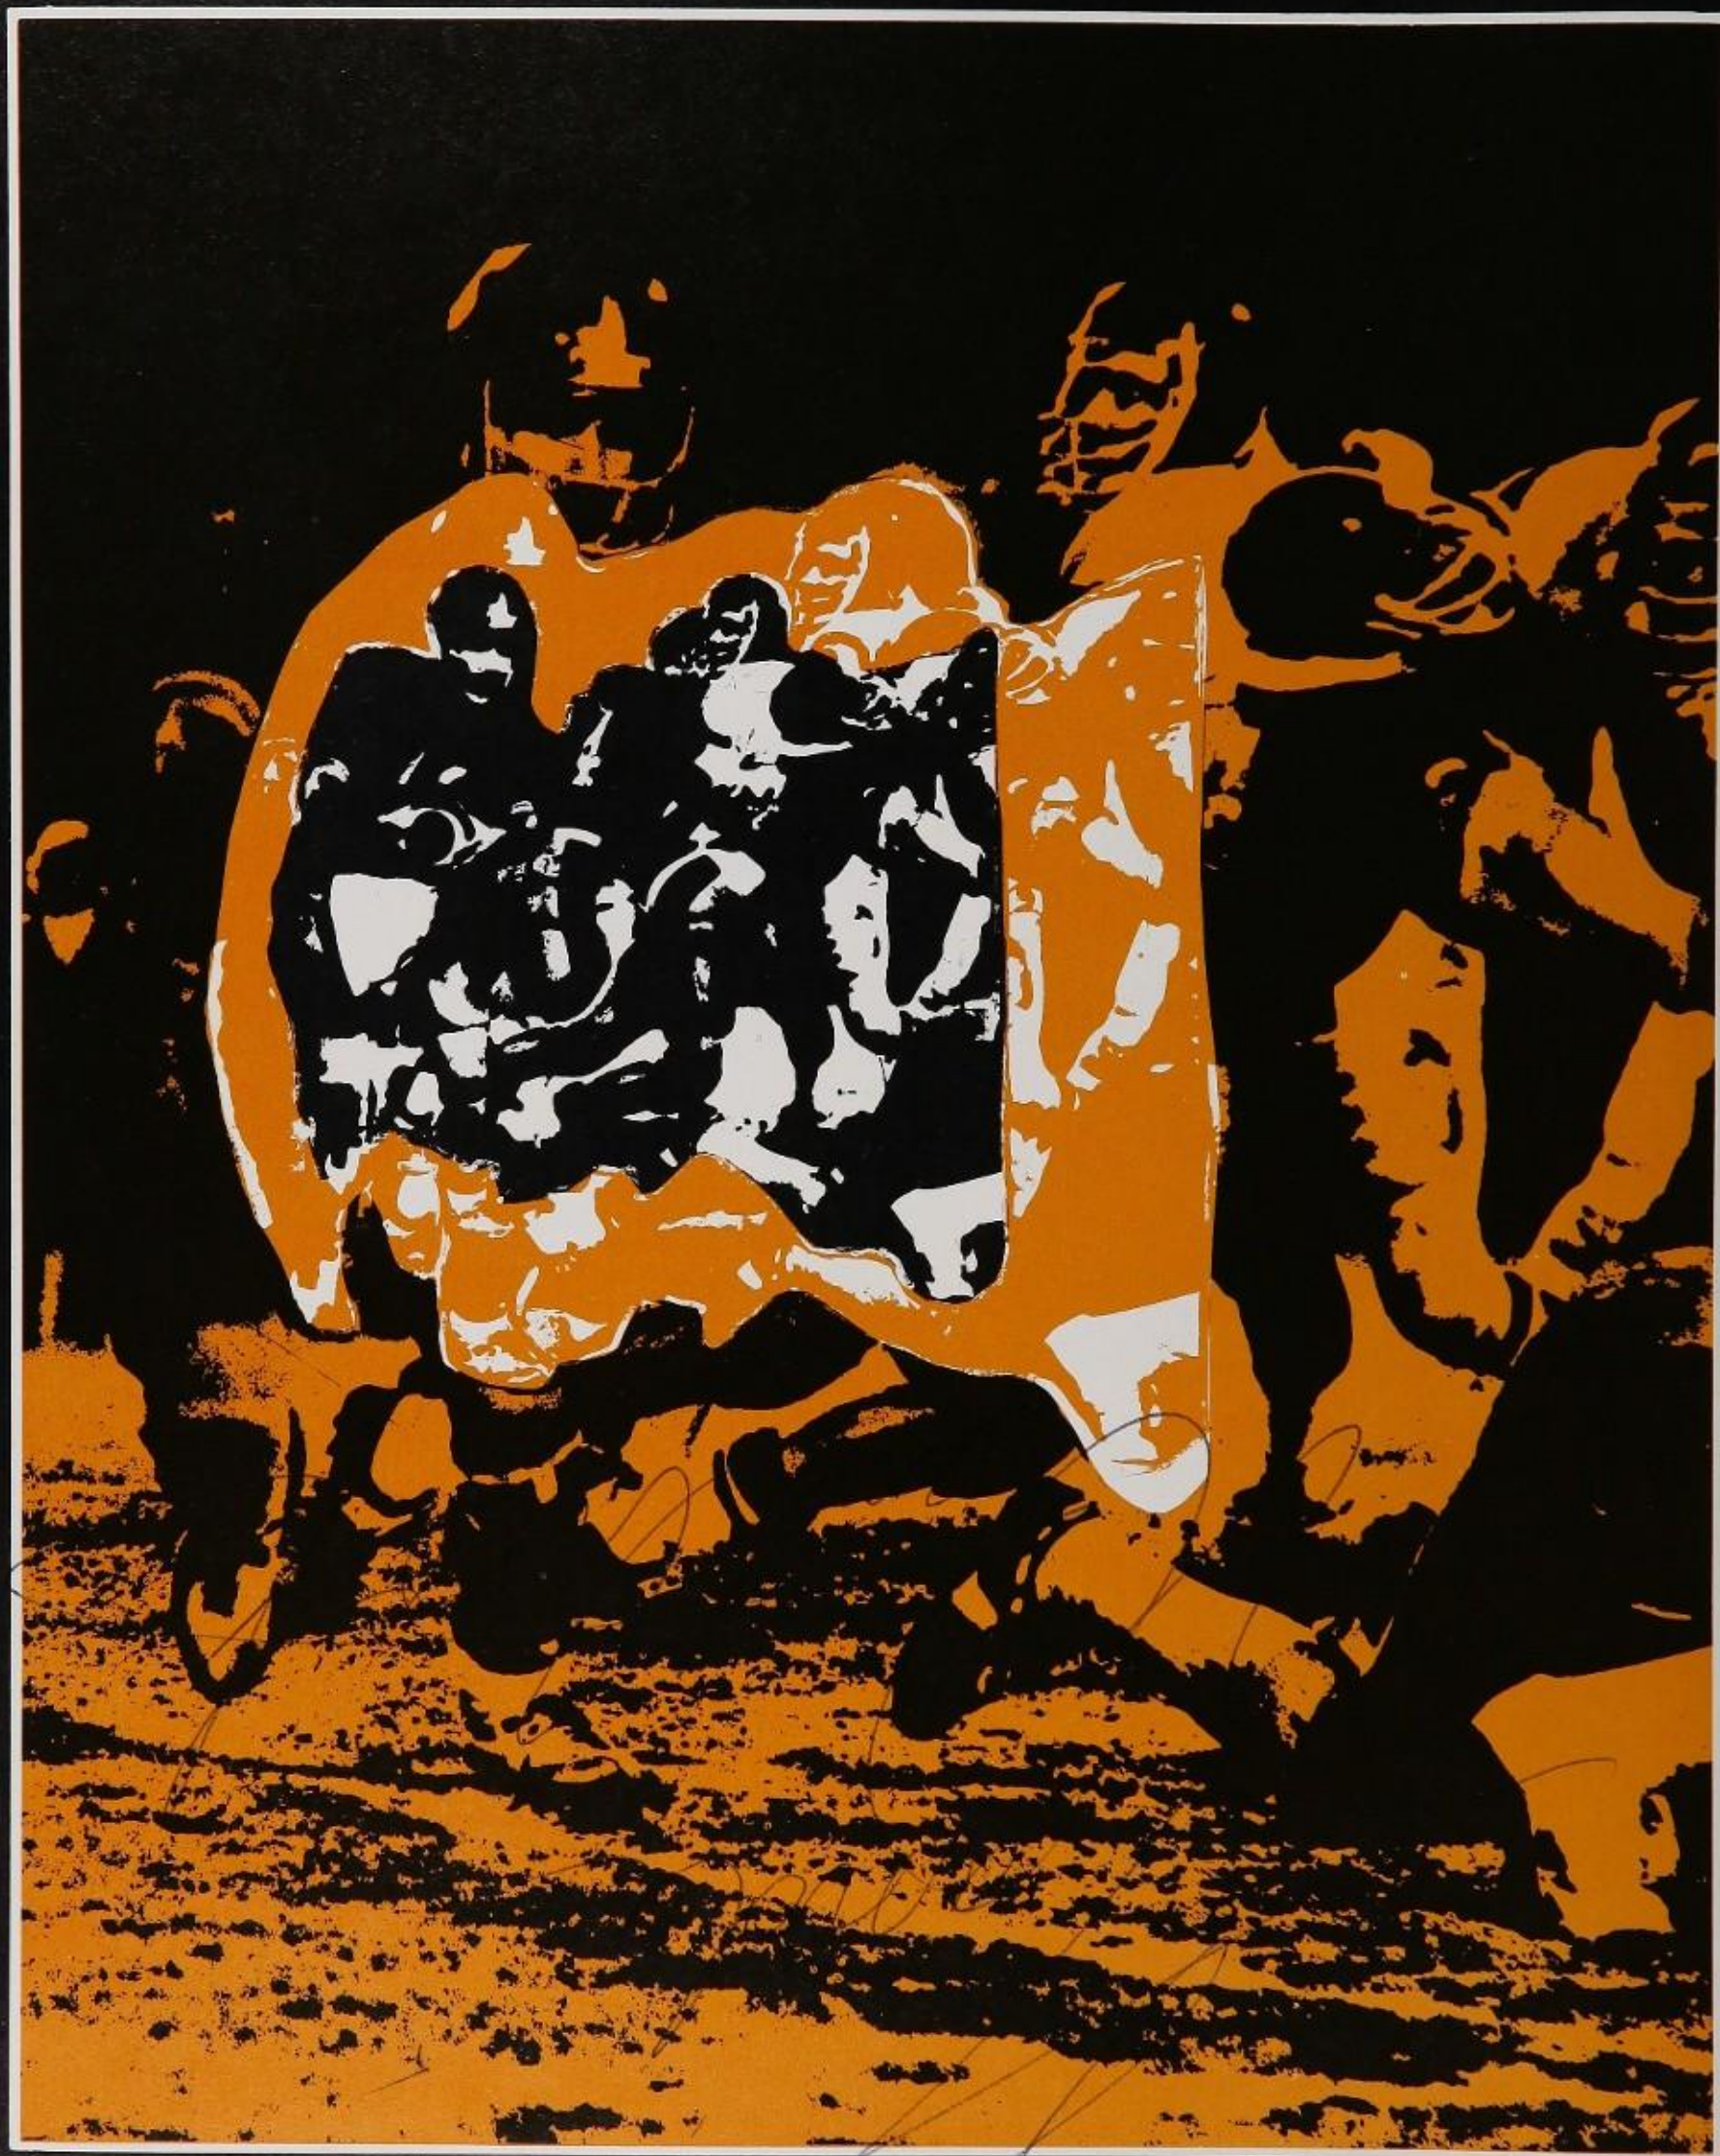

Waiting in great anticipation, Elwood Rodriguez and Tom Lian discuss strategy for the offensive plays.

"Listen you guys, here's what you do next", says Quarterback Ken Mosley as he sets the pace for the next play.

The Panthers kicked off a new season of football. Football can be an exciting, intense sport in which the crowd and the boys on the bench feel just as involved as the players on the field themselves. With every touchdown pride and spirit unite the crowd with the players to spur our Panthers to victory.

I have been thinking a great deal lately about the future of our country. I feel that we are at a crossroads, and the choices we make now will determine the path we take in the years to come. I believe that the most important thing we can do is to strengthen our unity and our commitment to the principles of liberty and justice for all. We must work together to address the challenges we face, whether they be economic, social, or environmental. I am hopeful that if we only have faith and courage, we can build a brighter future for ourselves and for the generations to come.

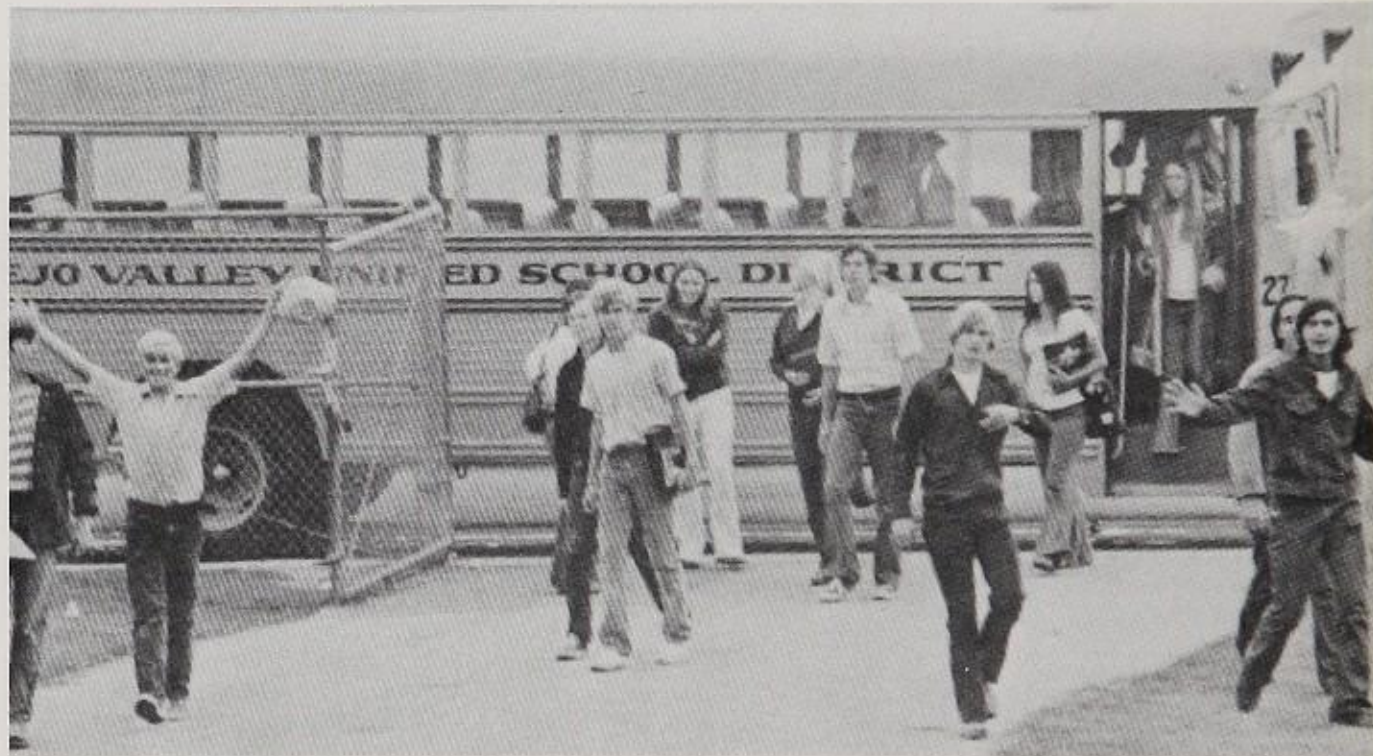

This is the only way to travel.

What's everyone looking at?

Let's Celebrate

Let's celebrate! It's Friday!

Let's Celebrate was the 1975 Yearbook theme. NPHS had a lot to celebrate about in 1975. The Bond was passed to build the rest of the School. The kids at NPHS had a lot to do with getting the bond passed. The new buildings will be finished in January, 1976. The Basketball team went to the quarter finals in CIF beating the top ranked schools. Celebrate!

The year started off with the Welcome Dance and went right into a successful Homecoming. The Christmas Dance, put on by the Girls' League, was also a success. Many other activities, such as Jr/Sr Prom, Senior Ball, 50's Dance, and 50's Day, Graduation and Gradnite were all a success.

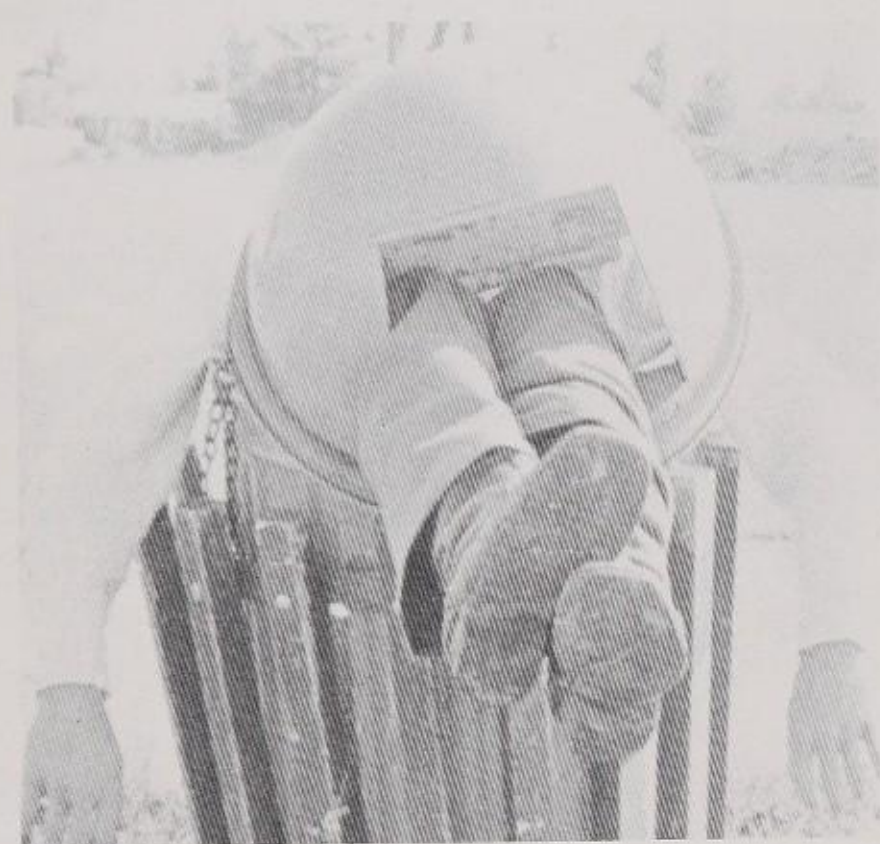

The marquee in front of NPHS was finally finished and dedicated to those who had past away during their stay at NPHS.

Debbie Christenson gets a pie during Homecoming week.

What strange couples for the Sweatheart dance!

Everyone's not perfect!

The theme for 1974 was "we may never pass this way again." Panthers started out the year with many activities. Homecoming, Christmas dance, Senior Ball which was a cruise around the Long Beach Harbor, Sweatheart dance, and the Jr./Sr. Prom. The biggest success was the 50's day and the 50's dance featuring Mad Wheelies and Lugnuts. Finally graduation and grad-nite.

"We May Never Pass This Way Again"

Expressions are a major part of NPHS.

The 1972 Pawprint captured the many changing expressions of the year. Picnic day on the football field during Homecoming was a new innovation. An ASB car rally was initiated. The groundwork for open campus was being set with Sven Larson heading the ASB. Campus sculpture and painted murals decorated the NPHS grounds. It was the beginning of the construction of a huge outdoor kiln for ceramics. The year was highlighted by league winning sports and two spring musicals: "110° in the Shade" and "Charlie Brown."

1972 was also the year of the big gas leak which left the school with muddy trenches and freezing classrooms for a major portion of the winter months.

Mr. Smith: you bad boy!

This yearbook is about illusions at Newbury Park High School. However, there are many facts observed by myself as your new principal that are not illusions, but are very real. The school has grown in size and spirit; Academic progress is improving and in all classes and among students. The P.T.S.A. as a new organization is working toward improved school and community cooperation. As your new principal, I am very pleased and proud to be a part of this fine school.

A Sign of the Time

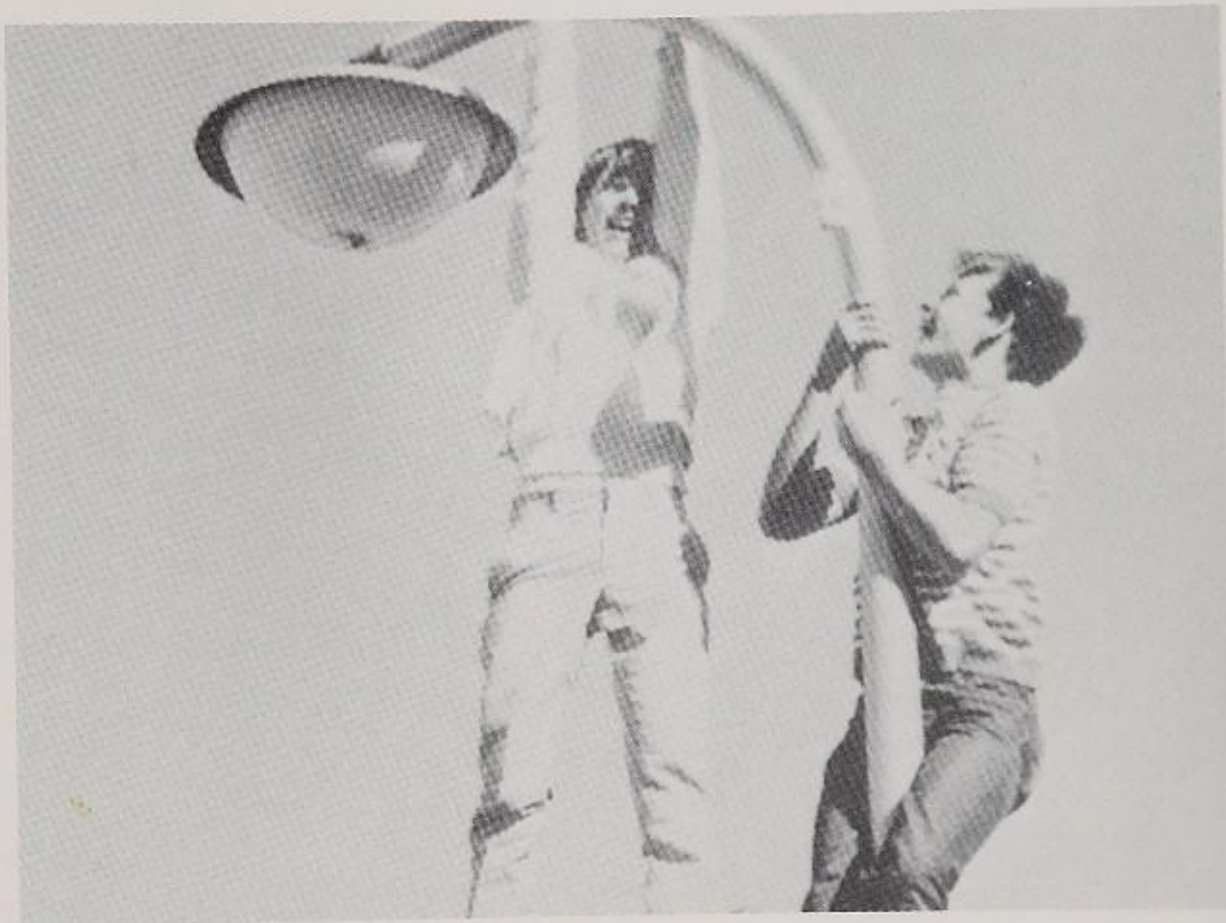

"Hey, you guys maybe it's Saturday."

Astrology is an art and science which has enhanced mankind for centuries. Learned men have studied and valued it; kings and emperors have relied on it in troubled times. Today, more and more people turn to the stars for the knowledge they can gain about themselves and others.

Could it be that our daily lives here at Newbury Park High School are ruled by the stars? Think about it.

1970 was a year of many new things. It had a brand new newspaper, "The Prowler", and the first Homecoming and Homecoming week. Seniors were fated to earn the highest points in games that ranged from a scavenger hunt to a pie eating contest. Our first annual Homecoming attractions were enjoyed by the entire student body. The ASB President was Rick Dillingham.

New clubs evolved this year such as Distributive Education, Speech Club, Girls League and Youth for Understanding.

"Hang in there baby."

"Come and get it."

"Nothing can stop me now."

"Very interesting"

Zeroing in on another year of fun and frolic, the Paw Print staff has chosen Rowan and Martin's "Laugh-in" as the theme for this year's school chronicle. "Holy Walnetto!" you might be exclaiming, "Why did the Paw Print staff choose "Laugh-in" for a yearbook theme? a) Because NPHS is a joke, b) Because NPHS isn't funny at all, c) Because George Washington slept here, d) because the yearbook advisor is really Dick Martin in disguise. Answer: Because

Excedrin headache number 1,969. A Newbury is a lot of work for faculty members.

The second year of the panthers began with a full school of FOUR classes, Frosh, Soph, Junior, and Senior. The year of '69 was inspirational and exciting, with another Varsity Salute and many other activities. The ASB President Tim Brandy had a sparkling, useful student cabinet!

The class of '69 will always be remembered as the first class to graduate at NPHS. The class, also, instituted the senior patio, and they had the first Senior Ball. This was an outstanding year and it will always be remembered.

The First Days in Office: Panther History

"The Panthers first 176 days in office" was the theme of the first pawprint. It was published in 1968. That makes NPHS eight years old. Since 1976 is the year of the American Bicentennial we are briefly illustrating the history of Newbury Park High for the past eight years on the following pages.

The construction of Newbury Park was begun in the spring of 1966. Eight hundred and ninety Freshmen, Sophomore and Junior students opened the doors of NPHS. The year was 1967. In their first assembly, the first day of school, the students were met by the new principal Mr. Elmer DeSilva. The student body answered with spirited applause to his announcement that, Newbury Park High School is your school; let's make it the best in the district."

The school year started with ASB elections. The first President was Sylvia Sykes. The ASB officers and student cabinet were eager and excited to begin the first year. The biggest formal dance was the Varsity Salute which is like our Homecoming. Other activities were the Sadie Hawkins Dance, Hush Day and the Senior Dance. The year closed without a graduation, with smiles and anticipation of the forthcoming year.

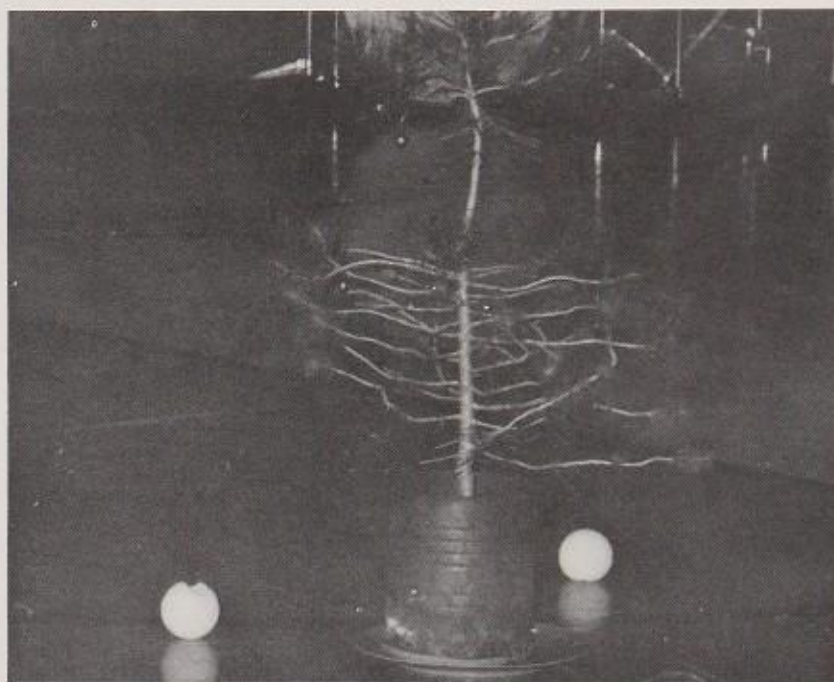

The Varsity baseball team won the CIF championship under coach Jay Merrill.

Triunfo Ball Presents the 1975 Debutants

Our school was very fortunate this year in having five girls honored to be debutants. These girls were picked during their junior year of high school. Qualities that gave them this position were academics and social participation in community activities. From the time these girls were picked in spring until October, when they were presented at the

Triunfo ball, they had many activities and dinner engagements to keep them busy. At the ball these girls were presented by their fathers to the community. They wore white dresses and carried a dozen red roses. This is truly a great honor and probably an event they will never forget.

Photography compliments of Ray Brown.

There were eleven debutants in all presented at this year's Triunfo ball, including Janice Myck, Aspasia Drivas, Cindy Law, Sandy Olden-camp and Beth Brisbane.

A-Rehearsal of the Lorie Brown Memorial Production of *Man of La Mancha*

The faculty show this school year of 1975-76 became a major production, *The Man of La Mancha* for the express purpose of raising funds toward construction of a memorial theatre in memory of deceased drama instructor Lorie Pon-zuric Brown. The director of music was Bruce R. Colell from CHS, the director was Dorothy Beaubien from N.P.H.S., the advisory director was Dr. Richard Adams from CLC, and Janis Myck was stage manager, a student from N.P.H.S.

Dark of the Moon

"Dark of the Moon" was the fall production of Newbury Park's Theatre Arts club. The play which will always be remembered as Laurie Brown's last production, was the tale of Smokey Mountain witchcraft. Performed in Newbury Park High School's own "Little Theatre", room 13. The production was successful.

Assemblies and rallies seem to draw a crowd. Many such activities were planned throughout the year for the enjoyment of the students.

Visitors for a year

This year Newbury Park High School has had the pleasure to have gotten to know five foreign exchange students from all over the world. They are Kerston Roseman from Germany, Fabienne Deforges from France, Pertti Partanen from Finland, Maurico Wanderly from Brazil and Evangelos Koskinas from Greece. Rita Brendon our foreign exchange advisor has been handling the program for the last three years.

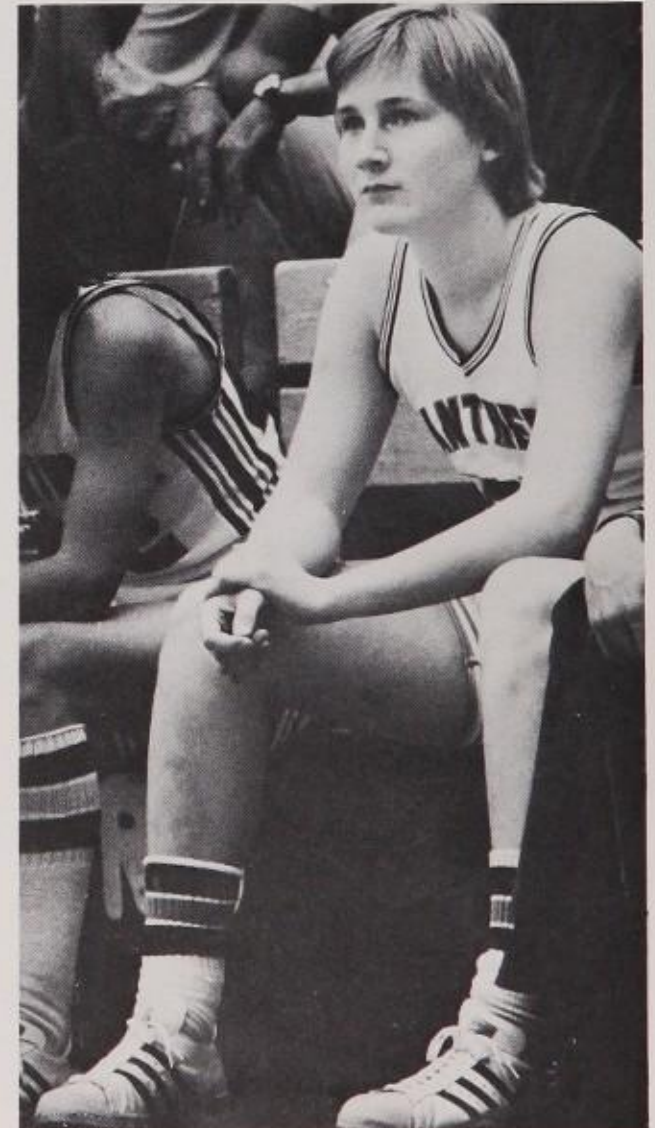

Fabienne Deforges- "Cette année sera inoubliable pour moi. Je peux dire que j'aime réellement Newbury Park, ses professeurs, ses étudiants et tous ceux qui vous font sourire oublier un moment de cafard. Je ne dirai jamais assez merci."

Kerston Roseman- "Mit jedem jag hier in Newbury Park sammele ich neue, sehr interessante Erfahrungen. Ich werde auch in Deutschland noch viel mein Jahr in den U.S.A. denken, und es wird für mich immer eine bedeutend Zeit meines Lebens bleiben."

Maurico Wanderly- "O Brazil fiea na Ameriea do sw. Ele tem dizieete Estados, o mais e mais valorizods e Amazonia. A eseollra da Presidente da Republica é por volo indireto. A capital da Republica é Brasília. Ele co tem duos Estscões no Ano, Verai e Inverno. A lingua que blamos e o Português. Homecoming, Fun for All

Homecoming this year got off to a good start, with the building of floats and other activities such as the waterballoon toss, raft races, Volkswagen push and move.

Smiling faces gathered around to watch the activities while rooting for class competition.

Celebrate, this years homecoming theme, is just what everyone did. The students enjoyed themselves during homecoming week whether they participated in the activities or not. The whole week was topped off with a parade, a football game, then a dance.

The Freshmen homecoming float shows a lot of spirit with a black and gold Panther.

Panthers in action

Linda DePalma takes a serious moment to sit down and talk. This program has given her the opportunity to see how important it is that she cares.

Every day the girls go to the Hospital to visit the residents. It's a joyous occasion, as Antoinette Callahan shows with a big smile.

Valarie Harris shows how easy it is to provide her love, concern and care without any thought of what she will receive in return.

A program was offered at Newbury Park High School to help the students and the mentally retarded at Camarillo State Hospital. The program was referred to as "High School Without Walls". The program consisted of two 17-week series to coincide with the school semesters. Twenty students attended from four schools, making a total of 80 students for each series. In return they would receive ten credits.

The student volunteer would travel to the Hospital and help out with recreation, sports, personal grooming, academics, such as learning names, colors and numbers. Their skills were also used in the Workshop for the Mentally Retarded, the Patient Library, the Behavior and Social Development Program and the Deaf Program.

The students worked on a one-to-one basis with the residents under the supervision of Nancy Flowers who was the Supervisor of the Volunteer Services. The Program as a whole seemed to be a great success.

High School Without Walls

Valarie Harris helps in having a good time. She has a chance to do something constructive in her young life, by just caring.

Antoinette Callahan and Valarie Harris make the trip down that long slide a little easier.

Many of the people are being helped with sign language. As Valarie Harris finds out she can really communicate.

Students make fire-fighters

Jim Kendricks and Vernon Siren, two students from the successful fire-fighters program, proudly relax by the bright yellow fire engine.

One program offered at Newbury Park High School involved work experience. The program presented various types of jobs for a hundred and fifty students. They could work and earn ten credits per semester at the same time. Weekly assignments were required, such as filling out applications, pre-employment test and resumes. The students also had guidance in selecting a future career after High School.

Another Program offered was the Cadette program. This program involved twenty senior boys, ten from Newbury Park High School and ten from Thousand Oaks High School. The boys worked at five fire stations in the Conejo Valley. They spent a minimum of ten hours a week and earned five credits per semester. The purpose of this program was to expose them to fire science and the career of being a fireman.

Cheerleaders turn N.P.H.S. on to spirit, Spirit of '76

The panther spirit squad this year brought with them many changes and also followed through on N.P.H.S. traditions. Instead of six girls and a mascot the varsity squad had four girls and a yell king. The girls cheered the football, basketball, wrestling, track and swimming teams on to victory.

To raise money to support their activities, the girls sold homecoming mums and valentine carnations, a N.P.H.S. tradition. They held many car washes and a fashion show. Donna Gunderson and Sandy Cardamone proved that football can be a dangerous sport, while sustaining knee injuries during a football game. RAH!

The photography program at Newbury Park High has been initiated by Mr. Valentine, who has put much of his devoted time and effort into a highly productive photography lab. The students are developing creative styles and printing techniques with the use of this lab. The dark room includes seven enlargers, a complete system for developing film, making and mounting prints. Many of the students experimented with litho and solorizing. Pictures on the preceeding pages are examples of outstanding student photography.

Nancy,
Baton has been so
much fun this year I
have really enjoyed it and
it was really great when you
joined because then we had a four-
some ~~team~~ (when we got everything straightened
out (HA!)) which I'm glad it turned out like
we didn't get to swirl all 4 of us too bad
because that would have made things complete.
I hope that next year is even better for you guys
than it was for us. I wish that the end of the
year could have more than it did for
teams. I'm glad you and Lori ~~became~~ became so close +
mistake last year when we just took
on one more (though we had no other
choice) because I know Lori felt left
out alot. I'm sorry for any
hard feelings that Lori caused
you because I want to
leave things right
between
us

Newbury Park High School's choir groups consist of Mixed Chorus, Midnight Sun and Black Orpheus. These groups have put on many shows. Their first show was "The Other Side of Me" on Nov. 4, 1975. It was a new experience for all. The group was lead by John Ledwon.

Another show was the Christmas concert in December and a Spring Show in May. Mr. Ledwon as director and Terri Cole on piano, the musical "Bye, Bye Birdie" was a success. The group also sang at Busch Garden's on February 21 which was a lot of fun for all who attended.

The students involved in singing for Newbury Park High put in a lot of hard work and have many fun times. The seniors will be missed but as usual plans for the coming years will continue.

Black Orpheus: Front Row; Christine Nelson, Evacon DeMello, Melissa Kitnick, Ralph Goers, Tim Pierce, John Turturro, Rory Garber, Cathy Connelly, Jody Mack, Christy Hodson, Cindy Heinz. Second Row; Karen Zandt, Mary Sullivan, Barbi Ames, Sheila Cwalinski, Denise Mertimer, Gary Heath, Dave Shroyer, Mike Sullivan, Phil Moreno, Dean Andal, Janice Johnson, Patty Hauch, Jody May, Cindy Kraft, Laureen Swiertz. Fine Arts

Students of NPHS express their feelings through music and art. The beauty of the world as interpreted by many of our students during the school year 1975-76 are on the following pages. The young artists exhibit talents in drawing, campus mural paintings, photography and commercial art. Newbury Park students are strong prizewinners in local, regional and state art competitions. Outstanding prizewinners this year were Barbara Barrett, Paula Swauger, Penny Dykeman, and Paul Siegle. Award winning photographers were Paul Moore, Mark Sanders, Marty Angerman.

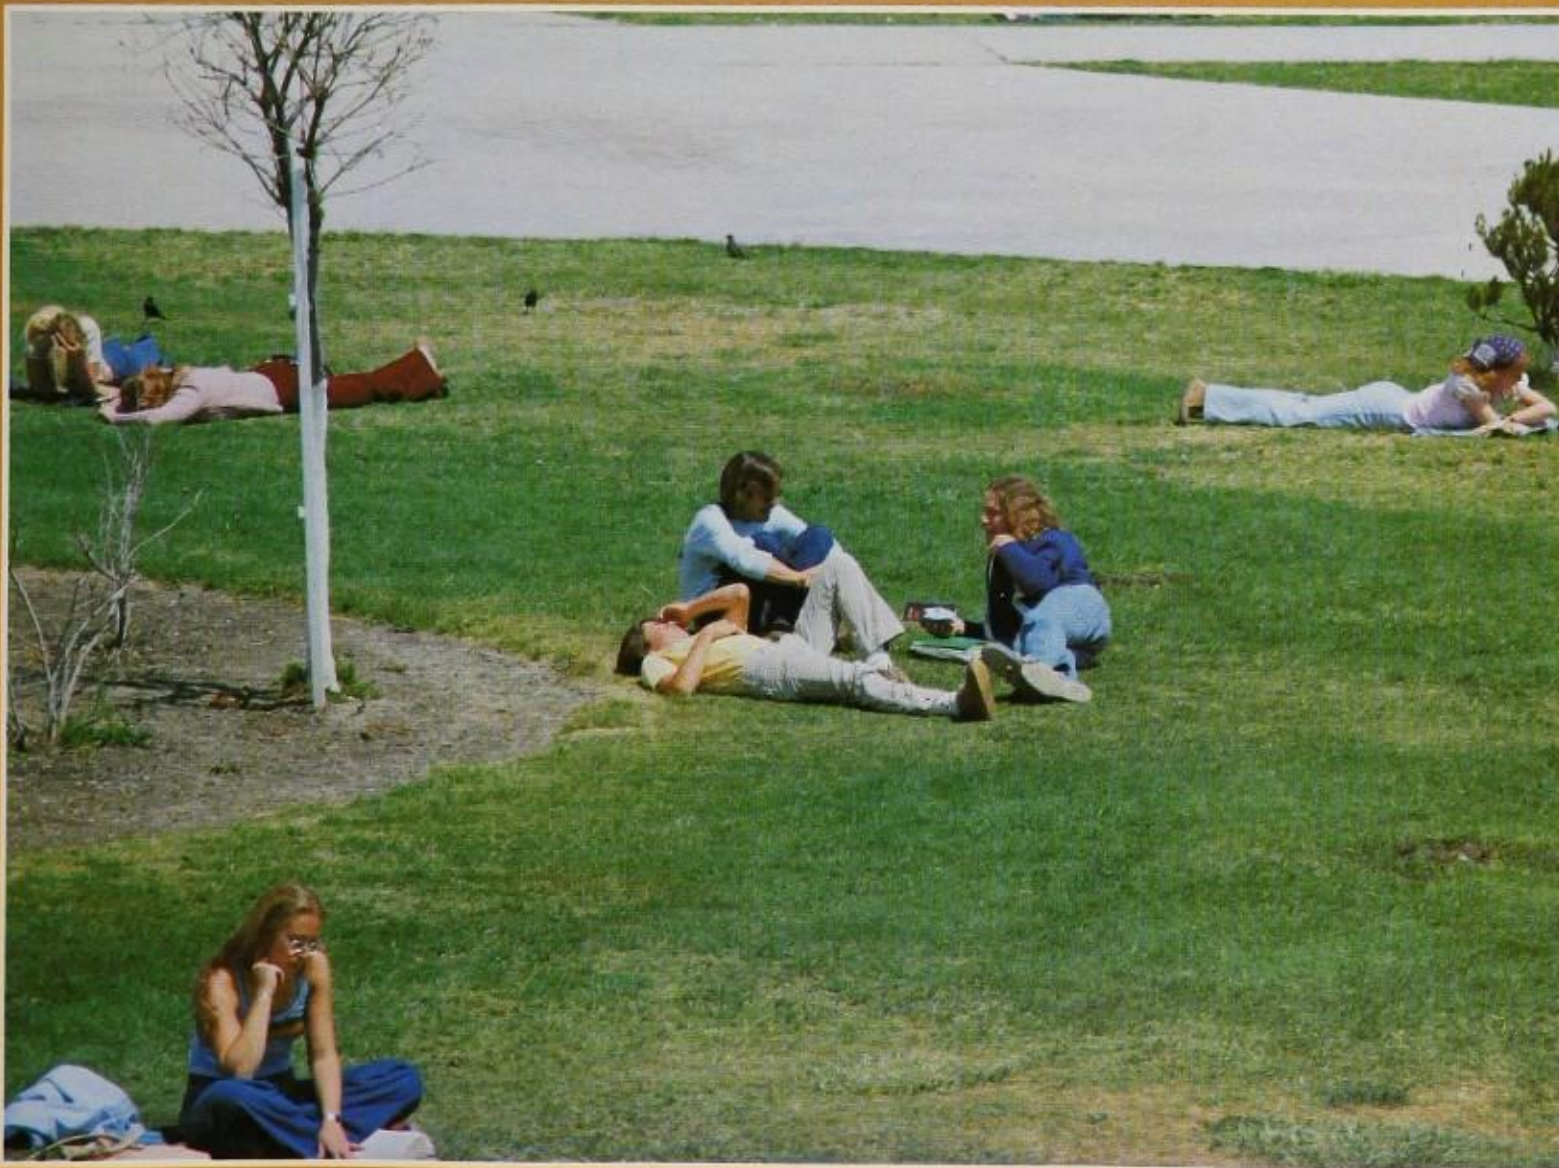

Not only do the NPHS band members perform at every home game and many parades, they manage to enjoy themselves at their annual band picnic held in September.

Some of the Senior Award Winners

The Beginning of a Dream for a Community in Memory of Lorie Ponzuric Brown.

The Lorie Ponzuric Brown Memorial benefit performance of the *Man of La Mancha* is to initiate the building of a drama-theatre, music hall on the campus of N.P.H.S. in memory of our recently deceased drama teacher, Lorie Ponzuric Brown.

Faculty members from Newbury Park High School are involved in raising funds and arouse public empathy towards the construction of a memorial theatre-concert hall on NPHS campus.

Lorie Brown was a young, energetic, enthusiastic educator and an inspiration to all that knew her. While she was drama teacher the existing drama program amazingly grew in student involvement in a very short time. Inside of four years her teaching assignment evolved from one drama class to four, which included stage crafts. This is a remarkable achievement for any teacher handicapped with having no rehearsal or performance hall.

We feel that through Lorie's efforts, as well as those before and after her, our campus and community interest in live theatre is so strong that an auditorium on the NPHS campus is now vital to the aesthetic and cultural development of all people in the Newbury Park area. This structure will be used for plays, concerts, speech tournaments, civic meetings and other events which require this type of facility.

The construction of a theatre would insure an income for the fine arts as well as vocational job training opportunities for 100's of students each year.

Bank of America Award Winners-3 Out of 4 from NPHS

Peter Is Number One

Peter Stamos, Karen Laukka and Terry Cole won three of the four coveted Bank of America awards this year. The categories were best in Math and Science, Liberal Arts and Fine Arts. At the final competition Peter won the number one position in Math and Science. These are honors NPHS can applaud since three Bank of America Award winners from one school is a first in the Conejo Valley as well as the tri-counties.

Peter Stamos, Karen Laukka and Terry Cole NPHS outstanding prize winners.

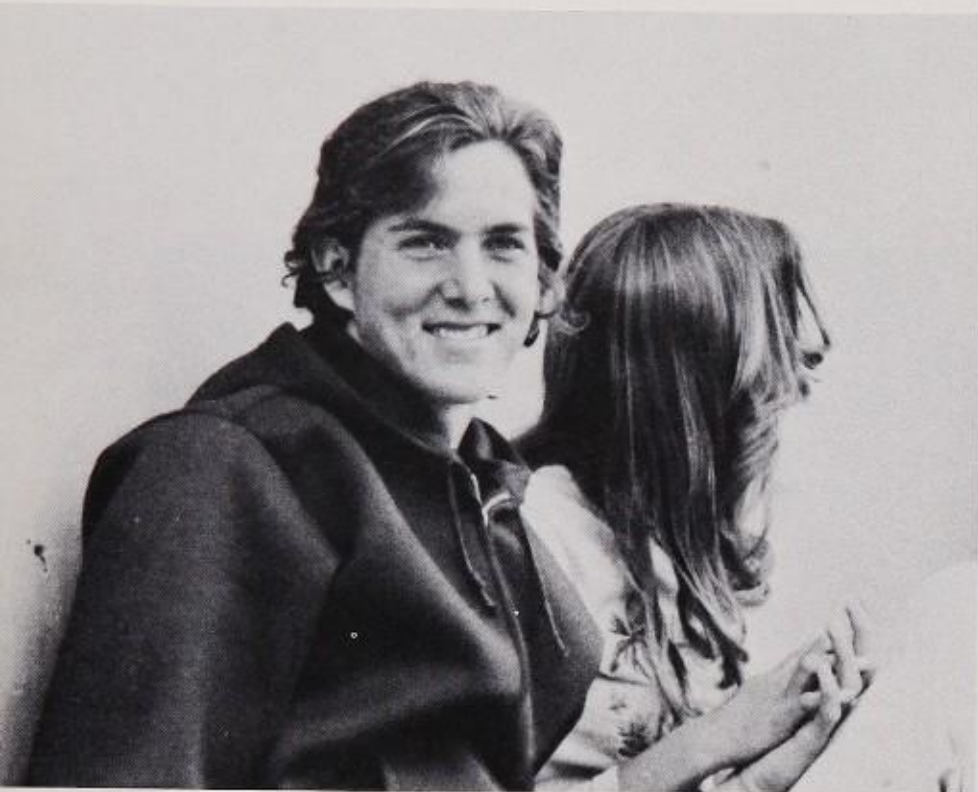

NPHS Sends 8 Speakers to the State Competition another First in the Tri-Counties

With the exceptional coaching of speech advisor Marcene Solarez had eight students qualify for the state speech competition. Two of these students came back with second place. NPHS is the best in yet another intellectual endeavor.

We will always remember our past.

To Form Our Memories

Our place.
Strong solitude.
To it,
We return
Together.
Our time.
A never ending
Cycle of
Wishes...
Desires...
Fulfillment.

Our relationship.
You and I.
Accepting
Each other,
And the time
We've been given.
Our past.
Secret,
Never ending,
Because...
We have a
Future.

"Drawing Hands" by M. C. Escher, a professional artist whose drawing sets the mood for our section.

REACH YOUR HAND TO ME

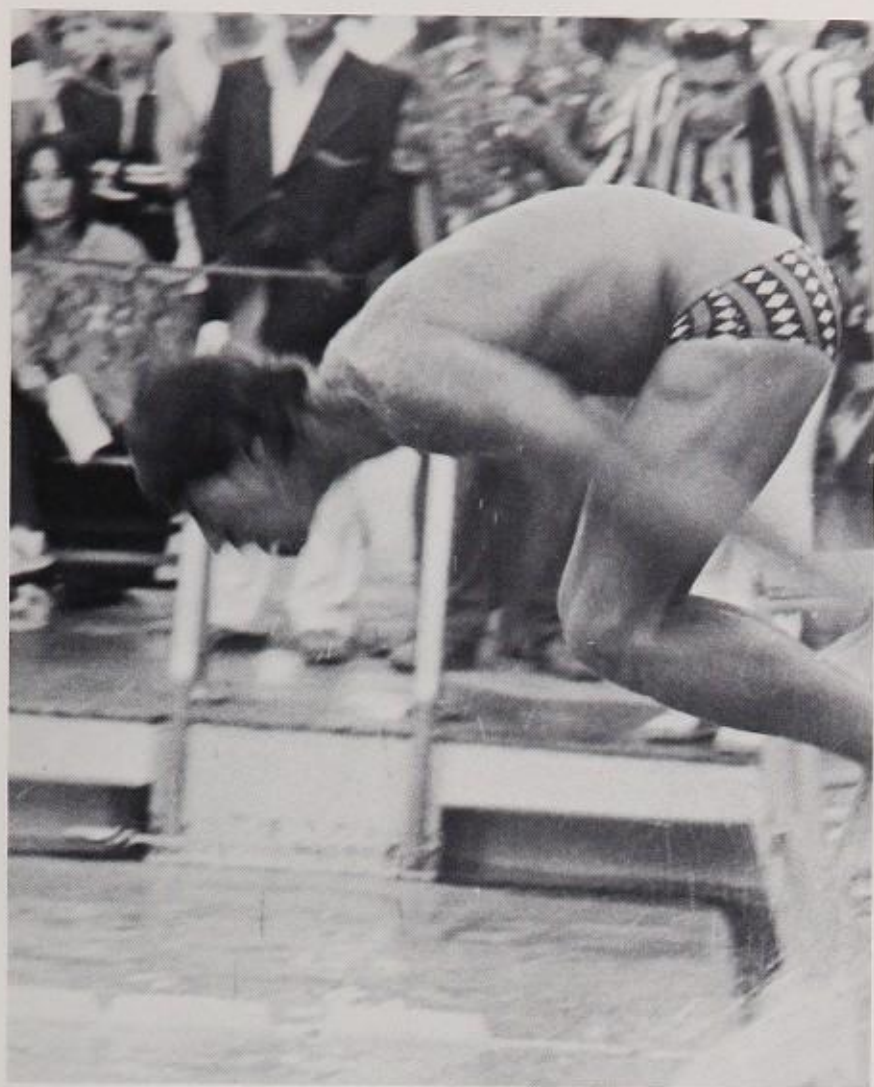

Reach your hand to me, my
friend,
With its heartiest caress-
Sometime there will come an end
To its present faithfulness-
Sometime I may ask in vain
For the touch of it again,
When between us land or sea
Holds it ever back from me.

O the present is too sweet

To go on forever thus!
Round the corner of the street
Who can say what waits for us?
Meeting - greeting, night and day,
Faring each the selfsame way -
Still somewhere the path must
end -
Reach your hand to me, my
friend!

Happiness Is Going to Europe

Mike Hayes swims his way to Europe.

Congratulations to Coach Sawyer, Mike Hayes, Kathy Lockert and also Evangelos Koskinos who get to go on tour in Europe to many swim meets throughout the country. We wish the best of luck to Mike and Kathy who will be representing the United States along with other chosen swimmers. Evangelos, a foreign exchange student from Greece, will be there on tour but representing his home country. He will also represent Greece this year in the Olympics. Coach Sawyer will be one of our team's coaches.

It's a great privilege being able to go to these meets and a great honor to know such people who are representing our own country.

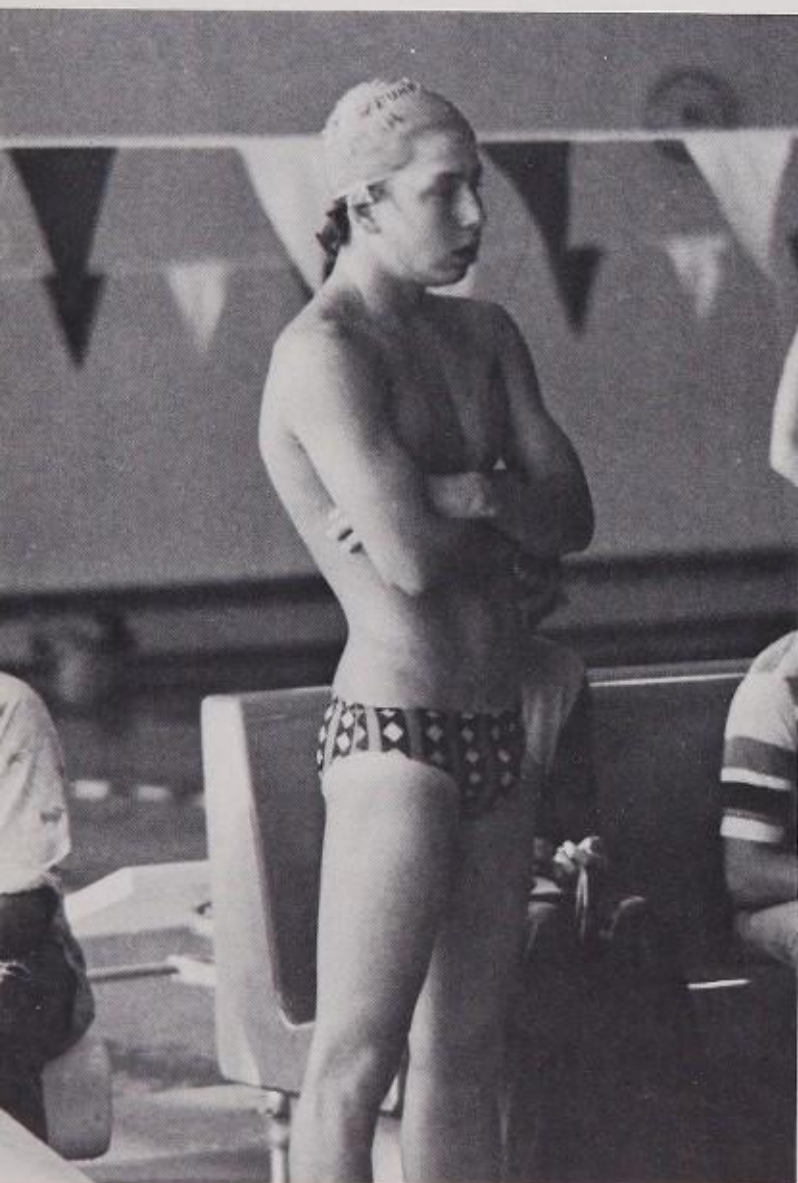

Coach Sawyer says to Mike Hayes and Evongelos Koskinos, "We made it!"

Evongelos Koskinos thinks about how well he's going to swim for Greece.

Linda Holston is showing great form in her forward dive. She did very well, placing third in Marmonte League Diving Competition.

Kelly Culligan waits for the signal so she can start her dive. Kelly had a good season adding many points to each meet.

"This was the 1st year that Newbury Park High School had a competitive diving team. Our two divers, Linda Holston and Kelly Culligan, both did an excellent job adding points to the Varsity score with their competition. Linda placed third in the league in diving at the Marmonte League Diving Championships. We look forward to their competition next season."-Coach M. Dibble

Nancy Getman shows the proper form which will give her 1st place in her 50 yd. breaststroke.

Shannon Higbee gets ready for the start. Her speciality is the 50 yd. backstroke which she usually gets 1st or 2nd in.

Varsity,

"This year was the most successful season in the 4 year history of the Newbury Park Girls Swim Team. Pre-season started with a 3-1 record. The advancement of the season brought a successful season-trouncing all opponents with the exception of T.O. Although the score of the T.O. meet was not indicative of the action, it was a well-contested meet. The outcome of which was not certain until the finish of the last relay.

This year's successful season is attributed to the influx of new swimmers on our team. The majority of our Varsity squad are freshmen and sophomores.

We are losing only two Seniors this year, and although we will miss their contributions to our team, we look forward to next year's season, and another meet with T.O.! The season record was 8-2."-Coach M. Dibble

J.V.,

"We had the greatest swim season ever this year! We finished league with a 6-1 record and overall league standings were 10-1.

We had strength and depth in every event. Our top swimmer in the 50 yd. freestyle was Stacy Hughes, in the 50 yd. butterfly our strongest swimmer was Cindy Olmstead, in the 50 yd. backstroke it was Patty Glynn, and the 50 yd. breaststroke it was Nancy Getman and the 200 yd. freestyle record breaker was Patrice Heinrichs.

I am extremely proud of all the girls. We had a large group of new competitive swimmers this year and I am overwhelmed and very proud of their improvement and achievement.

We will be losing a Senior from the Junior Varsity swim team and will miss her great contributions. Good-bye and good luck, Nancy Getman"-Coach Sande Washburn

A Touch of Class

I want to make one thing perfectly clear, "I MADE IT!"

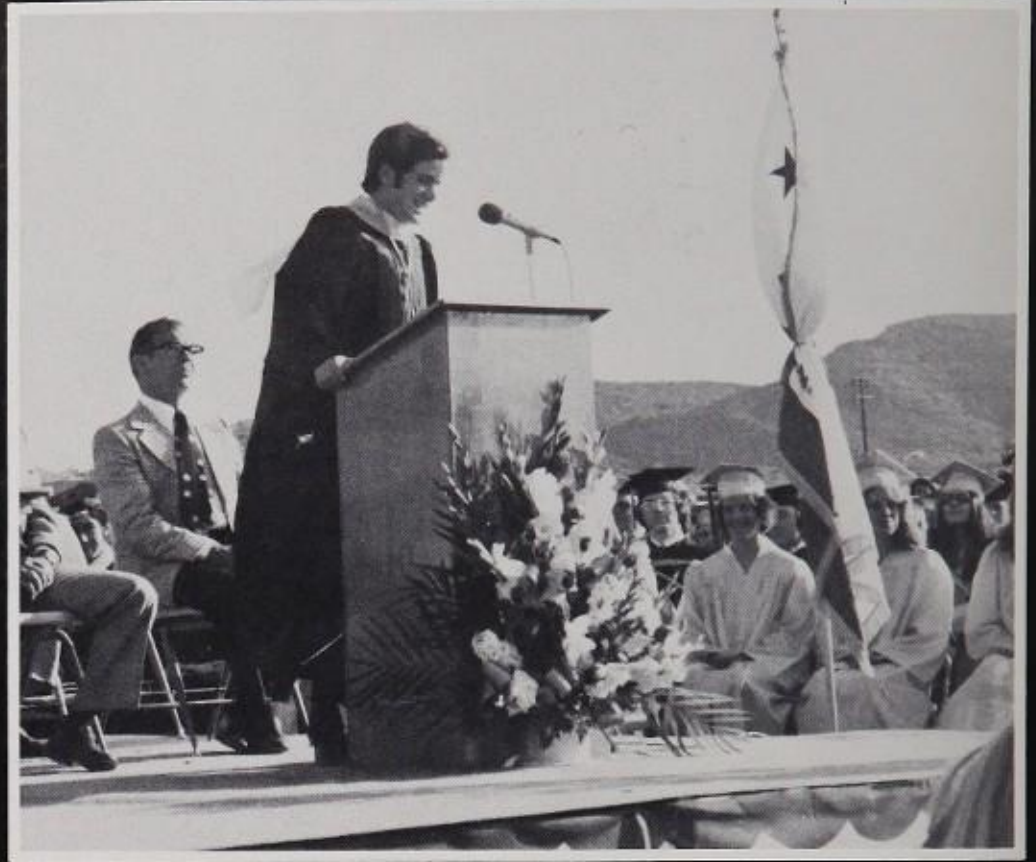

After a mix-up in diplomas Tim Irving finally gets his.

Graduation '76-

Michael Sullivan, the senior class president, leads the graduates and their guests in the invocation.

Peter Stamos, one of the four valedictorians, gives the first valedictory of the evening.

Claudette St. Romain addresses to audience with the second valedictory.

Karen Lauka, in the final valedictory, challenges the graduates to let the world know what they can do.

The graduating class of 1976, which is the largest single class ever to graduate from Newberry Park High School, with over five hundred graduates, will have many fond memories of their high school years. Though these graduating seniors witnessed many new changes they have been able to pull through par excellence.

This year we were honored to have four co-valedictorians. They were Karen Lauka, John Reeds, Peter Stamos, and Claudette St. Romain. Of these four only three gave valedictories. The valedictorians that gave valedictories were Karen Lauka, Peter Stamos, and Claudette St. Romain.

"Hey man! Get this streamer out of my way," says cool guy, Robert Lewis.

"Have a balloon and join the 'in' crowd" says Butch Kurczeski, referring to the "in crowd" as being Tony Rista, Dan Claybaugh and himself.

Vs. Bobbysox & Jeans

Karen Guz, Claudette St. Romain, Fabbienne DeForges, Brian Vanderpool and Robin Robb at the local hangout.

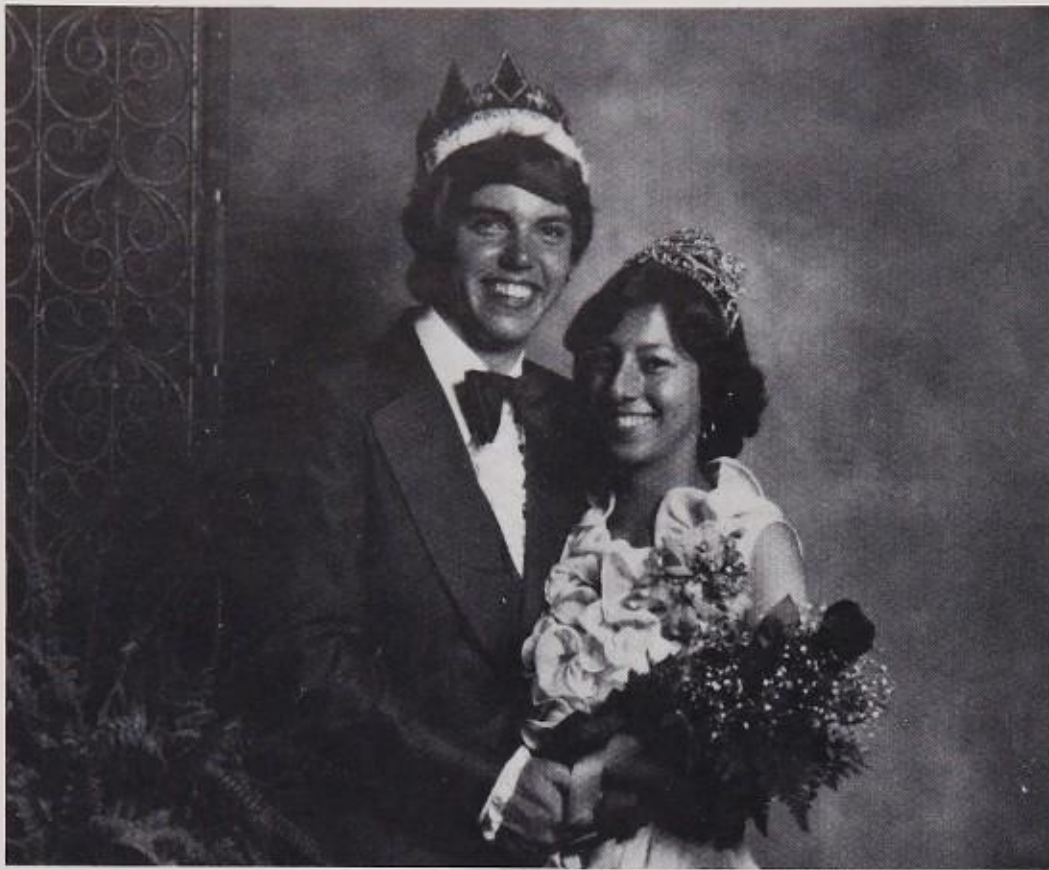

And here we have "Best Legs": Phil Dvorak, "Biggest Flirt": Tim Armstrong and "Best Dressed": Pete Gruenthal.

Watch out! The Raiders are in the neighborhood.

Formals and Tuxs

Mark Shaw and Vicki Lacasella, King and Queen of the Junior Senior Prom.

Don Bernstein and Kim Wiles at the Senior Ball held at the Castaways.

Craig Schofield and Patty Selvege leaving the Odyssey after the Junior Senior Prom.

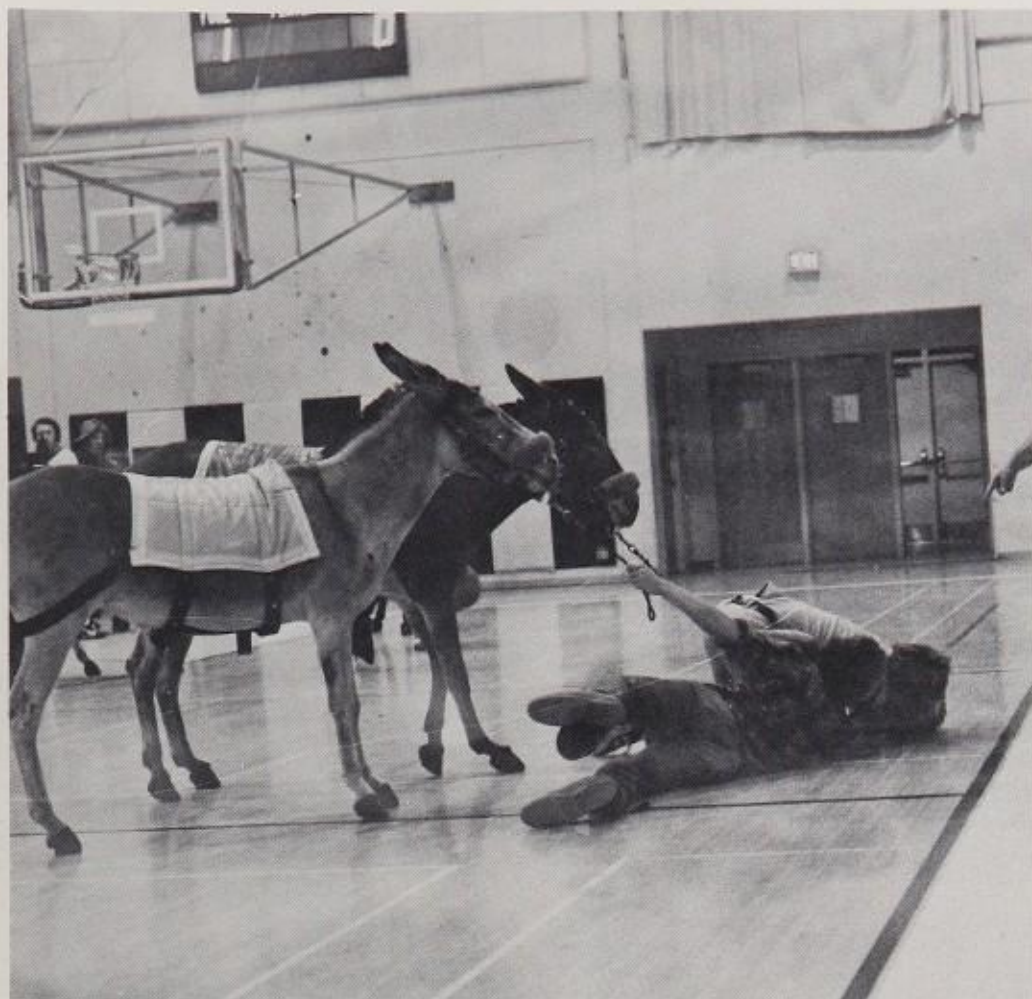

Betty Alvarez and Tom Lian posing for their pictures at the Senior Ball.

Derick Falwell and his date dancing to the music of Flash in the Pants at the Junior Senior Prom.

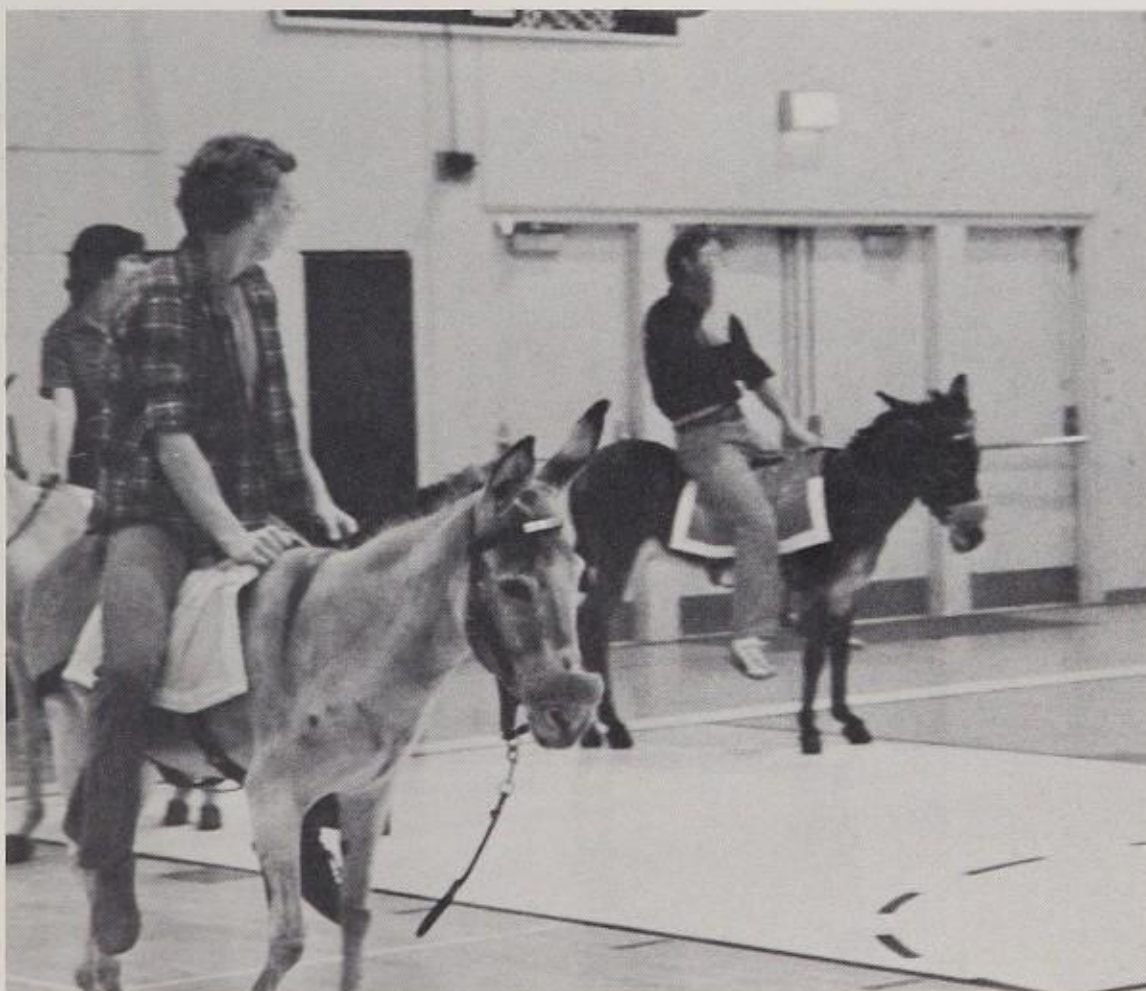

Activities, Activities, Activities

"If this dumb donkey would just budge one more inch I could reach the ball," two seniors admit in the scramble.

Look who just got creamed. Mark Shaw you should have stayed in bed this morning.

This game seems to be moving pretty slow. No one seems to know where the ball is even A.S.B. president J.B. Holston.

It was worth paying five dollars to see Mike Sullivan creamed. Thank you A.S.B.

This year Black Orpheus was proud to present its first large scale musical, *Bye Bye Birdie*. The play was under the direction of John Ledwon. Albert, played by Don Bernstein, tells Rosie, Jill Marino, he is going to give up his business, Almalou, and become an English teacher.

I do hereby promise to be loyal, courteous, steadfast and true to Conrad Birdie and the United States of America.

The MacAfee family finds out that they're going to be on the Ed Sullivan Show, and burst into song.

The teenagers engage in a "Telephone Hour" discussing Kim, Noreen Abdalla, getting pinned to Hugo, Bill Owens.

The Skin of Our Teeth

"Skin of our Teeth" is a parody of the human race. The story spans from the time of the first Ice Age, through the temptation of Adam, to the world wars. Throughout the play, one message appears, and that is that although there will always be the opposing forces of good and evil, man will somehow survive. The cast was: Wes Cox as the Announcer; Jess Borgeson as Mr. Fitzpatrick; Shelia Cwelinski as Sabina; Matt Chapa as Mr. Antrobus; Kerri Gordon as Mrs. Antrobus; Shelly Cowan as Gladys; Eric Greenfield as Henry; Adam Long as the Telegram boy; Sandi Westbrook as the Dinosaur; Sheri Patterson as the Mammoth; Sharon Mills as the Fortune Teller; Brian Humphrey as Bailey; Nick Cippolini as Tremayne; Linda Needham as Hester; and Lorraine Adams as Ivy. Comprising the Chorus of Voices were: Cal Liedtke, Jerry Cornick, Dave Adams, Tom Lian, Maureen Selvage, Donna Pitts, Claudette St. Romain, Laurie Birenbaum, and Tara Hoffman.
